The American Peace Society, Organized A. D. 1828.

TO THE PEACE SOCIETIES OF EUROPE;

GREETING:

In pursuance of our duty, and moved by rumors and threats of *war*, which the almost daily increase of national armaments originate and augment, we, in common with other peace-loving Americans, venture to address you as in sympathy with us in endeavors to avert its impending calamities.

Recent history affords so many examples of successful international arbitration as to strengthen our belief and hope that resort may be had to it, not only in present emergencies, but permanently, as an inexpensive and bloodless method of settling national quarrels. This hope has impelled us to address our own Government through a multitude of petitions, each numerously signed, praying it to enter into negotiations with other Governments in order to constitute a permanent International Court of Arbitration; and, till that be secured, to put an Arbitration Clause in every treaty. The Congress of the United States has thus far responded favorably.

Will you allow us to suggest and urge that each of your Societies memorialize your own Governments, and indeed all Governments under which Peace Societies do not exist, to attempt arbitration if negotiation fails to secure peace.

Every preparation for war on the part of any Government is seized upon by its neighbors as a pretext to enormously increase their own armaments, and thus augment taxation and debt. This has gone on till some nations are, even in peace, on the verge of bankruptcy. The irksome idleness and frightful cost of vast armies; the increasing expense incident to the introduction of the latest military inventions; the self-confidence born of such immense preparations, with the natural desire to employ them; all urge to war. If there be no sufficient pretext, Governments are tempted to invent one.

Delays are dangerous. A single diplomatic misunderstanding or alleged insult; some inadvertence upon the frontier or the high seas which may be construed as dishonoring a flag, or outraging a citizen, may precipitate a war, the limits, cost, suffering and wrongs of which the wisest cannot estimate.

It seems our duty as a Society organized for the promotion of Peace, earnestly and at once by every means in our power, to protest against the warlike attitude of Christendom, as a causeless and unreasonable jeopardizing of the peace of the world, and with it all the highest and best interests of mankind. You will undoubtedly unite with us and kindred Societies in this earnest protest, and also in a persistent and perpetual effort to secure practical and governmental expression to that sentiment of international concord, which exists in the hearts of the best subjects and citizens of all countries.

With High Respect and Earnest Sympathy,

EDWARD S. TOBEY, *President.*

ROWLAND B. HOWARD, *Secretary.*

Utica, Feb. 17-20, 1887.
Feb 19 (Sat.)

It may at first seem strange
to receive a letter from me here.
I will explain. On my return
from Andover the first week in
Feb. I found a message from
Mr. J. A. Hall to please go to
the Y. M. C. A. convention
at its session. I assumed
that I would if my studies
permitted. Last Thursday
I found that I had no recitations
on Friday afternoon, moreover
that my hotel expenses
would be paid. I therefore left
Troy Friday morn., brought
some books with me. There
are here ~~at~~ more than 600

delegates. I enclose a
programme. The interest is
complete, impetus is given
to the work, Energy accumu-
lates here & is carried to
Every city & town in
my State. Mr. Hull is here
He appears well & is still
very active. Winter is under
very deep snow - but it seems
to be a homelike city of
homes. I would that more
of our cities were "cities of
homes". Tom is well, and
the very character of its
young people is affected
very much by it.
I am well indeed, My
studies are hard, But
God granting me health.

of body & brain I will per-
sist the course, my
class is much discon-
sented. With a few addi-
tions from else where
in the U.S. we have now
about 21 members who
will graduate.

Adelheid is well & happy.
She had hoped a little
to go to her mother's
this summer. But
so many invitations
come to her that she
will probably remain
here this summer.

I have not yet arranged
for my summer. But
I think I see one or two
openings which will be
good for me this sum-
mer. Perhaps I can
earn my way home
of back - "mons. nervous".

Please keep in mind my
prospective opening
in business, which you may
hear of or meet with. For
when I graduate in June
1888, I would like to at-
tain work as soon as
practically possible.

I am putting my time
now on my studies - with

now & then a very little out-
side work, - a visit now &
then at a friend's house -
Sometimes I write or
short report or article for
a news paper. Once
in a while I am offered
other means of earning a
little money. I have
earned since last September
between one & two hundred
dollars. Speaking of money
makes me think that I had
intended to write you at my
first opportunity asking
for some money, if you

can spare some for me.
Last week I paid my tuition
for the summer term -
until June 14th I have
also paid all my bills
except for some books. I
will soon again have
to pay board, ^{books} room, etc.
Can you send me \$68.
as soon as possible con-
venient. I have but \$10.
on hand and I must not
set out of money - for I must
not have any bills.
I am well. To-morrow eve-
ing I am to address the Con-
vention upon a subject which
is important, namely, "The
proper preparation for pro-
fession of importance"

With love to all

Maj. General O. O. Howard;

On behalf of the
Chautauqua Literary + Scientific
Association of California, I have the honor
to convey to you the invitation of its
Executive Committee, of which I am a
member, to address the Summer
Assembly to be held at Pacific
Grove near Monterey the coming
summer. The Assembly convenes
the last week of June and continues
ten days in session.

I regret that by necessary absence

from San Jose for three or four days,
I am deprived of the pleasure of
listening to your address on behalf
of the Young Mens Christian Association,
and of the opportunity to convey this
invitation in person.

The Executive Committee meet
on Wednesday the 23 to arrange the
programme, and an early reply
is desired.

I regret that our organization
can offer no pecuniary inducement
except "expenses of board, and travel
paid, for the speakers and their wives".

As a Congregationalist, and one
warmly interested in the work of the
Young Mens Christian Association,
permit me to express my thankfulness
that the soldier whom our nation

delights to honor, is enrolled with the
Christian workers of the Pacific
Coast.

Hoping for an early reply I
am with high respect,

Very Truly Yours,

My dear General,

As the present storm will make the grounds at the Presidio unfit for the proposed parade of tomorrow, if agreeable to your good self, I will countermand my orders to the 2nd brigade. If there was any probability of a let up in the rain I would suggest a review on Van Ness Avenue (by my brigade) but as the men have no overcoats I do not like to take the risk and responsibility of ordering them out except in case of urgent necessity.

My dear Sir

I write
to you in regards to some fence
ing and wood destroyed by the
Soldiers of the Union Army under
your command when encamped
on my fathers place. - I have
often heard my father say that
the only loss that he suffered
from the soldiers was a lot of
fencing, some few sheep and the
breaking of a pump. - Now
as I was too young to remem-
ber anything about the matter
and my father being now dead,
I write to you to know if you
remember anything about

the destruction of said
th. As my representative
in Congress, Mr Compton told
me that if I could establish
my claims, he would present
the same to Congress. - This
is a small matter, but if I
prove that this property was
destroyed, and could be compensated
for it, it would be the means
of helping me to pay of a
small debt on the farm that
my father left behind (Security debt)
Believing that you a friend of

will aid me as far as you
are able.
