REAL ESTATE.

—: OFFICE OF :—

✻ A. ✻ A. ✻ SCOTT. ✻

Lakeland, Fla., Mar 23, 1889.

Dear Sir:

Owing to the fact of yellow fever having appeared in a few places in Florida during the last two years, and the extremely mild Winter North and West causing a large decrease in visitors, both of Tourists and Prospectors, property is forced far below prices of eighteen months ago, and much below its actual value. From the fact that many of our people are forced to sell, a fine opening is made for the wide-awake speculator. Already they are beginning to make investments.

Having had five years' experience in the Real Estate business in this country, and feeling confident of my ability to make judicious investments, I offer my services to those who feel inclined to invest, on the following:

TERMS:

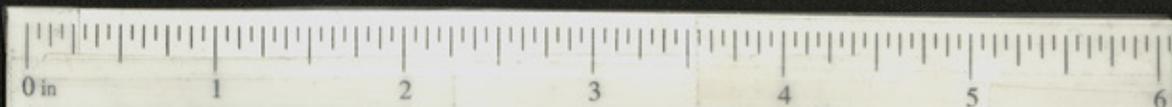

I will make selections of bargains in improved or unimproved property in any part of South Florida; examine titles, make the purchase, or, in other words, do all the work of buying and selling; take deeds in the name of the investor, and, after paying eight per cent. interest on the purchase money, all taxes and expenses, take one-half of the profits for my labor; or, if the investor, after examining the property, prefers to hold it as an investment, I will take ten per cent. on the purchase in satisfaction for my services.

I make this offer in full assurance that I can make money for you and for myself under this arrangement, if you have a surplus and feel disposed to invest in Florida. Being a stranger to you, I refer, by permission, as to my judgment and business qualifications, to the following well known gentlemen, namely: Hon. W. H. Reynolds, Chief Clerk House of Representatives, Florida Legislature; L. J. J. Nieuwenkamp, Banker; Hon. N. B. Bowyer, Mayor; Eppes Tucker, Attorney; Riggins & Waggoner, Merchants; F. L. Brooks, Druggist, all of Lakeland, Florida.

Soliciting your careful consideration of this matter,

I remain yours truly,

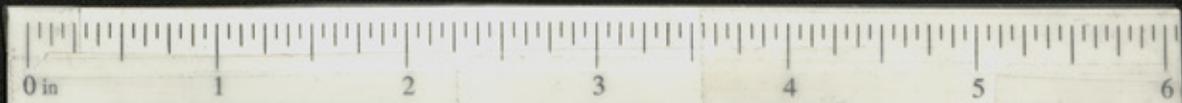

A. A. SCOTT.

My dear General -

Upon my return from
Phila. this afternoon, I
learned with great
pleasure, that you will
expect this evening, and
hope though you will have
many claims upon your
time; that it will not be
asking too much that
you give me a little
visit. Surely you will
appreciate it more! I am
very anxious to see you

American Sabbath Union,

23 PARK ROW, N. Y., March, 1889.

To the Friends of the Sabbath:

Rev. WILBUR F. CRAFTS, our Field Secretary, has returned from a lecture trip in the South and West, to his home, 74 East 90th Street, N. Y., only to plan for a more extended lecture tour which is to include all of the States and Territories (except some of those just visited), with a view to organize as many of them as possible into State and Territorial Sabbath Associations before next Winter's session of Congress. He will speak in the double interest of his two specialties, Sabbath observance and Sabbath-schools. March will be mostly spent in New York, with a week out, commencing March 10th, for helping in the fight for Sabbath rest at Cincinnati, and an address on the 25th in connection with Joseph Cook's lecture at Boston, just before and after which, and also before and after an address on April 15th to the Worcester Congregational Club there will be opportunity for addresses in other New England towns, where the way may be open.

