Dear General,

This will be presented by J. W. Henderson, after this day, who intends passing a few days in San Francisco. As I am aware that you are always glad to know representative citizens within the boundaries of your jurisdiction, and as I am sure that he will be most happy to make your personal acquaintance, it affords pleasure to bring you this gentleman together.

Mr. Henderson is President of Humboldt County Bank, and for many years one of our prominent business men. He is also what will not lower him in your estimation — time to the flag.

Dear Sir:-

We are in receipt of data furnished by yourself, through Col. Morrison, the very able and efficient secretary of Mr. Bancroft, for which we desire to return thanks. The sketch you have furnished will be of very great service as an outline of important events, especially in connection with Indian affairs.

Your intimate connection with the military affairs of the Coast, as commander of this department, for much of the time during the past fifteen years, and especially the part you have taken in matters relating to the Indian tribes of the West, has not only made you an important part of this phase of the history of the Coast, but has placed you in a position to understand better than any one else all the history, both open and secret, of the numerous Indian wars that have occurred during this time, and all the perplexing details of the relations of the two races here on the Coast. Your willing and hearty co-operation is therefore not only very gratifying to us but will be of most material assistance in the successful completion of the great enterprise in which we are engaged.
San Francisco, April 4, 1887

Dear Sir:

We are in receipt of your communication of yesterday, expressing your earnest and efficient interest in the movement for the completion of the Panhandle Railroad. The reports you have furnished will be of very great service as an outline of its present status, especially in connection with the military affairs of the Department of the Interior.

Your interest in connection with the military affairs of the border states is well known, and especially the part you have taken in favor of the INDIAN FARM, which is an important part of the present of the Indian, and one which I believe you in a position to understand better than any other man of the Pacific Coast. It is a matter of great importance that the INDIAN FARM should have additional title and control, and if the farming operation is properly conducted, not only will the INDIAN FARM be a source of benefit to the INDIAN, but will also serve as an example for the future. Your cooperation in the furtherance of the INDIAN FARM will be of great importance to the INDIAN and to the government.

I trust we shall be very glad to do all in our power to assist in the success of the matter.

Very truly yours,

Dear Sir,

With regard to Banclay Henley's answer to your last letter, I think it was very curt, almost bordering on contempt. He does not feel justifiable in giving any light upon the subject, but as Henley is a townsmen of this city, Bobber, Frank, H. Sweet, he might not object to taking his share of the plunder that they both helped people out of. I have worked so hard trying to make my living, without any means to help myself, that I have got the Rhuma. I'm so bad I am
I am not able to do anything now, and I am getting almost discouraged, and any advise or instructions what I can do will be thankfully received, and if I can get my just due, your services will be liberally rewarded. I would like to know what Henley did with that statement you sent him.

Very respectfully yours,

Chas Howard

And I am of the opinion that one was this Henley one of the others. I think the Sheriff if it was it was the onley time that I saw the Sheriff while I was in jail. The Sheriff's name is Dock Stanley, and often the collector sold my property and some of the people got up a subscription paper to aid me in getting my rights, this Stanley said he did not care any thing about giving me a dollar but did not want his name on the subscription list. When those three men was in the jail I asked them if they belonged in that vicinity and instead of giving me an answer they ran out of the jail laughing just like a lot of hoodlums that had got some one into a tight place. If they had been men of any principle would have given me a civil answer. But I think they belong to that gang of thieves and murderers that has infested that section of country since Cal. was settled.

My dear good friends,

Our last visit Papa brought home with him and I will answer for myself that I did arrive last Friday, I learned from Mrs. Mason for any signs of The family but so far as I could see not a soul was there. I shall go over without leaving a note as I can. Give my love to Mrs. Howard—I am so sorry I did not come before leaving home. I was so sorry missing to letting my little family before
left. But I could not get over to Vancouver. Then one day Grace came over to the city and left a note at the office that she would be at the Kalamoo with the children until 6 o'clock but I did not get the word until half past one so had to make it post haste to get down there to see her. I was very much disappointed. Hoping to see you all soon. I remain as always with love your friend

Dear Sir:

Having had presented to me by a friend who had, in memory of his soldier days, collected them, a large lot of autographic MSS. of the Union generals and officers of the late war, I was led to make an effort towards completing the collection with the purpose of subsequent binding in folios and preservation as a personal manuscript memorial of the exciting times of ‘61—65,’ recognizing the historical value for the future of such a collection. Would you have the kindness to send me a copy, or an original, of one of your army orders, or a letter containing some facts in your military record, such for instance, as the date of your entrance into the service, dates of your commissions, etc., etc.; making as full a sketch as you conveniently can, and sign the same with your rank in the army?

