BANGOR, MAINE, Apr. 10 1886

My dear Howard,

I am a little late
in sending you my congratulations, but
they are none the less sincere & hearty.
You deserved this promotion long ago
I ought to have had it. Thank God
tho you have it at last. And I am
sure tho yr ripening honors only find
you all the more humbly trusting in Him
who has spared you thro so many battles
& so many trials, to receive them. Life
is to most of us - if we get the light at
all - lux per tenebras. I have kept the
run of you thro the papers, & have rejoiced
in all the good things that have happened

happened to you, & sympathized with
you under yr burdens. I trust your
serenity grows with your years in spite
of the storms you may have to meet.

For myself - I have whitened somewhat
since we last met. The flying years will
ripen a man's hair, if they don't his brain.
My work is very constant, but not specially
hard - & for the most part is congenial.
The great comfort in it is tht after my
poor fashion I am yet working directly
as well as indirectly for the coming Kingdom.
Our students make good earnest preachers.
I so in helping to train them I feel tht
I am thro them preach'g in a good many
parishes. - Well, the Lord bless you, &
yr family. My family consists now of one
son, who is a grad of Bowdoin & is now
at home studying for the ministry. Mr Sewall
w'd join in kind remembrances - will, when she
knows of my writing. With the old time affection
Yr friend & classmate John S. Sewall

it - ready in a few weeks.
You will find some remem-
brances of Days at Elberfeld
in it. I hope you will like
the change to San Francisco,
but how tired Mrs. Howard
must be of changes. If she
has locally - strongly marked
in her phrenological develop-
ment, she must suffer from
this cause. There are promises
of spring with us and after
the long winter I am already
feeling restless to be out of
doors. Nothing would suit
me better, unless it - would
be a trip to England under right
circumstances. There is a stay in
the Rocky Mountains this coming
summer. I hope to get away from
here. With love to Mrs. Howard
believe me sincerely L. C. Holman.

My Dear Friend.

Your kind letter is be-
fore me and I have been
reminded several times
that I wanted to write you.
We always think of our friends
when we are in need of their
help and at present I
am wondering if you could
help me to a position for
George. I want him to go
away for the time being -
that is for a year at least -
and I have decided that
if will encourage me
by giving him a clerkship
I will let him go to San-
Francisco. He lives in the

hope of getting into the Army
and seems interested only
in the thing pertaining
to Army life. I do not care
to put him into business
where an outlay is involved
because I do not believe
he would put his whole
heart in the work and
unless one does there is
no success. I want him
to be away from me for a
while, if he can be under
the eye of some one inter-
ested in his welfare. He
is the most self-contained,
reserved and silent person
in your acquaintance, and
he would not talk you
socially. I would like

him to go West and remain
for a while at least. If
you could give him a clerk-
ship at headquarters I
would be ready to let him
go. In his work he would be
prompt and conscientious.

If he could go I would
then have a ready excuse
for going myself later on.
I should love to visit my
Brother who is at Fort Bayard,
New Mexico and also to see
the Yosemite.

Just now I am work-
ing very hard to get out a
book that should have been
ready a year or a half ago -
"A Norman Journalist -
Abroad" you will figure
in it and it will be

 Maj. Gen. O. O. Howard,
 United States Army

Yours of the 7th inst.
 is received. I enclose photograph of my brother as
 you request; and also letter written by Gen. Mc
 Clellan to my father, the year after the war. A sketch
 was prepared of my brother, and published; but I wish
 to prepare for preservation in the family a fuller record
 of his services. My brother was a small man in size; you
 may recognize the likeness. I am grateful for the
 kindness you have shown me in connection with the
 subject of our correspondence; and if you have time
 to "close our notes" anything you may send
 will be warmly appreciated.

With respect, believe me

Very truly yours,

M. A. Woodruff.

P.S.

Marshall, Michigan,

My dear Sir

I have just learned that you are engaged in preparing a family memoir of the services of your gallant-son, Lt. Geo. A. Woodruff. 1st U.S. Artillery. Two things would afford me greater satisfaction than to avail myself of the opportunity to express to you my sense of his merits and his services. I remember him perfectly well, for he often attracted my attention by his gallantry and zeal. The Officers of that Battery, Kirby's, while they served under me, were mere boys, fresh from the Academy. Yet I am free to say that no men of mature years and long experience served their guns with more chivalry, intelligence and effect than did these young men. From Fair Oaks to Antietam they were always engaged in the hottest of the battle, and their battery was second to none in the Army. Genl. Sumner attributed his success at Fair Oaks in a very great degree to the timely arrival of this battery, and the splendid manner in which it was served. I often had occasion to thank you son for

his conduct. I regarded him as one of the most
promising of our young officers, and I know that
he possessed the highest courage, science and honor.
More than once I recommended him for promotion -
wonder that I could now do so again instead of
paying this meek tribute to his memory. It must
be some little consolation to you, my dear Sir, to
know that even on that bloody, where he so gallant-
ly gave up his young life, no braver, truer, better
man died. The Country and the Army share
the loss equally with you.

Permit me, his first commander, to express my sincere
and heartfelt sympathy with your family in this great
affliction you have sustained, and to assure you
that none of his comrades grieved more sincerely
than I did when the news of his death reached
me.

