Sir -

I have the honor of  
your reply to my request as to  
my nephew. I am pleased to  
find he stands so well.

His impatience is natural  
but he and we of us must  
submit to the inevitable.

We finally conclude that we  
are happy if we can move  
with the world - and that  
the world does not move  
for us. Accept my thanks for  
your courtesy. And Believe

The house where the Officers have

3 days ago. - The people who  
moved out of it set the roof  
on fire, accidentally by burning  
a heap of papers and <sup>in the chimneys</sup> rags.  
It was not malice but really  
an accident, - Their own pro-

to save all they had and the

The first of these is the  
 fact that the population  
 of the world is increasing  
 at a rapid rate. This is  
 due to a number of factors,  
 including improved medical  
 care, better nutrition, and  
 a longer life expectancy.  
 The second factor is the  
 increasing demand for  
 resources, particularly  
 food and water. This is  
 due to the fact that as the  
 population grows, the demand  
 for these resources also grows.  
 The third factor is the  
 increasing demand for  
 energy. This is due to the  
 fact that as the population  
 grows, the demand for energy  
 also grows. This is particularly  
 true in the case of the  
 developing countries, where  
 the demand for energy is  
 growing very rapidly.

Dear Sir :

The Committee of Arrangements having  
in charge the Funeral Ceremonies of the lamented

Washington Bartlett,

late Governor of the State of California, have respectfully suggested that all Civic Societies and other organizations of a State and Municipal character, attend in a body, and participate in such ceremonies.

In accordance with this suggestion an invitation is hereby extended to the organization over which you have the honor to preside, to attend in a body, on Friday next.

That you may be assigned to a proper position in the procession, it will be imperatively necessary for you to indicate your acceptance of this invitation to Gen. W. H. Dimond, Grand Marshal, not later than 12 o'clock, on Thursday next, at room 18, Occidental Hotel.

My Dear Gen Howard:

Please come to Springfield to the meeting of the Amer. Board, Every member's vote will be wanted, and his personal influence for truth and right. There is a desperate determination to switch the Board off from the orthodox track, and the more because of the decision at Andover is the basis of departure. No stone is left unturned. A layman on New England writes me: "The time of discussion has passed, and the still hunt is on, and every man is being tried". They have a very weak governor for V. Res., and every effort is making to sweep him entirely over to the side of the malefactors. He compromised last year and there is reason to fear that he will do worse this year. The other Corporate members in California are Pastors and Professors and cannot so well come, as you can though I hope Dr. Darnell & McLean will be present. But you can do a good deal

By coming, And you are too good a soldier to  
fail to answer to roll call "where duty calls  
a danger"; or to be blind to the necessity of  
marshalling our forces at the point of greatest dan-  
ger to the truth. And that point in this year of  
our sad is at Springfield. Wouldn't you be forever  
sorry if you should be absent, and future publi-  
cations carry by ones?

The policy of "anxious, the energy," is to <sup>minimize</sup> their claims, and ask us to compromise on this: men shall be commissioned as missionaries who hold that the Bible does not <sup>expressly</sup> say "probation in this life only," and therefore hold that they are at liberty to teach that it is <sup>not</sup> intended as to true. Of course, such a compromise is all on one side, & we should give up all the <sup>positive</sup> after Board from 1800 down by accepting it.

They have threatened at Chicago to "revolutionize  
the Bud. Com, & the Secretaries," &c. & put in a mass  
of future probation men. They are now trying  
to manipulate the committees to be appointed  
including Nominating Committee &c. &c.

Don't fail to be there my dear General. You  
don't know how much good you can do!

My Dear General:

I have your  
note asking for printed copy  
of my report on defenses, I am  
sorry that I have no printed copy.

Since the subject of defenses has  
been taken in hand by the Board  
presided over by Secretary Endicott,  
it has seemed useless for  
our officers here to consider the  
question. My report is therefore  
confined to actual descriptions  
of existing defenses and makes  
no recommendations as to what  
ought in my opinion to be done.

The report of the Endicott Board  
dated June 16, 1886, contains the

latest conclusions as to this matter  
expressed however quite generally  
and without sufficient  
specifications for intelligent study.

You are of course in possession
