Dear Sir, I have been intending writing you some time, and I am in the United States, as I am the Master of none. If you remember, after I went to your home, then at Howard Institute Washington, I called one day to see you next to your mutual friend, the late E. R. Smith, and finished with you there. For remember it was the time you were very much occupied by some unimportant officials in Washington. At least I must to say, is simply this if you still retain the same piano, and think I had placed on the cover six gold a scriptural motto, which was done at the suggestion of...
Mr. E. H. Smith. If you have trouble
the piano until you it should
come to my factory and be thoroughly
looked over and put in good condition
as it has been made and used
so many years. If you would desire
call and see if you and examine the
instrument and try and say some
thing to please you in regard to
any attention it may need.
I write a host of your friends, for they are
regrets. I am happy that
that you have done East nears
for your lost, to the Pacific coast
has been one year.

Very truly yours,

Dear General:

A worthy veteran soldier, who is in straitened circumstances, being for long-continued sickness in his family, possesses a check which made out and signed by General Grant, which it has been determined to purchase and present to our loyal G. A. R. Post. The sum required has been raised $15, and if you should feel inclined to lend us something, the same would be grateful acknowledged. Yours very truly,

Darwin C. Pavey,

To Gen. O. T. Howard.

Dear Brother:

I start to-night for Arcola La. where letters will reach me. I have left the correspondence mostly with Rowland relating to the funeral and Mother's affairs. I presume he said all that was necessary. Owing to the absence of two of the witnesses to the Will it cannot be probated until about the 20th of January. Brother Rowland could not qualify as executor because a non-resident.

I shall return from Louisiana about the 20th or before. As soon as I qualify, think I can make a distribution of the assets without a sale. It now seems that there will be enough to pay all the bequests and leave some $3000 in notes and mortgages to be subsequently distributed when the notes become due. These latter are from Mrs. Starr of Ghencoec, secured by mortgages.

We received the notice of Jamie's wedding on Christmas day.

He had been married two days. Later the cards came to Mother from Adelheid, after Mother had passed away.

Affectionately,

Dear General Howard:

You will see by the accompanying papers that we are depending upon you for our anniversary exercises on the fourth Sunday evening in January.

Dr. Abbott and our committee were pleased to learn that you thought you could be with us on that occasion. I suppose you do not need to be told the way to Plymouth Church. You probably know that it is within easy walking distance of the Brooklyn Bridge.

Yours sincerely,

Dear Sir:

Responding to the call of this old Commonwealth I left one of the kindest homes in which a boy was ever reared and entered the Confederate army at the age of 16. After enduring the trials and dangers incident to a soldier’s life I fell desperately wounded at the battle of Seven Pines. Recovering in a measure from wounds pronounced mortal I lived a support until seven years ago when my wounds resurfaced, and since then I have been practically helpless, unable to walk, I have come from comfort to poverty. The war ruined my parents and hastened them to the grave. Upon my wife, a heroine in her devotion, has devolved the care of her family. Through sunshine I rain, through heat & cold, often weary and hungry she has striven with such persistence to provide for her dear ones.
that her health is now somewhat shattered

Along with this I mail you a little book
written by myself which may be a source
of diversion in some leisure moment. At
the close you will find two letters. The contents
of which are well known here. Please read
the book.

Without assistance and as an American
an unfortunate suffering American who
will ever feel grateful for the least kindness.
I appeal without distinction of past dif-
fierence to the noble, the generous, the warm-
hearted for aid which they will not refuse
to one who in the morning of life gave
up all for Honor’s sake

With great respect and deference

Sincerely yours

Geo. E. Kendall

My Dear Lord

May I know my self or your money, and ask a very great favor of you?

Is my astonishment I find that Thursday the 10th is the time for the Union League Club's annual meeting,

for which I ought to attend.

My clerk had made the mistake of not entering it on my calendar, as he ought, until to-day; and consequently, when I wrote to you I thought to-day was clear. Those regular engagements are entered on my calendar for the whole year, before the year begins; but he was careless in not having attended to it on to-day; the time the new calendar is first out.

So I wish to ask if it would be possible for you and Mrs Howard, and your children to change the engagement to drive with us to Wednesday the 9th of January instead of the 10th?

If so, I shall be extremely grateful. Will you kindly explain to Mrs Howard and your daughter that Mrs Chephard is unfortunately unable to make any

Dear Sir,

We have reason to believe that you have had enlisted in the army as a young man from this city. The last time he was seen was at the Philadelphia Exposition in 1876, and it is believed that he enlisted soon after leaving Philadelphia.

I enclose a photograph, which would serve as a great help if you would make inquiries among the officers and men who you think would be...
likely to know. If he can be recognized by this photo, will you be kind enough to let us know under what name he enlisted, whether or not he has been removed by death or in any other way. If it is unfeasible kindly return the photo and I will communicate at your convenience—any information will be thankfully received.
