San Francisco Chronicle

MIDAY .......... MAY 25, 1888

Champo is the name of a San Carlos Indian as a witness in a murder case. He is a shrewd, sharp, cunning Apache, and the same Champo who, when General Crook was establishing the San Carlos reservation, for a bribe went out from San Carlos into the Santa Catalina mountains and brought in the head of his father, who was one of the chiefs of the San Carlos Indians who refused to surrender to Crook. The heads of three other chiefs were brought in at the same time, four in all. They were delivered to General Crook in barley sacks, and the savages received their coin. Champo doesn't like to talk about the subject now, as he has become somewhat civilized, and the thought of having been hired to murder his father for a reward doesn't give him much pleasure.
Miss Smith, who was thrown off the roof of a local train on a dark night last year, has sued the company for $50,000 damages and was brought in a verdict for the defendant, after deliberating for four hours.

The Moderation Society's

Office No. 21 Park Row,
Rooms No. 21 and 22,

Mr. H. D. Cogswell, D.D.S.S.P.

We urgently request your contribution for our popular temperance charity—"giving a cup of cold water" to many thousands daily. We need funds for a new Fountain at the Post Office and Five Points, and to carry on the work during the sultry summer term.

Our Free Ice Water Fountains were started nine years since at the Post Office, Five Points, Union Square and other localities. Last season we added a Perambulating Fountain to distribute free ice water and ice in the low slum tenement districts.

Philadelphia, Brooklyn, San Francisco and private gentlemen have copied this example, erecting Fountains. The press, reformers and police pronounce this as one of "the most practical temperance movements," blessing many thousands daily, and preventing the evils of intemperance.

There is urgent calls for Fountains. We need funds for expenses and ask your aid for this charity.

Very respectfully yours,

My dear General,

I have agreed to be present and preach the sermon at Dr. Barrow Church Sunday night for memorial services. Cannot you invite the friends at Black Point to attend these services? I would appreciate it very much if you would be present. I did not receive the invitation to preach until Tuesday evening, therefore did not offer at this last Sunday.

Dear O.C. Howie,

My engagement for the day have or they part themselves as to make it impossible for me to see you at the time arranged for. Therefore you have to introduce Dr. A. A. Flint, who will represent me in the matter I wish to consult with.

At this date, I am in delicate health, and my case is administered by Dr. Flint, who is myself trusted, and has been for many years. I wholeheartedly consent to your plan for which I desire to all.

Dear General:

I have meant to write you a long time ago to answer your good letter of March 24th, but one thing and another has prevented me from doing so.

I hope you approve of Jamie's and my plans. I am sure it was a hard question to settle.
but I think we settled it, as best we knew and so I suppose, it will come out all right.

I am so happy. Jamie has now passed all his examinations and all his anxiety about getting through.

There are only two weeks before he has to begin his work for Mr. Barber and can get well rested. At least I hope he will, but if he is always ready to do things for others and you almost afraid, that something may prevent him from settling.

I think he intended that over seas or other from you to have him do it, only not if he needs less so much. We there are only two weeks more before our school closes, and I am very glad of it, although I have been as happy as any one could be.

I shall write a letter soon to my cousin in California, saying that she can not go home with me, so I have to go alone.
I am so glad that you were not sent back.

Now Mrs. Howard going to Aleppo for a while. It certainly would do her a great deal of good. At home in Göttingen they are all well and Helbig and Alfred the same; they are both coming home for the holidays; maybe some shall come more all be together. 

I can't write in her last letter about Cleve. She had just been to see her. She said that he is studying well, so
a. Incident, who works in the game room with buns in the Chemical Laboratory, told her.
He is not very well; he has pneumonia. He just returned from London, whence he had been to the wedding of one of his sisters. Madrid thinks he is delighted with her boy-in-law and the happiness of his sister. All your friends have ever so many letters to write, but I have been such a negligent correspondent that I have not delivered their messages to you. But I shall be very prompt in replying after June 12th, and I hope, you will not punish me by letting my letters as long unanswered.