On May 2d he will begin a lecture tour of five months or more, of which the itinerary is, in the rough, as follows: May 2d, Wilmington, Del.; May 3d, Annapolis, Md.; May 5th, Lynchburg, Va.; May 6th, Durham, N. C.; May 7th, Raleigh, N. C.; May 8th, Charlotte, N. C.; May 9th, Columbia, S. C.; May 10th, Augusta, Ga.; May 12th, Atlanta, Ga.; May 13th, Macon, Ga.; May 14th, Birmingham, Ala.; May 15th, Montgomery, Ala.; May 16th, Jackson, Miss.; May 17th, Vicksburg, Miss.; May 19th, New Orleans, La.; May 20th, Houston, Tex.; May 21st, Galveston, Tex.; May 22d, Austin, Tex.; May 23d, Fort Worth, Tex.; May 24th, Atoka, Ind. Ter.; May 25th, Kansas City, Mo.; May 26th, Little Rock, Ark.; May 27th, Memphis, Tenn.; May 28th, Chattanooga, Tenn.; May 29th, Nashville, Tenn.; May 30th, Louisville, Ky.; May 31st, Lexington, Ky.; June 1st, Terre Haute, Ind.; June 2d, Kalamazoo, Mich.; June 3d, Lansing, Mich.; June 4th, East Saginaw, Mich.; June 5th, Ann Arbor, Mich.; June 6th, Toledo, O.; June 7th, Joliet or Aurora, Ill.; June 8th, Elgin, Ill.; June 9th, Milwaukee, Wis.; June 10th, St. Paul, Minn.; June 11th, Minneapolis, Minn.; June 12th, Fargo, N. Dak.; June 13th, Sioux Falls, S. Dak.; June 14th, Council Bluffs, Ia.; June 16th, Omaha, Neb.; June 17th, Lincoln, Neb.; June 18th, Topeka, Kan.; June 20th,

Denver, Col.; July 7th, Cheyenne, Wy.; July 8th, Laramie City, Wy.; July 10th, Salt Lake City, Utah; July 11th, 12th, Idaho; July 14th, Butte City, Mon.; July 15th, Helena, Mon.; July 16th to Aug. 9th, Virginia City, Mon., Spokane Falls, W. T., Walla Walla, W. T., Tacoma, W. T., Seattle, W. T., Puget Sound; Aug. 11th to 14th, Oregon (Portland, Salem, etc.); Aug. 15th to 31st, Northern California; Sept. 1st, Virginia City, Nev.; Sept. 2d, Carson City, Nev.; Sept. 3d, Reno, Nev.; Sept. 4th to 15th, Southern California; Sept. 16th to 18th, Arizona (Prescott, etc.); Sept. 19th to 23d, New Mexico (Santa Fe, etc.).

These dates can be put forward or backward, in some cases, for a day or two, when such a change is important.

This is only a provisional itinerary. Mr. CRAFTS will speak on Sabbath observance in the places named on the dates indicated in case the Evangelical Alliance or a union meeting of pastors or some Sabbath-school Association or some Labor organization or Church will engage to arrange for a meeting or Convention, and advertize it thoroughly and guarantee at least \$10 by collection or otherwise toward traveling expenses, besides providing local entertainment. For Sabbath-school addresses by Mr. Crafts at any point on the tour, a net charge of \$15 each (and local entertainment — no other "expenses") will be made. This also goes toward paying the cost of the trip and of documents to give away at Sabbath observance meetings.

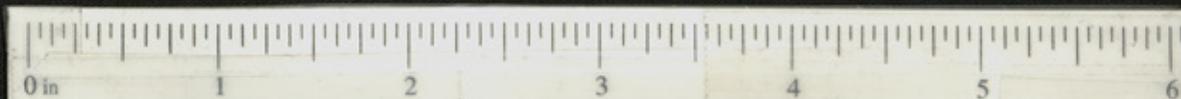

Will any person in any of the places named, who may receive this slip, see the pastors or other friends of Sabbath rest with reference to holding a meeting in his town on the date indicated and on the conditions named, and at once report the result to Rev. WILBUR F. CRAFTS, 74 East 90th Street, by letter or telegraph.

