But I am very much pleased with the Mission Indian matter, and will send you a check for it very soon. I will hope too, sometime during the year, for the little monograph about the different tribes, their whereabouts, numbers, and present attitude toward civilization. My Dear General: remain,

Referring to your letter of the 12th instant, for which I thank you because of the sentiments expressed in bringing the complaint of Mrs. Wilson to my notice by personal rather than official letter; I would say, that she wrote me of the matter about a year ago. In reply I said that the claim appeared to me remarkable, in that the services were rendered in 1881 or 2 and nothing had been said to me of non payment of bill. That I had no receipt showing payment, nor could I say positively I had ever paid it but thought I had, and farthermore it seemed singular that I was allowed to leave San Francisco without a reminder, if I owed it. That she was not at the house in the capacity of monthly nurse for five weeks, which she knew, and in no event would I pay her \$75.00. More recently I received from her a letter in which I was informed if I did not pay the bill she would report me to military authority---that letter I took no notice of. If I owe Mrs. Wilson for services rendered in any capacity whatever I am willing to pay, though I scarcely conceive it and still have no reason to think her in the wrong excepting that (as I have stated) nothing was said to me for years. I had a high regard for Mr. Wilson who for many years---as long as he was in the regiment---was a most excellent soldier and subsequently did good work in the Q. M. Dept. Dear Sir:

Please excuse me for sending you this communication. Enclosed please find copy of Militia Bill of which I am the author, introduced by Hon Joseph McKenna (by request). This bill is to amend the present obsolete and inefficient National Militia law of 1792-95 (see U.S. Revised Statutes under title of Militia) The present Militia law system of the several states known as the National Guard is the outcome of state legislation. Congress has enacted

no laws for increasing the efficiency of the militia for years, except to increase the term of service, when in the service of the United States from 3 to 9 months.

This bill also provides for the instruction of the militia in sea coast and garrison artillery drill, For the detaching of regular officers to instruct the militia at the request of the governor of a state. For the buying of pieces of artillery, heavy, siege and mortars for the instruction of the same. And for a Bureau of Information for the purpose of aiding the instruction of militia officers in their respective duties

I send you this letter for the purpose reason that ^{I believe} you are favorable to any measure benefiting the volunteer militia of the United States. If favorably

impressed I would like your endorsement. I am

I have learned (unofficially) that Col. Shafter is on leave without this Department. If that is so I ought, it seems to me, be in command of the 7th Infantry and regimental papers should be sent to me for action. As it is for so short a time I don't care to raise the question but my object in writing is to remind you that you said when you were here that you would serve as the base for a time, and if agreeable to you I would like to have it for a couple of weeks in the first part of April. If I have your authority for it I can get the men here without expense as I think I can get the Arsenal Comptroller to

Dear Sir:

I am collecting items for
a book of about one hundred and
fifty pages, which I shall soon
publish under title of

"The National Album,
Or
Favorite Mottos of Eminent
Men and Women of Our Times."

It will be handsomely bound
and printed with autographs fac-
similes, each page to contain one
contribution, only, from some person

whose efforts and genius have gained
for him order, a national reputation
of distinction and honor.

I am assured that this work
will be an object of an uncommon
interest and pleasure to the gener-
al public, and that it will, by
giving life and personality to the
precepts which help so largely to
mould the character of our times,
possess exceeding value as a source
of inspiration and reflection to the
young.

I have now received items
from several members of the Pres-
ident's Cabinet, a majority of the
U.S. Supreme Court, leading Mem-
bers of the National House, about
one half of the Senate, Governors,
leading College Presidents, Celebri-
ous Clergymen, distinguished
Authors, Editors &c. I am also in

receipt of many contributions
from the great women of our land,
which add very much to the
charm and attractiveness of the
work.

May I not hope, and this
object of this note is to beg, that
you, too, may be willing to send
some message to the many whom
I hope to reach and benefit
through its pages? I enclose
herewith several copies from
contributions received to give
an idea as to space &c.

Please, dear General, send
me a motto, or an original
saying, and I will send you a
copy of the book when published,
with the humble and hearty thanks
