Dear Sir: Your favor of the seventh of January is at hand, and we see that you quite understand our plan in regard to the article on the March to the Sea. It would give us much pleasure to have offered you greater space, but in this matter we are not our own masters, and we must therefore beg of you to make every sentence and every word count in picturesque and point. We think you would be very much aided in this by using sub-titles, not for publication but for the purpose of assisting you in concentrating your fire.

With thanks for your cooperation,  
Very sincerely yours,  
Rice Johnson,  
Associate Editor.

Dear Gen.

You have forgotten one and by way of introduction I will give you a brief history of myself.

self in Long Island of Mitchell

of the war ordered to journey 
to Texas where I served 
under such circumstances 
from the first to the last, and 
when finally discharged returned 
& worked at, graduated as 
house surgeon and returned to 
my native village where I 
have established an establishment 
as you will see by enclosed 
circular. I want the 
favor of your name as 
reference. It was accord-

for by persons who are 

Young Old friend,

San Quentin, Jan. 9, 1887

My dear Senor,

I thought it would be gratifying to you to learn that what you said on Thursday was not as water spilt upon the ground; but only have I heard of the genuine satisfaction felt by those who heard it. This morning I received a note from a prisoner, who is to leave next month. He says that your remarks have led him to realize a different and a better life in the future. He was raised by Christian parents, but was himself once a member of the Methodist Church, but fell through whiskey. May the grace of God help him to return to the Lord with deep penitence and faith. All of the Christian prisoners were greatly cheered by your remarks. I hope that before many months pass, they may hear from you again.
I am a week away from Sunday (the 30th) and had a storm during the day. I shall try to be present at your Bible Class of tomorrow myself in any case, much pleased with the first part.

With kind regards, I am family to you at your home. I am your Brother in Christ.

Major General Howard,

Dear Sir,

I presume it would be rather more business-like if I presented a statement of account at the first of the month. I find from any books that I have not sent in one since the 26th of November last, so that up to date I am entitled to the sum of $20, which I hope for your sake, don’t lose one tenth as large to you as it does to me! My exchange (or perhaps pur would be the more appropriate term), is as purchased and thence for the irrigating corn on the San Joaquin Valley is for the liquid wealth which has been so constantly bothering me to-day and which may prove a disappointment by tomorrow.
I recently took a house
and gone to house-keeping
which accounts for the remark
all evaporation in my finances
just alluded to. So my dear
General if you can conveniently
send me a check it will be
unusually acceptable just at
this time to

Yours most respectfully

By the way, General, please excuse this
going into it; it is all I know at least, or
I would only raise it in the "Artillery"
branch of my correspondence.

Major Gen. E.O. Howard:

Dear Sir:

The Medical Department of the University hearing your name intends to adopt a miniaturization card for the coming commencement, bearing at the head a medal likeness of your likeness which was designed from an old photograph representing you, and keeping in the office of the Surgeon-in-Chief, Dr. Pressly. In order to get your expression of countenance exactly, so that the likeness may be recognized by everyone who knows you now at a more advanced age, it is desired to obtain a photograph of you as you look at present, for the use of the designer. As chairman of the committee on printing Class of '87, Med. Dept., I request that you will kindly send such a photograph, if you have one, to my address without the least possible delay. By so doing you will greatly oblige the Class and the Committee.
Very respectfully,

Your obedient servant,

A.B.E. Clement,

Office Secretary of War.

If you do desire, the photograph can be returned to you.

Dear General

I take the liberty to write you to learn where I can get your article on the Atlanta Campaign. I understand it was published in the United Service Magazine last August. I registered 4 to that magazine but as yet have failed to receive a single copy. I have written them several times about it and received but one reply saying they would send me the magazine at once but they failed to do so. Can you tell one of any other place to get the article I would like.
May much thanks to you &