Hoping what you are all well and sending a great deal of love to each one, Sam

Dear Sir: Referring to Barnegat Park, New Jersey, the new Army and Navy Summer and Winter resort, full information in regard to which has been sent you from time to time, I desire now to state that this great enterprise is fully established. The substantial encouragement received from many very prominent officers has contributed largely to this end. Since the opening of Spring a large Depot and an Office Building have been completed and a number of cottages are now under way. The grading of the Avenues is progressing rapidly, and along the Southern Boulevard and other Avenues have been planted North Carolina pines, which, when full grown, will give shade to the widest and most beautiful Avenues on the coast. The Boulevard has been opened around the entire Park, and the southern line continued down to the Depot, from which point it will be extended to the Bay; and at this time upwards of ten miles of streets have been opened. From the Station there will be built a railroad for the purpose of carrying passengers to the steamboat landing. There has already been purchased a steam yacht to accommodate visitors to the Park. This boat will be in service on the Bay, from this time on, for the purpose of conveying passengers from the Park to all points on the Bay and Beach. A light battery of twenty-pounders is now at the Park, together with a large supply of shells and projectiles, which will be used for decorative purposes. Heavy guns, similar to those at West Point, will be mounted on earthworks and as a coast defense will be quite formidable, besides contributing largely to the picturesque appearance of the resort.

Since the first of April nearly one hundred lots have been sold, and at this time many applications are pending. Along with this Circular is given an alphabetical list of the purchasers up to this time. Among the recent purchasers may be mentioned Maj. T. C. Tupper and Capt. James A. Snyder, U. S. Army,
both of whom, with members of their families, made a tour of personal inspection, and on the ground selected their lots—the first named purchasing four and the latter three. Mr. George W. Bannerman, of Brooklyn, New York, also after a personal examination, purchased twenty-eight lots and has agreed to improve them all immediately.

Those who are so situated as to render a visit to the Park impracticable are requested to confer with Lieut. Edward S. Parrow, the Chief Engineer of the Park, who will be pleased to give full and detailed information as to any lots selected, progress of improvements, buildings, etc., etc.

The time-tables of the Pennsylvania and Jersey Southern Railroads give the necessary information in regard to trains, etc. All trains stop at Barnegat Park Station.

If you desire to secure a good location in the Park at present low prices, it is advisable that you make an early selection. To Army and Navy Officers special and very liberal terms will be made.

Lieut. John A. Payne, U.S. Army, will, in a few days, leave for an extended trip to some of the Western Posts in the interest of the Park.

Please advise me of your selection of lots or any further information you may desire.

Yours truly,

Said Sir,

Will you please give me your belief respecting "Christ and the Bible" for any book of our two hundred pages which I am now compiling to contain the views of eminent secular men only? I have gleaned already statements from several hundred statements, Authors, scientists,
Philosophers, Poets, and Business Men, regarding this vital topic. All but three or four of our Grandfathers kindly defended my letter requesting their views and without a single exception they are all for you as a Christian man. You can readily see the value of such a man and eminent clergyman telling me there is nothing like it in the world. Now please consider me the favor of writing your views briefly or extemporaneously if you desire for this book. Rest assured it will be greatly appreciated and when this work is published, I shall be glad to present you a copy.

O. O. Howard  
U.S. Army

Dear Sir:

Well knowing your kind heart, & proverbial forbearance to the shortcomings of some former comrades, I venture to ask You for a great favor.

During the war, was a member of your old corps the 11th C.S., at Chancellorsville, near Fredericksburg. Since the closing of the war, have been engaged in the pursuit of my profession as C. T. W. now hold disgraced C. I handed to a convicted 
felon domestic trouble force me to forget my ministry in the treacherous cup, and that to him, in an evil moment collected $30, or another man's name, for which crime I am convicted.
I will be sentenced in Judge Murphy's Court, Superior Court No. 12, Old City Hall, on Saturday, June 22, at 10 a.m. I am certain that the mood from You would go far with the judge towards mitigating my sentence. I was honored by an interview with You at Your headquarters in the winter of 1866. Several years of Your months in Col. H. Haynes's regiment (now deceased the 58th N. Y. V. C.) I am sure that I am presuming a great deal in asking this, but I hardly know who to appeal am forsaken by all. Those that have known me as an honorable man, think from recognizing the convicted felon. You with Your generous heart, duly remembered by all living members of the old 11th Corps, has no small prejudice and are not fail in extending a helping hand to a comrade in distress; even if he has fallen from grace. I feel the dis-
