Dear Brother

You have already received notice of your appointment as a member of the Entertainment Committee in connection with the 27th International Convention to be held in this City, May 11-16. The first meeting of the Committee will be held in the Parlors of the Association

on Monday next April 11th at
3 o'clock punctually.

It is very desirable that every member
of the Committee be present at the above
hour. Unless something of unusual
importance detain's you we shall
certainly expect to see you present.

Very sincerely yours
H. J. McCoy
Chairman.

Dear Sir - I have recently read in one of the local papers that - you would be at Madera, in this county, early in May, to meet and accompany a body of soldiers on their way to Yosemite Valley. If this is correct, I thought it might be possible for you to come down on the evening of the day you came to Madera and give us a lecture in the Opera House of our city. We would be greatly delighted to have you come and could fill the Opera house with an appreciation audience. I do

a town full of young men, of whom ~~about~~ nearly 100 are connected with our association. We should try to persuade you to visit us anyway, if we didn't need money; but the possibility of ^{our} making something out of your visit may be an inducement for you to come. You could come down from Madera on the 5:40 P.M. train, and return at 9 A.M. next morning, provided your duties require so early a return.

If you may find it possible to visit us, I remain

Yours Respectfully
J. L. McChilland
President Y. M. C. A. of Fresno

Not - suppose you are "in the
lecture field", and I am aware
that - if you did this, it - would
be out - of regard for the
Y. M. C. A. in which you are
interested. However, I think your
visit - would be so profitable to
us that - we could afford to pay
you whatever you thought - was
right - in addition to all expenses,
and still retain sufficient - to
enable us to purchase quite a
number of books for our library.
Any money we can raise by
lectures will be devoted to the es-
tablishment - and maintenance
of a library in connection with
our work. We are a young
association, only organized about
seven months ago; but - we
have a good field, and have
made a good start. We have

Dear Sir

Our Teacher, Miss
Carrie Hunt, has written me of your
courtesy toward her and of your valuable
aid in obtaining for her an opportunity
to speak at Dr. Barnard's Church.

We are very grateful indeed for
your kindness and help. I should not
have thought of sending any but a
self-collected and self-respecting lady
to represent us upon the Pacific Coast,
but her walk ^{would} ~~must~~ be trying for
the best balanced woman in the
world, and ^{for this reason} all attentions given to her
arouse our liveliest gratitude.

I am glad to have for a fellow
occupant of this office your brother,
Mr. R. B. Howard, whom we all respect

and love for his many good qualities.
He has just left us ^{for his home} with a very
good night.

Again thanking you for your good
words regarding the Northwest Com. and

Dear Friend,

I have a small party of friends from the East, spending a few days in the city and I write to ask if I might trouble you for the favor of a pass for them that I might take them to Angel Island. There will be 8 persons altogether. I hope I am not asking for too much, but I am very desirous showing these friends the beauties of this favored land of ours.

We would like to go on Thursday of this week.

Thanking you for many past kindnesses. I am,

My dear General:

I am very anxious that you should call with me to see Gov. Stanford at his office some morning between half past ten and half past eleven. I have arrangements with one of the officials down there to notify me when he can be found in his office, and I will call for you some morning to run out with me about half an hour. I feel almost sure we could get a liberal contribution from the Governor if you and I could see him, and it seems absolutely necessary that something be done in this direction. Mr. Hawley is away and Mr. Gibbs' being in Europe makes the financial part very heavy on myself, and these are men who could get money out of prominent men better than any one else; hence, you can see the importance of my having you to go with me. I know you are busy and I dislike to trouble you, but I know of no one who would be more suitable to go with me to see Governor Stanford than yourself. I may not call before the first of next week, Monday or Tuesday. Hoping you will favor me, I remain,

Dear Friend

Dr. L.B. Hartt
Ex Chaplain U. S. Army
delivered his lecture on the
Battle of Gettysburg last Monday
evening which was very interesting
indeed. I send you by this
mail papers containing notice
of the lecture (also of your
own which you will excuse
me for not attending to before)
Dr Hartt is about to enter the field
and give this lecture in connection
with Temperance work in which
he has been engaged I thought perhaps
it would be well to begin at the Prisoner
which suggestion pleased him very much
he is very anxious to do all the good
he can in lifting up young men. His plan
is to get ~~two~~ on these good pictures and maps
made to illustrate the lecture and to show
the different positions of the two armies
at various times during the battle etc.
I do not know what is customary at the barracks
or that they need anything like this. but the
way he lectures carrying Temperance along
with it is calculated to have a very good
effect upon his hearers I wished you
would write him at State Creek
Milton P.O. Calaveras Co. Cal. He would
be very glad to come down and it would
help him in his future work. ^{His object is not a pecuniary one altogether} Hope this will find
you in the best of health. Yours truly E.C. Tilbert.