Believe me, my dear Sir,
Very respectfully and Truly Yours
Geo. B. McClellan.

My dear General

Pardon the liberty I take in writing you about a matter that may be considered "none of my business".

But my partner & Geo Perkins says to me "you should ask Genl Howard to join the Simpson Memorial Church, I once went across the continent with him and we had a revival meeting all the way." So I wish as president of the Board of Trustees to invite you to join the Simpson Memorial M.E. Church situated at the corner of Hayes and Buchanan streets Rev Dr Jewell Pastor and as good a preacher and Christian gentleman as the State affords.

Our church is new and Bishop Fowler and family are members, an Episcopal Residence for the Pacific Coast is going up on Buchanan street two blocks from the church. All in all I think the happiness of all concerned would be much increased by the association herein proposed. Yours faithfully Chas Goodall,

Dear Sir: -

It is with
great pleasure that I
welcome you to this Coast.
I am glad to have you
here on personal accounts,
& for the sake of your
influence. There is no
part of the country where
it is more needed,
or where it will do more
good.

But I write now
especially to say that
I intend to call on you

as soon as I can after
you arrive to express in
person ~~my~~ regard for you
& to present a little request
from the faculty of our
Seminary - that you should
give an address at the
Anniversary, on the evening
of May 11. Our Seminary is
struggling amid great
difficulties - mainly on
account of the public
indifference to higher
things. The services will
be in a Church - probably
Dr. M'Leans. We can give
you a good audience.
There will be an opportunity
to do a good work. We
should desire ~~anything~~ for-
mal & elaborate, but prac-
tical, & such service I

know you can do easily &
effectively - as I remember
was the case, when I heard
you last at Scutari, Turkey.

There will be but
one graduate to speak,
as the other member of the
Senior year has been so
much kept out by sick-
ness that he decides to
remain another year.

But I do not
design this as ~~my~~ request,
but to present applications,
till I can call.

Yours with high esteem
Israel E. Cromell

My dear father;

I write for several reasons. First
to ask you to send me your address in San
Francisco. I have just received back a set
of drawings upon which I have worked
a long time. That finishes my drawings in
Shades & Shadows & Perspective with its shadows
as applied in the Arts. The drawings were
correct & accepted & passed. I am glad
because each subject finished is like being
wholly up are steps higher upon a ladder.

I have consented to teach a class of
young men in a Sunday School in West Troy.
I have given four addresses there & God's
spirit seemed with me - because 14 have
raised their hands to become christians
& nine have been admitted into the church.

3 4 5 6 8

Last Sunday evening - by special request -
I spoke at the village of Menands between
West Troy & Albany. It was in a country
school house - Ed's spirit was surely there
also & I was much benefited, & the audience
pressed me to hold another (rather lead another)
meeting next Sunday evening. My first duty is my
studies - but on Sunday I lose nothing by working
as Ed's tool - where I can - devotedly & cheerfully -
forgetting self. I have a nice letter from Madame
Chamvet from Europe France - she requests not to need
English - so as to need your life "How the Christian lives"
which you sent them. I must write again for
money for I am very much in need of some. I need for:
Books changed at bookstore \$10. For Outrigger underclothing \$25.
(I have gotten a new hat for \$2. & a pair of shoes for \$5.50). I must pay for two
months board to Mary L. for the boarding sisters will move then
that will need \$32. On May 3rd I must go on a tour in the
states of N.Y. & Vt. I must go to complete my Geology - about 40 of us must go
& no excuse (except sickness) will be received to remain back. 1/2 rates on
railroads & at hotels are received by the Institute. I enjoy Geology &
I shall enjoy this practice trip very much - 5 days & it will cost almost
\$20. I would also like to pay Mrs. Tupper for my room for April \$15.
hence what I would like if possible is $10 + 25 + 32 + 20 + 15 = \102 .
Please send me this if you can - if not I will have to put off my clothing & my book bill
& if you can perhaps send me 67 dollars. I am sorry I need the money
now that you are moving - perhaps you can get on much for me. I use some
for extra expenses in my expenses at Troy now - a day especially.
I hope to hear from you in San Francisco - with much love to you
& to all from Sammie

Dear Sir: By direction of the executive committee named above I have the honor to tender you a most cordial invitation to be present and participate in a grand reunion and G. A. R. Campfire to be held in this city on Wednesday, June 2^d as a part of the festival exercises at the opening of the new city hall—a building which will seat an audience of 5000. The date has been fixed especially to suit the convenience of Gen. W. T. Sherman, who expressed an earnest desire to be present, the object of the entire festival—that of increasing a fund for erecting a monument to the Union soldiers and sailors of Indiana—being one in which he is in very hearty sympathy. It is probable that Gen. Phil Sheridan and John A. Logan will also be present. Among the thousands of Indiana veterans who honor your name and have not forgotten your gallant services to the nation's cause there is a very strong desire that you should be present. They want to see you and hear your voice once more. Will you not endeavor to accept our invitation, and thus aid in promoting an object with which I know you are in full sympathy.

Have the honor to be, Sir, yours respectfully, Joseph E. Cobb
