Dear Sir:

We shall be in your city the last of this week and would like to take the trip with the U.S. Supply Steamer under your charge if you will kindly permit my brother-in-law J. C. Elliot and myself to do so. We are visiting on this coast and such a trip on the bay would give us great pleasure.

Dear Sir - Sometime
since, I received a copy
of the Ocala Monthly,
in which was an article
by you, in which Sarah
Winne's name was spoken
of generally, - and I sup-
-pose you must have
sent it to me: I believe
I sent you my Report
of the first year of her
School at Lookouts -
1885 & 1886, and I send
by mail ^{now} the Report (2nd)
for the year 1886-7.

I wish, dear Sir, you
would write me a
private letter saying
what you please about
these Reports - and
involving a distinct
recognition of the fact
that she is chief Win-
-ne's daughter, which
has been ~~repeatedly~~ denied

in a Boston
in ~~our~~ newspaper
and also tell me
what wages a moral
you were paying her
at Vancouver, when
at the dying request
of her father, & the ur-
gency of her people
she started East ^{in 1883} to
interest the unofficial
people here to influence
Congress to give them
back some of their
native land & return
the exiles from Yakima
to their relatives at
Fort Harny.

If you will do this, you
will essentially aid her
in resuming & carrying
on her school, which has
been suspended ~~the last~~
since July - by first
her ten-weeks - husbanding
of her husband in quick
consumption & subse-
quently of two of her
best scholars in one

-cession, who have all
died of the same disease,
all of which has
so beaten down her
own health, that only
within a week or two
she has been out of bed
& sufficiently recovered
her voice to think
of calling her school
together again.

But she is desirous
if she lives (which she
thinks is doubtful) to
collect it again, because
Congress has passed
a bill, appropriating
50,000 ^{dollars} a year
to a ^{Board of} school to be erec-
-ted in Cairo City for
Pinto Shattone & Wash
children; which will
only succeed if it can
have Indian teachers
& interpreters of English
in it, which only she

can prepare, who

& Washo as well as
Pute, - ~~and~~ ^{she} cannot
have a boarding school
without an appropria-
tion is made to pay
for the children's board-

ble her brother to improve

of land given him for her

Honored Sir and Friend.

Your esteemed favor was duly received.

If I valued it less, I might say more, but I can only say from my heart. Thank you.

I shall try to show my appreciation of your offer, by only writing to you, when I wish you to do something that I know you will be as pleased to do, as I am privileged in asking you to do it. ---

By the way. If you ever happen to meet a son of the late Judge Delos Lake of San Francisco, he is an our cousin of mine. I have never had the pleasure of meeting him and he may never have heard my name, as I never met Uncle but once, some 20 yrs since. From what I have heard of the oldest son I should be glad to meet

him. I take the liberty of inclosing a leaflet
that may be of interest, as it gives a very brief
acc of an important event in my own, and more
especially my wife's experience. For obvious reasons
I did not send it when I first wrote to you, but will
say if there are any questions that you or any
of your friends or acquaintances would like to ask,
^{about her healing} she would be pleased to answer for his sake.

A letter from my aunt in China, recd last week
spoke of encouragement recd from reading the account
of my wife's healing, and ^{now} it was at the request of friends
that it was written at first, we feel different about
sending them abroad, when we think they would be read
than we would if she had published it without communi-
cating with friends in whose judgment we had confidence.

Once more thanking you for the pleasure
your letter gave me. I am glad to subscribe myself

Sincerely your friend,

Chas. C. Claghorn.

General Howard;

Dear Sir,

Professor
Gregory has kindly allowed
me to read Mr Shephard's
letter. I am sorry he
does not feel disposed
to lend his aid to Willie.

I think perhaps if he
had met the boy and
knew his plans, for the
future, he might have
decided differently.

I am pretty sure
that I shall have work
in the Industrial School
here next year, and so

be enabled to keep with
in Berlin myself.

I do not desire the
"entire support" of the boy
but simply help for a
time. In answer to Mr. Shep-
hards suggestion that he
give recitals in Berlin, I
might say that almost every
tenth man one meets there,
is an artist and while
the boy might succeed in
pleasing an American
audience he could not
hope to please a critical
German audience.

Willie played before
Joachim, five months ago,
who thought well of his
playing and promised
to admit him to the High
school, after six months of

eighty dollars per year. The
cost of his living will be
twenty dollars per month.

The boy is a great worker and
very brave, he writes, mamma
don't worry, I shall succeed,
I will succeed. When my money
is gone I'll come to America and
earn enough to come back and
finish my study, "I had hoped
to have him well prepared to work
before he came home. In no other way
can he be sure of success.

It must be uphill work in
life to one poorly equipped.
Now General, ^{I have written} at length, to
answer some objections con-
tained in Mr Shephard's letter.
Pardon me if I am tiresome.

study under private teachers,
without further examination.

Joachim is one of the best
teachers in Berlin.

The boy had simply studied the
violin, and in this school of
music, he would be required to
write compositions for violin with
piano accompaniment, and
so it was necessary to give some
time to the study of piano.

He would also be expected to
take lectures on Theory and
Harmony, given in German
and this made the study of
German necessary.

In this way his expenses
have been more than we
thought. After he enters the
School of music, which will
be in April, 1878,

his tuition will be about 1

to teaching
discrimination

I am almost sorry that
I have annoyed you with
my troubles. You have
been very kind to make
the effort to help us
and we are grateful to
you. I felt sure that you
would do what you could
for the boy. Accept my
thanks for your kindness.

Gratefully

Dear Sir.

I hope you will see as I do - that you can advance the cause of truth & righteousness by procuring the signatures of your officers & soldiers to this petition & then forwarding the same to Congress.

Rejoicing in the belief that God is blessing you instrumentally in furthering his cause, and praying that you may long have the honor that is due to a Christian soldier, I am

truly yours.

OFFICE GENERAL PASSENGER AGENT.

SAN FRANCISCO,

March 8th, 88.

My Dear General:

Having been tendered by Colonel Donohue, President of the S.F. & N.P.R.R. Co., his special car, and understanding it is your purpose to visit Santa Rosa next week for the purpose of attending the Department Encampment G.A.R., I take pleasure in inviting you to be of our little party who will occupy the car during our stay there. This party so far consists of General Dimond, Past Commander Wilson of Geo. H. Thomas Post, and myself, we having been likewise promised the pleasure of the company of Governor Alger of Michigan.

I have thought it best to make use of this offer so kindly tendered by Colonel Donohue rather than take our chances at hotels which we have every reason to believe will be more than crowded during the holding of the Encampment.

If you desire to take an Aid with you he can likewise be accommodated in the car which is limited in its capacity to a small number.

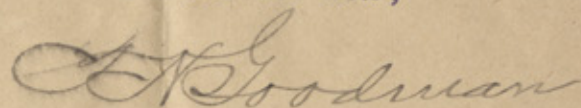

Apparently the better hour or train to take from here would be 5.00 P.M. Tuesday next.

Trusting it will be your pleasure to join our little party,

I remain

Very Respectfully

Your Obedient Servant,

Major General O.O. Howard, U.S.A.
