My dear General -

I find I have a
chance of sending letters out of
the woods today & want to let
you know of my existence &
that my thoughts often go you-
ward - We left Big Timber on
July the first & have been on
the march most of the time
since & are at present encamped
in one of the wildest & most
beautiful mountain spots I have
ever pitched my tent - a mag-
nificent view over a beautiful
valley shut in ^{by} densely wooded
hills & beyond the rocky crags

[Faint, illegible handwriting on aged, yellowed paper. The text is mirrored across the page, suggesting it is a scan of a folded document. A small red mark is visible near the top center.]

of Mountains whose snow capped
peaks loom themselves far up
in the blue sky - Our tent
is on the banks of a rushing
Mt. stream, that makes music
to my ear as it tumbles &
rolls by over rocks & boulders in
its eager gladness at having es-
caped from the dark caverns
of the Mt. side, - and sparkles
& ripples in the sunshine, as
it hastens on, in its mad career
to join hands with sister streams
& lose itself in the vast ocean,
and tells us to make our lives
bright & happy in selfforgetfulness
as we journey on & join hands
with those we love & lose our-
selves in the vast ocean of
God's Love -

[Faint, illegible handwriting, likely bleed-through from the reverse side of the page.]

Have not found much game
thus far - as it is too early in
the season - My friend Mr. Cloplin
had a shot at a bear yesterday
& I killed a deer -

Mr C. returns to New York the
first of Aug. but I shall remain
in the Mts, until October unless
I find it too tiresome - with only
my guide & the bears for com-
pany - I wish so much you
^{were} here. I often think your many
acts of kindness during the winter
& the kind friends I met in
San Francisco & for every kind
word & thoughtful act, your loving
hearts sent me - word - may
God restore unto you a thousand
fold is the prayer of -
Your true friend

My dear Mr. Anderson -
I have a letter -
from Mr. Anderson at New York the
first of Dec. but I shall remain
in the city until October 1st
I am at the moment - with only
myself & the boys for company
I shall be in the city for
some time after that you may
out of business during the winter
& at that point I want to
go to the city for a few days
and I thought I would give you
some news - one - and - in my
last letter I told you of the

My Dear General

Have just
returned to A.T. with my
friend McClafflin after a
months hunt in the Bear-
foot Mts of Montana.

The game has not been
numerous we have had
a very pleasant trip.
Killing what deer we
needed for meat &c.
My friend John, killed
a very large Grizzly - I
had a shot & wounded another
badly but lost him in
the brush.

My friend has just
taken the cars for New York

but I have decided to
remain in the woods
until the 1st of Oct.
Am at present getting
ready my outfit & hope
to "pull out" tomorrow for
the Grey Bull Mts. of Wyoming
Will take only one man
with me "Curly" Rogers
who has been acting in
the capacity of Guide
for us the past month,
& a train of four pack
horses & three saddle horses.
Expect to find it very
lonesome at first, But
hope to make it a task
time of noble effort to
rise above that which is
only of Earth & get much
nearer Heaven, & to find
the true comfort & hap-

piness that is sure to
be found in following your
advice of "opening my
mind & heart to its fullest
capacity for Christ's spirit."

Have rec'd your two
letters of June 25 & 27, many
thanks. Your letters do
me a world of good and
hope during the next two
months of my sojourn in
"the Wilderness" to be en-
couraged & strengthened
by frequently hearing from
you.

I want to ask
a favor of you - I have
just rec'd a letter from
my brother George enclosing
a note from the A. P. R. B. C.
that I send you - Am
greatly surprised - The

I think, it is very good
of him, almost too good.
Miss Fittie is not feeling
well these last days and
say, she is afraid, her old
rhum is coming on again.
I hope, she is mistaken.
I was very much interested
in your opinion about
revivals. I am sorry to
say, that I cannot quite
share it, as to the results
of them, for I have seen
so many cases contrary
to the result, which you
expect from such meet-
ings. However, the revival
at Andover was the only
one I have ever seen, and

Dear Herr General:

Now and then I summon
up enough energy during
these hot days to do some-
thing, and this morning I
will devote my time to
letter writing.

Olis and Helen have just
started on their journey back
to Denver. We are all sorry to
have them go, they are both
such good company, and
we had such nice times
together.

Grandma is very well and

active and never tires tell
ing about her stay with
you in San Francisco. She
had a new silk dress made
this week and enjoys it as
much, as a young lady only
could. She is as wonderful an
old lady as Grossmutter.
Grossmutter has not been
well for the last weeks, but
yesterday I heard from her,
and she said, that Grossmutter
her was out of bed and better.
I am so happy about it.
Next Sunday will be her 90.
birthday. I hope, she may be
spared to us many years
yet.
Hedwig is at home now for the

summer months, but she
is going back to Leipzig in
October.