My dear Father

Your welcome check
came yesterday. I have
paid for my board & room
& books up to April 1st.

I owe now but two things.
A little to the wash woman
& a little to the doctor.

I shall pay these & then
I will have a little left
over. I shall carefully
keep this to help pay
my board & room for
April. I expect to
have my last summer
clothing repaired & hence
I will need to buy no
new suit of clothes - until
at least well into the summer.

My studies are at present.

Practical machine construction plans & the drawing the plans. (Very long lessons - the whole subject must be gone over thoroughly in 3 weeks) Blow pipe analysis. I am now working on the minerals ores and rocks.

My recitations are from 10 to 11½ & from 3 to 5.

I am not taking geology with my class because I finished that last year. This gives me about two hours extra time every day - hence I have more time to put on machine drawings.

Two letters from John

have come. I have nothing to advise. It is easy to enter this school but exceedingly difficult to retain ones place & graduate - about 1/5 of those who enter graduate. Fully 1/2 the students here are simply taking partial courses.

If John comes here he must become a candidate for full work - Because all the "specials" are back sliders (a few exceptions) who are retained because they pay full tuition & help support the Institute.

There is no endowment here. The school earns its way. Morals are exceedingly low in my - worse than any city in Europe

I will advise him what to
study & do. He will
be glad to feel that he has at
least entered here. I have also
told him that whatever he
can learn before coming here
~~and~~ of those things not
taught here will help his
general education very much.
And the better general &
liberal education one has
the easier it will be to
succeed in his professional
education. The easier will
his daily & nightly study
be here, when one has
learned to study.

As to room & board &
companions - I will
help him pleasantly &
profitably, if you (& he)
should decide to send
him here. Do you

you can write me, & send the report as I have said with love to all general

Know when you may possibly
get to Chicago or New
York. It is probable that it
would be before June 1890 or
June 1891. When John would
graduate. They seems far
away from S.F. But
perhaps it will finally
induce John to send him
here. I can help him
much. If he is ever coming
here, be sure to send him
to enter next September 14.
You will have to impress upon
him the need of extreme
economy & a careful account
of money spent - also to not fear
neither combat the insolence
of many of our disgraceful &
dissipated students. Here each
one makes his own record, respon-
sible to God & his sense of duty.
I hope John may ever finish and

examinations so he may not have to do with you & them

Monsieur et cher Général,

Vous m'avez dit, il y a quelque temps, que vous vous proposiez vous et votre chère fille d'étudier le Français, et que vous me confieriez cette étude vers le mois de Mai.

Il me serait très agréable d'apprendre que vous êtes toujours dans l'intention de commencer ces leçons le mois prochain, et j'aurais un véritable plaisir à donner à Mademoiselle Howard et à vous quelques heures de Français.

Les nombreuses élèves que j'ai eu l'avantage d'enseigner se dispersent un peu partout.

Dear General Howard -
366 Your last letter
was so very kind
that I thought I must
write for my father,
that I had been very
impatient of the delay
in answering it. I can-
not wonder that the
situation of my father's
life

Wishes. Evening. My pottery is, mean to do
only the rough - but this is the great -
the end - to run - those who are working
for the night - will be guided. But may
I make straight & tham at last - do you
but help dear brother - to help up
with & with & with of the curtain
the good father is the prayer for him

should help you - It
is indeed bad & strange,
as we do it - but - it - will
be worked out - one day.
Nothing but divine power
can straighten. What
sums to crossed &
tangled. But - the divine
power, is all good,
& surely it - will be done.
I must ask you to be
wise, General Howard,
that - all who most -