Assuring you that I should sincerely appreciate the favor you would thus bestow.

I am, very truly yours,

Geil Howard,
My dear Sir,
I deposited the within check at the Union Bank yesterday and today they have asked me to withdraw it, as it bears date April 22d, a mistake, I suppose, for "2d". Will you kindly replace it with a check of the date of the 2d?

Yours truly,

April 6th 1866,

Genl O. O. Howard,

General—

To whom it may concern,

During the war, known you as a good Christian man, as well as a good officer and soldier. Having our friends here I appeal to you. I am a poor beggar. I need help but will give value received. I have had allowed me by the Treasury Dept. on account of services rendered during the war. $294. I do not know how this amount was made. It cannot be paid because the Congress has not appropriated.

I came here from Oregon City, Oregon. Thinking I could sell my claims and that
The change of climate made me sick - I have for over 2 years past been laid up on account of scrofula and during the war I have a wife and eight children - mostly small girls - I am without means - If I can get any claim I can get foreign and eventually get abroad - I know a pension but have had to for want of it.

My hopes from 2nd Auditor explain my claim - I can give references here - I have letters from the late Gen'l Logan rescue me - with this one I cannot get a cent on my claim.
and my family and myself are in want. If you can help me in the matter I wish you could. I am a member in good standing of Lincoln Park No. 4, Portland Or. A.D.

I served four years as a volunteer from Illinois. I was shot in battle six times.

Only a soldier can feel for me if you, Deputy General you can get some man who has a feeling for a Union Man who will buy my claim. I am broke or ruined some how and great need

Respectfully Yours in H.C.

J.R. Frieden
I am just writing to ask you if you could possibly come over for dinner on Friday night. I know you said you were busy, but I really need your help with some things. Please let me know if you are available. Thank you.

Dear Sir,

The letter of introduction you kindly gave me to Capt. P.W. Phillips of the lighthouse department for a position as assistant lighthouse keeper, was presented to him, with letters of recommendation from prominent merchants of this city, all of which were very satisfactory, but at present there is no vacancies in that line. I have now been out of employment for a long time and having a family to support causes me much anxiety. I then devoted the
much of time, seeking something to do but thus far there been unsuccessful. Having served as an officer in the Navy during the war, and honorably discharged, I feel that I am entitled to some position in the Government service, under the circumstances I have taken the liberty to address you in the matter I may respectfully ask for your influence. I will except any position that I can support my family, hoping in due time a favorable reply.

I am Sir Very Respectfully yours,

Dear Sir,

I addressed a letter to you some time ago, asking you to use your influence to procure employment for me in the department to which you were kind enough to reply personally, but at that time could not give...
Please excuse me for again troubling you on this matter but the fact is my case is desperate. I am here with my wife and four children and can get no employment of any kind. I am a total stranger here, don’t know of one to whom to apply to assist me in procuring employment so on the strength of a clean record of nearly five years service in the army I again come to you to ask you to assist me in procuring employment as janitor, Porter.

My dear General:

Sunday, May 8th., has been set apart as a day of prayer throughout the State and we are to make a sort of a field day throughout the city. We want to enter every Church, if possible, with a special service. I have thought of Dr. Sprecher’s in the evening and Dr. Mackenzie’s in the morning, that is, if we can arrange it, and you and I to take the service. All I ask in this is that you would be kind enough to reserve that day for the Association as we are going to try to make it a red letter day throughout the city.

Cordially and always yours,

My dear Homer,

Your very kind letter of 31 ult. came duly to hand. It is always a delight to me to see any words written by your hand on these come from you. I am here yet, but hoping to get away this month. I am working on my brother John's house and other movements. My folks are delighted with Arizona. Now says she feels 10 or 15 years younger. Polly says she would be perfectly happy if she had "dear old Arizona." That is the dog. The burgoner gave a bouquet the other night and I sent you the reply. Give my love to all your folks. Annie is justakin must not prejudice you in regard thereto for she is a regular champion of the General as a staunch herfudder anyhod.
