has been good. I have been able to enjoy
some of the outdoors activities.

I am looking forward to the future. I hope to
be able to travel more and see even more of
the world. I am grateful for the opportunities
that I have had thus far.

I hope that you are doing well. Please keep

My Dear General:

I was reading over your paper on the Atlanta campaign, in the July Century, and find a mistake at the foot of page 447, 11th line from the bottom.

I'm there state that the bridge over the Oostanaula was thrown over under the direction of Capt. Reese, Chief Engineer. This is a mistake. The bridge was thrown over under my direction as Chief Eng., Army Cumberland, to the ponders above at the bridge train belonged to the Army of the Cumberland. Capt. Reese was not in that neighborhood. The bridge was Sweeney's Division, Army Tennessee, but the ponders were Army Cumberland.

Please correct this error when the article is republished in the promised book.

Very truly yours,

Geo. E. O. O. Howard, U.S.A.

Maj. Gen. Howard

San Francisco Cal.

Sir,

Hereewith enclosed please find

a letter read by me from Edward Bradfield, late a corn-

eral in the 14th Maine infantry, in which Edward endorsed of three years

and which, I am authorized to say, that at the time of that time I enclosed said letter

because it is the best evidence of the ability of Capt. Bradfield for the position

which he holds, and that it clearly expresses his desires

That he occupies his present position, and his for a considerable

time, is also the best evidence of his soldierly character; but it

is with pleasure that I add, that he entered the 14th Mass. regt. a boy

in years; that he was a brave efficient and reliable soldier,

taking part in all the battles in which we were engaged;

and of the more than fifteen hundred men who were in

the regt during its first three years of service, he was at the

end of the Aridious campaign in the Valley in which our part were

one of the one hundred and thirty-five men, in line for duty.

It is but reasonable that he should desire some relaxation from the constant

routine of duty to which he has been accustomed for the past twenty-five
years; and if in the exercise of your discretion and authority you would grant this request, it would
I believe he a favor bestowed upon a worthy recipient;
and, what is of his consequence, would be a favor
personal to myself. In as you well know, no greater
pleasure can be enjoyed than to requite in part
at least, those brave men with fellow men who
dared the dangers of actual war.

Very respectfully,

The first point I wish to make is that it is necessary for me to say anything about that.

My heart is truly grieved at the news of the sudden death of Mr. John Brown. I have been in deep mourning at the news of the many sacrifices made by the men.

The Col. is anxious to have you spend another day or two with him. I sincerely hope things will improve for you.

Genl. Howard, I called on Mrs. Campbell and saw both her and her husband. They received me kindly and talked very beautifully of the duty of trust and faith and doing good, but gave me no encouragement about any occupation and disclaimed all knowledge of any one who could help me in that direction.

What I want is occupation not too many hours of the day as I have not yet recovered from my head experience at Dr. B.e.

our M. J. having kindly recommended me to the Pension Department for a vacancy that exists in the Examininig Board in this district. I take the liberty of asking you to do the favor to Gent John C. Black at an early date. There is quite a rivalry here among our Physicians for the place. Having been associated with Dr. West (the former examiner since the war) for seven years am thoroughly familiar and competent.

to fill the position, I had entire charge of the Pension Department for several months while he was abroad. Col. W. M. S.
