Dear General,

I had determined not
to mention quarters again,
and I would not now add
one word to worry you for a
moment. But I note that
the transfer order does not
apply to me, & need not
affect me unless you so
desire. On the other hand,
with your assent, the War

me to live here will stand
without any inconvenience

Dear Sir:-

In constructing our telegraph lines on this Coast, we are to lay a cable from this City to Oakland. - Instead of making this connection by a single cable, we would like to land on the west shore of Yerba Buena Island, string our wires upon poles across the Island, and thence connect by a second cable at the end of the Central Pacific Railway Company's long wharf.

Such connection has already been made across the Island by a telephone Co. We respectfully ask a similar privilege, subject to such restriction, if any shall be necessary, as you may deem necessary. -

I have the honor to acknowledge the receipt of your letter of the 19th inst. in relation to the proposed cable from this city to Oakland. In consideration of the fact that the route of the proposed cable is not a direct one, and that the same would be subject to the same objections as the cable from this city to Oakland, I am unable to recommend the same. I am, however, glad to hear that the proposed cable from this city to Oakland is being considered, and I trust that it will be successful. I am, Sir, very respectfully,

Dear Sir

I am informed that you are a Christian gentleman and I too belong to the Christian family. it has been said by many that true Christians have no fear of each other but just at this period I cannot bear witness exactly to that fact however if I in writing you thus wrong or offend you I ask all pardon for you are the only one that I have any idea that can do any thing to comfort me now. and if you have never favored a stranger heretofore I pray you will let not one word of my letter pass you unnoticed. Dear Sir:

I am writing a History of the Recon-
struction of the Late Insurrectionary States,
1861-1865, and having reached, after years
of hard study and reading, that part of
the History which is to deal with the ope-
rations of the Freedman's Bureau, I halt
to ask you a few questions.

Yours

You were good enough to loan me some of your private papers when I was writing my History of the Negro Race in America, and I made such use of them as the character of the work required. I am now engaged upon a work in which every act of yours as Commissioner of the Bureau will be judicially and minutely dealt with. Would you be kind enough to loan me, for a few months, all your official papers and such other data as may be in your possession and that would be germane to this Historical inquiry; and would you suggest the number of such Congressional or Executive

-entive Documents as contain reports of the work accomplished by the agents of the Bureau? I have read with great interest and approbation your article in the New Princeton Review on The Freedman During the War.

I have completed my History of Negro Troops in the War of the Rebellion, 1861-1865; Preceded by a Review of the Military Services of Negro Troops in Ancient and Modern Times; and it is now in the press of the Harper & Bros.

I hope you will find it convenient to give my requests early and favorable consideration because I am in the midst of that part of my History
in

in which the Freedman's Bureau comes chronologically. I have not seen you since your promotion: and you will permit me, at this late day, to tender the sincerest congratulations of an old friend.

I am not living in Boston now during the Winters; but ^{residing here} in Washington, living ^{near the University,} and enjoying the preaching services of President Patton, and ^{prayer meetings at the College on Thursday evening.}
