My dear Sir:-

I write to find out if the High School Literary Club can secure your services for the lecture on the Battle of Gettysburg at some time during the next few weeks. They would like to assist the Board of Education in refitting the Library & in purchasing the necessary apparatus for the classes in Physics & Chemistry, and I am anxious to assist them in every way possible. At the same time it would give our people an opportunity to hear you & see you. Mr Leadbetter our city superintendent is from Leeds, & knows you very well. I knew your brother Charlie at College, also R. H. Gilmore, having graduated at Bowdoin in 1861 myself. I went out in the Burnside Expedition & served all through the war in N.C. & Va under Burnside & Foster.

Please let me hear from you as soon as possible, stating terms &c. Awaiting your reply, I remain

Dear Sir

124

It is now some time, since
we received an application, with your
endorsement, from the Chaplain of the
Military Prison at Alcatraz Island
California. I laid the letter before our
society, and also before our New Auxil-
iary, organized on the sixth of January
at Washington; and, with the aid
graciously accorded by the ladies of that society
(which includes Mrs. Endicott, Mrs. Anger,
Mrs. Inman and Mrs. Prochaska as members),
and our own contributions - we were
enabled to respond fully to the appli-
cation of Chaplain Pearson.

We have sent to him for the Military
Prison on Alcatraz Island -

An Organ	-	with	\$100.00
a Library			60.00
Illustrated papers for Christmas			10.00
			<hr/>

We have not heard whether any of
these articles have been rec'd at the

Prison -

I take the liberty, dear General, of sending you by this mail - a little box, as a sample of the Christmas gifts prepared by the Ladies of Auburn and by their friends in other towns and cities for the unfortunate and unhappy men confined in Auburn Prison. Their number ranges from 1,000 to 1200 - They usually number over 1100 - The chaplain told me that nothing that the Prisoners had ever perceived had so touched their hearts - An officer and his wife from Fort Walla - Walla, Washington Territory, now, on a visit for my daughter, Mrs. Stuyvesant, express an interest in their work for the Prison in our neighborhood. They think that similar gifts might be prepared by the Christian ladies on the Pacific Coast - to be forwarded to the Prisoners at Alcatraz and St. Lazarus, - at Easter -

Each lady undertaking to prepare one box - In Auburn, at Christmas, not only the Auburn Prison was supplied - but

the Insane Hospital in connection with the Prison and the county Jail -

Several boxes were left over which were sent to me for distribution elsewhere - one of which I send to-day to your address General, at San Francisco -

In the library sent to Alcatraz - were several copies of the Life and Letters of Gen. W. P. - 1 of them copies I intended as a part of that library and the other copies I would like to have added to the Post Librarian in the vicinity of San Francisco where Gen. W. P. prepared his last will - any Post Librarian applying for the volume published by Appleton & Co. Life & Letters of Gen. W. P. - will be supplied on application to Mrs. A. J. Stuyvesant Millbrook Auburn -

I am dear General

Very respectfully & truly yours

I have let no friend if we can do any thing more for the isolated Posts under your supervision.

Dear Brother

The Devotional Committee of the San Francisco Young Men's Christian Association have secured Mr. D. L. Chubbuck, the Boston evangelist, to conduct a series of revival meetings in our hall for young men every night for the present. We are particularly anxious to have as many of our best workers as possible in attendance every evening. May we depend on you for certain evenings during the revival services? Please let me know at once by enclosed postal card what evenings you will be here and will you please allow no circumstance over which you have any control, to prevent you from being with us. Come with your Bible to point enquirers to the Saviour. And will you remember in your daily devotions these meetings that the dear Lord will give us a gracious ingathering of precious souls. O for a baptism of power upon all our hearts that this year we may be more useful in the Master's vineyard.

Yours in Him

Honored Sir,

It has been the source of much pleasure to me, that at the time of your visit to Wausau Minn. in July 1856, I had the pleasure of an introduction to you. Tho' many others had the same privilege that day, I don't believe there was an other one who valued the privilege more highly, for to take the hand of one of whom I had heard my Father speak in such high praise, tho' he was personally a stranger, was an honor that I had not expected. Perhaps you remember my coming to the Park Hotel early one morning to ask the pleasure of an introduction for my Father. J. L. Claghorn, who if faithful and loving service to his country could give ~~me~~ a claim to an introduction to you, deserved it.

The pleasure of receiving an introduction to you was such that I have spoken of it once or twice when speaking before young men and boys! Feeling that I have no

right to speak of you as I would like to, as a friend, I have taken the liberty to ask the privilege of calling you friend.

Gen Howard, I know that I am doing an almost unheard of thing in making this request, but your knowledge of human nature tells you, and the Spirit of Truth bears witness, that I will not make an unworthy use of the privilege.

You know something of the spirit in ^{the} boy who lost his arm when you lost your cure, you can and do understand the power your name might be for good, when used by a friend when trying to inspire young men to higher, nobler living.

I can only say, that should you see fit to grant my request I will use your name in such a way that you will have no cause to regret it when we meet in that City into which we are told "the Kings of the earth do bring their honors".