Whenever it is possible it is hoped that the pastors of some one of the cities visited in each State or Territory (except those already organized for the defense of the Sabbath), will call the friends of the Sabbath together from all parts of the State or Territory for the purpose of organizing a State or Territorial Sabbath Association. This was successfully done not long since by the pastors of Columbus, Ohio. When this is not feasible let there be a local mass meeting, or sermons in several leading churches, in case the appointment is for a Sabbath. If even this is not feasible, please let it be known to Mr. CRAFTS at the earliest possible moment that the date may be used for some other place in the same region.

Yours in Sabbath Defense,

J. H. KNOWLES,

Gen'l Sec. and Ed. of Publications.

Gen. O. C. Howard,

My dear Sir: —

Your favor of 2/28
is received. I am very
glad you consent to speak
for me —

If it is agreeable to
you I will depend upon
you to speak April 21 —
Sunday Evening.

I have not arranged
for any other layman to
speak on the same evening
but perhaps I can
do so if you much desire
it. I should be glad how-

love to give you the
whole of the time. I had
not intended either to
have a Sunday School
Concert in connection
with your address. I
am sure it will be tho-
roughly appropriate for
you to make a religious
address at any time.
Still I will make such
arrangements as
you desire.

Very truly yours,

Dear Sir

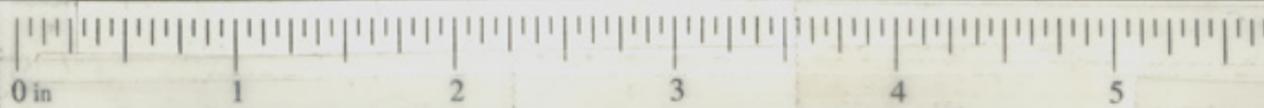

I shall feel honored if you will allow me to place your name on the Board of Visitors of this Academy with the hope that at least once each year you may be able to visit the school, review the cadets and inspect work. — Myself an old soldier, twice wounded, I shall be particularly happy to have your name connected with my work. You remember me as in command at Pecks Kill when you reviewed the Cadets there.

Dear Sir:

I have the honor to inform you that I shall assume the Superintendency of the above-named Academy at the opening of the School year in September next, and beg permission to place your name in the list of references which will be published in the Register of the Academy, which will go to press in April or May. I shall give my personal attention to the School, and shall be supported by a strong faculty, four members of which have already been selected. all men of successful experience in the work of discipline and instruction.

The Academy will occupy the beautiful buildings and grounds of the Glen Ridge Hotel, at Cornwall-on-the-Hudson, of which I enclose pictures. The buildings are fitted with all modern improvements—gas, water works, water-closets, with ample water supply, bath rooms, etc., all heated by steam. The changes which we contemplate will make the Academic building one of the most complete and convenient school edifices in the United States, and will provide commodious class and lecture rooms, laboratories, drawing and work rooms, a reading room, library and gymnasium. On the south building is an Observatory, which will be provided with a seven-foot Astronomical Telescope upon an equatorial stand. The grounds, twenty-nine acres in extent, are beautiful, elevated, and highly cultivated, with well-kept lawns, and gravel walks leading to rustic seats that command a magnificent prospect of river and mountain. The location, four miles above West Point, is healthful, beautiful and accessible.

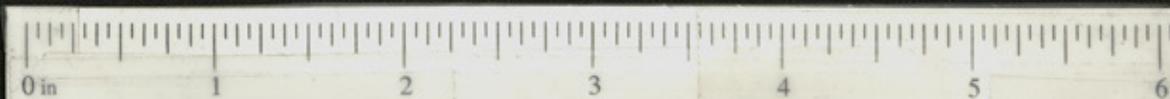

The buildings are handsomely furnished and will be very fully equipped. Each Cadet may have a room alone.

Trusting you will honor me with a reply,

I am, very truly yours,

C. J. WRIGHT.