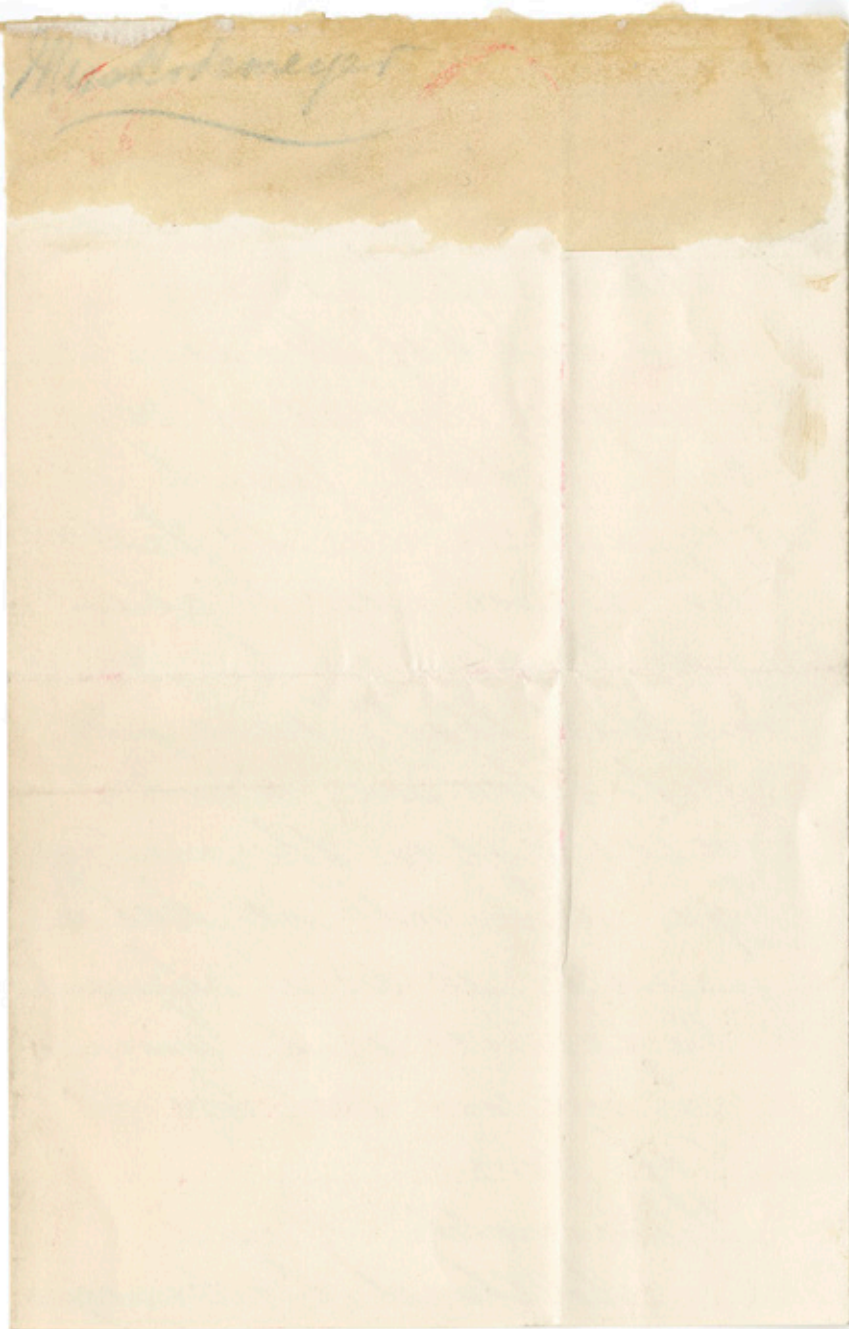

Next week I expect to go East,
to visit some friends in
London N. H., and Fannie
and I are, perhaps, going to
stay a few days with Mrs
Hayard in Westchester. She
invited us to come and see
her.

I have had lovely vacations
so far and feel quite ready
for another year's work.
Fannie too is greatly aided,
though, of course, not as
much as he would, had
he not undertaken this
work for Robert Anderson.

new to me, that it will
take some time to get used
to them, if I can.

