To General Howard,
Fort Mason, Cal.

I am badly poisoned by poison oak, and may not be able to come into the office for a day or two without aggravating it. If I am needed, however, I will try to get in.

I have nothing else to report, which cannot wait.

My dear Earl Howard,

I am perfectly delighted to have Mr. Cune's arrears papers all right at last, we got the payments yesterday and the right to board for life at the Sick Old Ladies Home for 7½ a month.
The O.R.L. require 10½ a month. Indeed we don't.

Thank you and good luck.

Yours sincerely,
Mr. H. C. Cune.

Dear Sir: The members of St. Dominic’s Sunday School regret that they will be unable to avail themselves of Major General Howard’s kind permission to visit Angel Island on Sept 9th, 1887, the Lady Members say that the time of leaving Washington St. Wharf (6.25 a.m.) is too early and that twelve o’clock would be too late, so therefore they would not desire to go to Angel Island. We warmly thank Major General Howard for his courtesy and herewith enclose the pass.

Very truly yours,

Dear Mr. S. Benjamin, 1887

My dear sir,

I am truly sorry for your recent illness and the manner in which it has affected your health. It is greatly distressing to see a person of your station and reputation suffer in this way.

I understand your current position as chairman of the city's water commission, and I am not in a position to interfere in your affairs. However, I am aware of the various considerations related to your recent illness. I must obey the laws of the land, even if it means opposing those in power.

For the last twenty years, I have been of a kind which would almost induce the belief that there was...
something in his past experience
which has exposed him at
least to distrust, if not abhorrence.
I was pleased therefore
at this acting under your
auspices at a review of State troops
and the consequent friendly
relations between the two services.
occurred by that fact,
I am persuaded, that this
vigilance and discipline will

go far to increase the respect for
these services now entertained, since
that the late residence at the
president’s will be received by the
community at large, with favor.

Yours with great

Respect,

General O. C. Howard
Commandant Pacific Military Division

Dear Sir,

I submit to you a plot of land located in Fall River Valley in Shasta County, Cala. The altitude of Fall River Valley is about 3000 above the sea level. It lies 50 miles east of Redding. About 4000 acres in southern portion lakes & hill lands & fair grazing land with some timber. From 7000 to 8000 acres level land with deep soil and best quality of agricultural land producing wheat barley oats corn and vegetables, alfalfa, Of natural grasses, Timothy, Berse and Alfalfa the latter once introduced remains. Should you desire to investigate, full information will be furnished by the Agent Mr. H. T. Doak at Redding. In explanation of my writing to you about it I may be permitted to say that having given you some directions regarding the land belonging to Governor Stanford & others in Shasta county, when you called at the C. P. land office some weeks ago, and not knowing whether you have secured that tract.
I learned of this tract in Fall River Valley and believing it a good tract for an investment, decided me to send the plot with directions to find the Agent. I have no interest in the land in any direct or indirect, and am actuated in calling your attention to by motives of friendship for those who have done so much for the integrity of our country as you have trusting that you will pardon any seeming indiscretion. I remain

Very yours,

My dear Kenneth,

To conclude the address of a lady who is highly recommended to the by a friend in whose judgment I have the greatest confidence, as a suitable person to take charge of Harry's instruction. If she should ever be engaged, I think it would be well for you to consult Miss Hamlin at Miss West's School. I think the address is 1606 Van Ness Ave. Miss Hamlin will be able to know if there is a lady disengaged who is such a person as you require.
Would be a fine thing for Harry if she herself could undertake the work with him, but I do not know whether she sees fit to teach now. I have cleared since Harry gave me a copy of the course he must take, that the lady whom I first mentioned to you would not do at all for the attainments are not equal to it.

Hoping that you will succeed in finding the right person I am

Sincerely yours

Harriet M. Fairchild

Gen. C. C. Howard,

Dear Sir:

Your rubber blanket was on my bed in the new house where I slept the night you was here, which accounts for its being overlooked. I will send it in the morning on the same mail with this letter.

I would like very much to know what your conclusion is regarding the purchase of that land I have considerable interest in the Valley's progress.

Hoping that your journey was a pleasant one and that you have recovered from your slight indisposition I remain yours very respect.

Archie W. Bach.
Dear Sir,

I received your letter and your present of thoughts in a fine book for which you have my thanks. I have read a part of it to-day and like it very well. But still think the Bible is the surest guide to that country beyond the gates. Altho there are many helps in the journey hoping we shall be admitted beyond the gates. I remain yours very well.

S. B. Farb

Archie will send your blanket as you request.
