My dear Genl Howard

It is
perfectly delightful to have
Mrs Conis pension papers
all right at last, we got
the payments yesterday
and she is to board for
life at the Sick Old Ladies
Home for $\$7\frac{1}{2}$ a month,
the O.P.H. required $\$4\frac{1}{2}$ a
month — Indeed we do
sincerely thank you and Genl

He had no choice,
and could not have
received the pension
unless Genl Black had
personally, through
your kindness, interested
himself in it - He

had nothing more
than Cone's word that
J. C. Cone had told him
he had served in the
Mexican war - Yours truly

Dear Sir: The members of St. Dominic's Sunday School regret that they will be unable to avail themselves of Major General Howard's kind permission to visit Angel Island on Sept 9th 1887, the Lady Members say that the time of leaving Washington St. Wharf (6.25 A.M) is too early and that twelve o'clock would be too late, so therefore they would not desire to go to Angel Island. We warmly thank Major General Howard for his courtesy and herewith enclose the pass.

Very truly yours

My dear Genl G. G. Howard

I should have been
pleased to have called upon
you but am prevented by illness.

It is natural I greatly de-
sire the placing my nephew Col
M. N. Shafter at the Presidio in this
city. His education, position to a
certain extent, and general quite con-
siderable of these considerations are
a serious military reasons. We
must obey them although seeming
opposed to a most worthy officer.

Col Shafter's station and duties
for the last twenty years have been
of a kind which would almost
induce the belief that there was

something in his past career
which has exposed him at
least to distrust if not censure.

I was pleased therefore
at his acting under your
order at a review of State Troops
and the consequent friendly
relations between the two services,
occasioned by that fact.

I am persuaded, that his
vigilance and discipline will
go far to increase the respect for
the service now entertained, and
that the high estimation at the
Presidio will be received by the
community at large, with favor.

Yours with great

Respect

Lt. J. S. Shafter

My dear Gen. Howard -

Enclose
the address of a lady who is highly
recommended to me by a friend
in whose judgment I have the
greatest confidence, as a suit-
able person to take charge of
Harry's instruction - If she
should now be engaged, I
think it would be well for
you to consult Miss Hamlin
at Miss West's School. I think
the number is 1606 Van Ness
Ave. Miss Hamlin will be
sure to know it if there is a
lady disengaged who is such
a person as you require. It

703

Would be a fine thing for
Harry if she herself could
undertake the work with him,
but I do not know whether she
goes out to teach now. I have
learned since Harry gave me a
copy of the course he must take,
that the lady whom I first
mentioned to you would not do
at all for the work - Her at-
tainments are not equal
to it -

Hoping that you will
succeed in finding the right
person I am

Sincerely yours

Harriet M. Fairchild

Dear Sir:

Your rubber blanket was on
my bed in the new house where
I slept the night you was here,
which accounts for its being
overlooked. I will send it in
the morning in the same mail
with this letter.

I would like very much to
know what your conclusion is
regarding the purchase of that
land as I have considerable interest
in the Valley's progress.

Hoping that your journey was a

recovered from your slight indis-
position I remain
