Dear Friend.

The telephone worked badly and my attempt at communicating with you today was very unsatisfactory - Neither Major Muhlenberg nor I, wish to ask anything unusual or improper but it occurred to me that the change in Chief Paymaster might make other changes and that Muhlenberg's transfer to this Dep't might be accomplished without prejudice to the rights of other gentlemen in his Corps. He is an excellent Paymaster - active, willing, energetic - thoroughly informed in his business, and a gentlemanly officer.

I wish to recommend him to you for transfer, if circumstances favor - I suppose these assignments are made entirely from Washington but of course any recommendation <sup>that you might make,</sup> for transfer from one of your Departments to another in your Division, would receive favorable consideration. Should you object to making such a recommendation in anticipation of probable changes which

would permit it without detriment to the service, or  
prejudice to the interests of his seniors in the Regt?

Muhlberg is an especial friend of mine and  
his wife has taken my baby to raise - so we would rejoice  
at an opportunity to serve near each other.

Col Terry the new Chf P.M. is very friendly to  
Major Muhlberg and I am sure he would heartily en-

Dear General:

Your telegram of the 4th inst., concerning the bill making appropriation for the improvement of the Presidio Reservation, came duly to hand.

I have had considerable difficulty in getting this matter into the present shape, but I am glad to say that if my bill becomes a law, as I have no doubt it will, it will be the precedent for an appropriation each year for whatever sum that may be required to improve and keep the reservation in order.

The difficulty has been that, under the rules of the House, no appropriation can be made in the appropriation bill for any purpose not previously authorized by law. This has always prevented the incorporation into the regular appropriation bill of funds for the Presidio Reservation; but if my bill becomes a law and a further appropriation is required for next year, it will only be necessary for the Commanding General to report to the War Department detailed estimates for the necessary improvements, etc., and thereupon such estimates will come before the Committee on Appropriations and the funds required will be provided for regularly in the appropriation

the trial of St Labont who is the

would throw lights, and doubt on  
lights too, on a case like this  
any more brought out on a  
case where <sup>the</sup> charges & specifications  
are simply proved & disproved  
and past record held in the  
background. His record has  
been so bad for the past seven  
years, that I will not rehearse

Th. Sims serving in my Troop  
and before he has been a per-  
sistent drunkard, and he is  
an inveterate one, taking any  
and all things to produce  
inebriacy. By H. he had charges  
and specifications preferred against  
him at Annapolis for drunken-  
ness as Officer of the Day, and  
lying as to visiting the guard on  
the same tour. These he <sup>sum</sup> defended  
by a pledge for 2 years, and a  
statement of resignation, accompa-  
nying same. He violated it either  
"on or off duty" - The above papers  
on file with the Dept of Columbia.

Soon after July 84. 2<sup>nd</sup> Corp  
transferred to this Div. (Dept of  
Columbia) This pledge he violated  
repeatedly, and persistently, and  
charges preferred for same at  
Fort Randolph before for it -  
These were ~~avoided~~ the account

of mistaken humanity - 208.  
Were there a shadow ~~for~~ his  
restoration, I would plead for  
him, all that was in my  
power, but now I write to you  
to say, that his usefulness in any  
position in the Army, is nothing  
nor can it be, for every detail  
and detached service he has been  
away for many years past, or leave  
of absence, ~~he has been~~  
has been a disgraceful  
debauch, and any leniency you  
extend to him on this trial,  
will but end in a repetition of  
the past - and a disgrace to the  
Service by him - I am sorry  
to write this letter, the only one  
of the kind for ever written and  
hope it will by the lack of it stand  
I consider it my duty else, I

Dear General

Beaie arrived safely, on time.  
With regard to employment for a Paymaster in the  
Dept of Cal., would it not be practicable to have pay-  
ments at Fort Klamath made from San Francisco instead  
of Vancouver? The stage line now leaves the rail-road  
at "Ayer" just half way between San F. and Portland.  
This side of the half way point between San F. and Vancon-  
ver, and the Paymaster must come into this Department  
by rail, en route from Vancouver to Klamath -

Major Mahuberg pays Klamath now, and could  
continue to do so from San Francisco - This would leave  
Vancouver and Townsend only, for payment by the Pay-  
master stationed at Vancouver ~~at~~ Portland, the Forts at  
the mouth of the Columbia - The Paymaster at Nalla Wal-  
la, pays that Post - Forts Sherman & Spokane and  
Boise. I enclose a time card showing the location of  
Ayer -

Beaie thinks she will return on Wednesday

My dear Father:

We await with eager interest news to know if you will go eastward.

News comes of grandmother's sickness. It seems to have been cold, pneumonia & pleurisy. Miss Ellie Gilmore wrote me simply a postal. I await further news - I do hope grandmother will be spared many years to come & pray that God may grant it to us thus.

I seldom hear from home, but I do so indirectly thro' John. I am glad mother writes him often. I feel that her letters to him are very beneficial & he awaits them with pleasure. We are both well.

John has taken up an extra study to fill his time. Because for three weeks he has had little to do - one recitation (French) per day. He works hard over it, but succeeds

as well as the average student.

What troubles him is that it requires  
simple abstract memory & no reason-  
ing can be applied & as in result  
He will pull thro' nicely I think.

Perhaps John will surprise some  
of us by becoming a real student.

The concentrating influence of  
Eastern life is good for young men.  
There is too much general distri-  
bution of thought & business in the  
West, certainly this is the tendency  
at many places I have seen.

A man here must learn one thing  
well (& not change) to succeed.

Can you spare me as much as  
\$93. for all expenses up to May 1st?

There are but eight weeks more of school  
life from today. Then a short rest for  
me & I will try to succeed in business.

A measure of success has attended my  
studies. The severe examination of the term  
comes on Tues Apr 24 in Hydraulic  
tors. I think I will pass safely. "None  
more." I do hope to hear good news  
from Grandmother to-morrow.

By-the-way, General, I hope that in your announced articles on Bannock campaign, in Overland, you will place Chief Egan, of the Malheur, in his proper light. I think any blame for going on the war-path should set very lightly on his shoulders, considering his surroundings and various circumstances. I went hunting with him on the upper Malheur in the spring of '77, and learned to respect him very much. I have heard stories about his not being dead, etc., but I know he is, for I saw his dead body where the Umatillas killed him near Meacham's station, and saw
