My dear Sir. - I take the liberty of
asking you if there are any vacant
officers quarters at any of the posts
in the harbor, which I could tempora-
rily occupy?

I expect to leave here sometime
this month, on "sick leave", intending
to take my family (my wife & three
children) to San Francisco, thought that
if quarters could be had it would
be a convenience to have them.

As you may know I am a Pioneer
of California, have many friends
on the coast. Very respy. & truly yours.

Happy to know of your Class, I am

THE Chautauqua Literary and Scientific Circle is a new organization aiming to promote habits of study and reading, in connection with the routine of daily life (especially among those whose educational advantages have been limited), so as to secure to them the college student's general outlook upon the world and life, and to develop the habit of close, connected, and persistent thinking.

It is a people's college, with a four years' course of study, embracing a broad view of History, Literature, Art, Science, Man and Life. It proposes to encourage individual study in lines and by text-books which shall be indicated; by local circles for mutual help and encouragement in such studies; by summer courses of lectures and "students' sessions" at Chautauqua, and by written reports concerning the work accomplished.

The course of study prescribed by the "C. L. S. C." covers a period of four years. A new class is formed every fall, into which students can enter as late as the first of January. Forty minutes a day utilized in this work will in most cases serve to accomplish the labor of the reading required. Many students will give a larger amount of time joyfully to the service.

In the class of '86—the class which joined the C. L. S. C. in the fall of 1882—there were enrolled over fourteen thousand members; a much larger class will doubtless be formed in the present season 1883-'84. Will you be one of the proposed number of the new class—the class of '87?

A pamphlet describing the "course of study," the diploma, the seals for further study, the round tables, the publications of the C. L. S. C., will be forwarded on application to *Miss K. F. Kimball*, at the central office of the organization at *Plainfield, N. J.*

For the History of the C. L. S. C., an explanation of the local circles, the memorial days to be observed by all true C. L. S. C. members, St. Paul's Grove at Chautauqua, etc., etc., address (enclose a two-cent stamp), *Miss K. F. Kimball, Plainfield, N. J.*, who will forward the "Chautauqua Hand-Book, No. 2," sixty-four pages. Blank forms, containing the ten questions of the "application for membership" in the C. L. S. C., will be sent by *Miss Kimball* on request.

To defray the expenses of correspondence, memoranda, etc., an annual fee of fifty cents will be required. This amount should be forwarded to *Miss K. F. Kimball, Plainfield, N. J.* Do not send postage stamps if it be possible to avoid it, but the new postal note issued by the Government.

The Books of the C. L. S. C. course can be obtained at the following places in the Dominion of Canada, and the United States, and at some of the larger book stores in the chief cities:

William Briggs, 80 King St., E., Toronto, Canada; Messrs. Phillips & Hunt, 805 Broadway, New-York City, N. Y.; Walden & Stowe, Cincinnati, O., Chicago, Ill., and St. Louis, Mo.; Messrs. Fairbanks & Palmer, Chicago, Ill.; H. H. Otis, Buffalo, N. Y.; J. P. Magee, 38 Bromfield St., Boston, Mass.; Congregational Publishing House, Boston, Mass.; John B. Hill, San Francisco, Cal.

We present on this page a map of the grounds of the famous "Chautauqua Assembly," Chautauqua, N. Y., at which in the fall of 1878 the Chautauqua Literary and Scientific Circle was organized.

An announcement of the meetings for 1884 may be secured after May 1, 1884, by addressing *Dr. J. H. Vincent*,

Dear Gen Howard

I made all my plans to call & see you on Monday, but they were interfered with, so that I could not do it.

I wished to again express my gratitude to you for all your great kindnesses to me.

Now that we are again in Portland for a day, we call to mind your kindness to us here.

I did not see you to tell you about the meetings in the Howard Presbyterian Church.

I felt, as did others, that the Spirit of God was at work in all the meetings.

I believe we shall meet many in Heaven, who were converted during the various

meetings we held there.
Please remember us
to Mrs Howard & your
children.

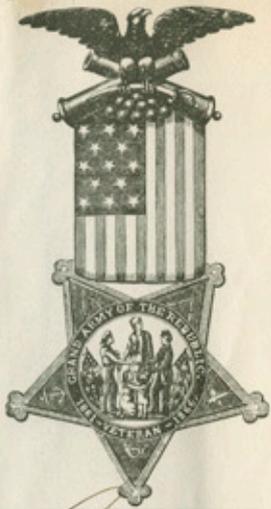

I shall not forget
to pray that God may make
you still more useful.

It is delightful to see

Genl O O Howard

My dear General,

Thanks for

your kind note just rec'd. I am glad
to receive your congratulations and especially
pleased to know that you have not
forgotten me. I was very much in hopes
you would come to the Division of the
mission, for then we would have had
an opportunity occasionally at least of
seeing you. I think you will yet come
to Chicago for I understand that
it would be as agreeable to General
Crooks, to go to the Pacific coast as to

would be for you to come East, so I have
faith that it will yet come about. My
Regiment the "Third" is transferred from
Montana to this part of the country
with Hays at Fort Snelling - so
we have not far to come. We came
into the city a little over a year ago
from Snelling and now must go back.

The family listened with interest to your
letter but the children and Mrs Brown
exclaimed, "why didn't the General
tell them about his former - Bonnie
Anna Harry" and so on. I laughed and
said the General is too busy a man
to write a gossiping letter. you will have
to get your information elsewhere - I
hear from Madam occasionally. I hope

you will yet get him on your staff - I
fear they will retain him when he gets
his Captains if he is on duty with his
Regiments. Madam regards and loves you
as strongly as ever, but who ever
~~did~~ serve with you General who did
not learn to esteem and love you! I
guess even Stanton learned the
lesson if he did not reach the height of
the second. I find Gen. Raper a
very pleasant gentleman to serve with.
He was evidently pleased with your
remembrance of him. We have been
having a glorious work here for the
past month. A Dr. Merrill who knows
you - has been holding afternoon and
night meetings for three weeks. The

Gen. O. O. Howard

Sir:—

A friend and I, called at your residence and also at your office but failed to find you in either place, hence this note.

We are both teaching in Alameda Co. and propose taking our history classes to S. F. next Saturday to visit the Panorama of "Missionary Ridge". We would like very much, if we could be permitted to visit Mt. Alcatraz at the same time. May we have a permit to do so? What means can we take to get there? If this is out of the question, may we be permitted to visit Mt. Point? We feel that at this particular stage of their studies

the boys and girls will take a special interest in these things.

A reply at your earliest convenience will greatly oblige

Yours Respectfully