I enclose you a copy of a brief note on "Admiralty" published by me in 1945. It is somewhat old but yet the facts remain ^{now} ~~present~~ regarding the present situation - about the same.

The sea coast problems of defense is not in its dwindling clothes. A six thousand mile coast to defend is a problem demanding economy and a "gilt edge" armament is neither attainable in the near future, or necessary. It is much therapy - too much submission to the will of European construction & the want of the full consideration of the "economics" of the problem & the want of applied older common sense. ~~Work~~ The want of changes in organization make the way ^{more} ~~clear~~ ^{empirical} ~~clear~~.

Most Esteemed Sir.

I have some relatives here from Newport, Vermont, they, with some friends would like to visit Angel Island on the 22nd, as my son has that for a holiday. Can you without much inconvenience procure us a pass for the trip? I did not know for a certainty to whom to apply, having met you a number of times at our Church (The Bethany) and feeling somewhat acquainted with you (we benched together with your Mother at Mrs. Dr. Martin's at Woodland) knowing your kindness of heart, I felt confident you would be pleased to favor us, there are some ladies from the Bethany that desire to go with us about 10 in all. In replying please state what day you receive callers, and the time the carriage is at the terminus, I have forgotten what you said in regard to it. O.O. Howard

I wrote Mr. Barber that I would go to N.Y. Feb. 18 & consult him & Capt. Greene as to beginning my work as soon after July 1 as they might deem wise & best, and in a manner which they should desire.

Also that I have given study & reading etc to asphalt during the past six years.

Graduating here prepares me for general field work in engineering but while I have the title of foundation - I have no experience and hence I shall expect to begin as a learner, to learn whatever may be desired of me.

He answers pleasantly saying that Capt. Greene will be away, but to come on Sat Feb 25 & he & Capt. Greene will "talk over" the matter & sign himself, "inmemorial with best wishes, I am yours sincerely"

Hence I think they are ready to make some definite proposition as to work & pay - I shall not dwell upon the pay

question - the position & future are the principal points.

If I find that they desire it I shall at first work here to learn details of their cross to Paris. As to my marriage - I can best arrange for that after I have arranged for my work.

I will need some money. It will be in time if you send it soon after receiving this letter. I need

Dear General:

It was my privilege to know the late
Genl. J. E. Strong, and am proud to say that at
one time he honored me with his friendship—
and, upright gentleman and gallant soldier that
he was, his friendship was indeed an honor.

I have recently had the pleasure of
meeting his son and formed a very favorable
opinion of his character and abilities, and have
had much pleasure in uniting with yourself
and other general officers in commending
him to the President as one whose appointment
to a Lieutenantcy would be a just recognition of the
services of a gallant father, and at the same time
secure to the government, an efficient officer.

Very truly yours,

Gen. Wheeler

I have received your letter of the 10 inst. Mr. Noble's name has been presented by many for the place of Chaplain at the California Branch of the Soldiers' Home, and when the time comes for the appointment of such an officer it will receive all proper consideration. But as ground has not yet been broken for the election of any business at the Branch, you will recognize the fact that the appointment cannot properly be made for many months.

I shall bear the matter in mind however, when the appointment is to be made. I am glad to have heard from you truly yours,

I have received your letter of the 10 inst. Mr. Stoddard's name has been presented by way for the place of Chaplain at the Co's camp. Because of the fact that when the time comes for the appointment of such an officer it will receive all proper consideration. But as you have not yet been broken for the matter of any business at the Co's camp you will recognize the fact that the appointment cannot properly be made for many months. I shall be the matter in mind however, when the applicant is to be made. I am glad to hear from you and your family.

General O. O. Howard,
My dear Sir:--

Your kind favor of Feb. 8th at hand.

I am much obliged to you for your suggestion for subjects for articles. In looking over the matter outlined, seems to me perhaps that the series about Famous Indians would be the best to begin with, and I should not care for the first ~~4~~ historic articles, (on Chief Joseph and Chief Moses), I should judge that the rest dealt with noted Indians of the present day, that that would be the thing best suited to the needs of my service. I should like them on the following order;--

- 1st-Cochise the Apache Chieftain
- 2nd-Chief or the Son of Mangus Colorados.
- 3rd-Buffalo Horn Bannock Leader
- 4th-Princess Sarah, or A Woman in War
- 5th-Mattie Lee or Nature's Child.

This matter would be included in my Young People's Department, and I wish the articles would be as full of incident and adventure as the subject would admit, and as picturesque and dramatic in treatment as possible. I would also like to have you refer me to material for illustrating the articles. I would like them about 1500 or 2000 words in length. I wish that you would send the first article as soon as you can after the receipt of this letter, and others at intervals of a couple of weeks, provided you do not hear from me suggesting different order. My plans are not yet quite matured; of course, as soon as the department is fairly started, I can tell you definitely how and when I wish this matter. If this series proves popular we might continue it to ten or a dozen papers if you are inclined to do so. I can pay you for the matter at the usual magazine rate, \$10.00 per thousand words.

Very sincerely yours,