I read most of Madame
Guyon and enjoyed it very
much. I shall finish it
after my return to Sweden.
John must now be about
ready to start on his journey.
I am glad that I have not
4 weeks before me, which I
have to spend on the water.
I hope, John will not feel as
I usually do on a steamer.
All the family and Jamie
join me in best love to
all of you.

Affectionately Yours
Adelbert Bodemeyer

Indian Lands -

Lake Stevens, Stevens Co. Wash. Ter.

August 3^d / 1887

Major Genl. O. O. Howard,
Commanding Department of Pacific,
Fort Mason, California.

A clear, concise wording
of sentences in this letter, will evince its
authorship.

Through the detailed Special
Messenger from Ft. Spokane to this post
unprotected, there was sent you the Lt. Lewis
Manuscript book. Accompanying it were two
official letters. As you have now received
the messages, know, that in like manner,
Hezekiah received the Sanskrit from the
hands of the messenger in Isaia's time.

The Destruction of Sennacherib soon
thereafter followed. Byron describes it:

"The Angel of death was born in the blast
And breathed in the face of the foe as he passed."
Isaiah records full particulars.

There is a fervent desire upon
the part of the Amanuensis of this, End of the
book sent you, to be released from further
service in the Cause of the Northlands.
These are the reasons:

A Justice of the Supreme Court of
Washington Territory - Jones - has stated to a
Grand Jury at Seattle, that the United

State's laws against Conspiracy are inoperative
and void in said territory. (Chimise riots -
Seattle - Tacoma. Raids on Indians at peace
by white outlaws. Yakima - Palouse.

General (?) Fairchild, Galt's and
Robison's false letters, speeches, and 4th of
July execrations against John (Lincoln),
President of the United States, ex-officio
Commander-in-chief of the United States Army
and Navy. Fairchild cannot command
God, no more than he can command an
Army of patriots. He is insane. The grand
Army of the Republic must repudiate that
traitor or be repudiated. General Sherman
has answered - Treason is a patriot.

To what officers of the Federal Army does
General James S. Robinson refer when he accuses
some of them of betraying Lincoln to issue passes
to Confederate spies and rebels? Call him to a
quick account! These militia general fools are
giving themselves away. Seize the opportunity to
expunge him from the Patriotic list.

Has it the ordinances of Secession or
the Field Ordinances that captured rebel flags?
Who owns rebel flags, rags and tags? Rebels
or patriots? Who made them? What do
they signify? Is it possible that Washington
City is the charnel house of rotten mushin?

Oliver, When will this cruel war be over,
And the Dutch quit Holland?

Where has General Fairchild distinguished
grand Army life? What kind of "hard tack" did he
feed on in Minnesota hospitals or Wisconsin prisons?
What is his war record?

How about General Gutzle? Is he the hero that
shot Albert Sidney Johnson at Shiloh, or only the
former Stonyington that "shot off his mouth" in
Iowa? "Out of the abundance of the heart the mouth
spraketh."

What great Army will Dr. ^{"mick"} Flynn more;
Will he drive the bull back on the Pope or the
Pope back on the bull? The American flag is
in danger. The red Commune is flying over
in General Bonlangier's Alsatian Camp, And
the American eagle was gassed to death July
4th 1877.

Why does Major General Barriac
Pulitzer of the New York World, betray old
man elegant Gladstone, with a graven
image of himself in Counterfeit Silver,
from the English Tiffany's manufacture?

Oh, Say, Oliver, Can you see by the
dawn's early light, any Standard of Emerson,
flying over the Hawaiian Islands? Point in
old Columbia that way from Elk Mason, And
touch off Sprackel's Sugar monopoly.

Will the Dutch never quit haul-in?

"I'll bet you five thousand dollars," and,
"I have many tricks," that Queen Victoria's
Jubilee, was in honor of a Dutch Queen of
England from the house of Saxe-Coburg, whose
maiden name was not Victoria. Oh! How
the sons of Ossawatimie Brown go marching
on over the stolen Shawnee lands of Kansas.
When is Blue Jacket?

For these, and many other special slangs
and slanders, blasphemies and assertions of men
in temporary authority, who are attempting to
give God instructions what to do, the only true
and faithful friend of Yours, now prays to
be released from further duty in writing
or speaking upon National Affairs, and states
emphatically, that he is tired, weary and
worn in kind acts and deeds for which he
finds no appreciation.

It is my sovereign will, therefore,
to withdraw the power that caused the
prosecution of the Ammanensis. And to place
him where no one shall longer insult
him or me. With this view in the better, you
will now know, that God will no longer favor
Grand Army treason.
