United States Senate,

WASHINGTON, D. C. March 16, '89.

My Dear General:

You will remember that during the first session of the 50th Congress an appropriation of \$25,000 was made for the establishment of an Indian Industrial School in Ormsby County, Nevada.

At the last session of Congress I secured an additional appropriation of \$10,000 for the erection of buildings, etc., for the school. We are now endeavoring to secure a competent superintendent of the institution, and in this connection I quote the following from a letter to me from MR. H. M. Yerington, of Carson City:

"On the 5th of April last year I wrote you that Genl. O. O Howard had been here taking much interest in our Indian School, and told me to say to you that when the school was ready for it he would gladly detail an officer, an excellent man, well fitted for the position from his intercourse with Indians, to act as superintendent without expense to the Government, he being already under pay. Now, what do you think of the proposition? It strikes me as being a good idea and presume the General would see to it if called on."

If you could detail such a person as indicated by Mr. Yerington to act as superintendent of the Indian school, I think it would be of great benefit to the institution.

Please inform me whether you can do so, and let me know the name of the person you may select, whether he is married or not, etc., and greatly oblige,

Yours, very truly,

Genl. O. O. Howard,

Genl Howard,

My dear Sir:-

I take pleasure in
saying that C. B. Alexander,
Esq., has consented to speak
April 21st in connection
with yourself at our Ch.

He prefers not to be
assigned a theme.

I would very much
like to have your Subject
about a week in advance
in order to print it with
a notice of the Service
for circulation in the Co-

cality of the Church -

Mr. Alexander inquired
me to say about the length
of time he would be expected
to occupy.

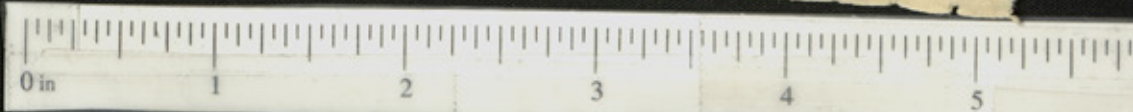

I usually occupy
30 or 35 minutes in the
Sunday Evening Sermon.
I think 40 or 45 minutes
could be divided between you -
you perhaps talking 25 or 30
and Mr. Alexander 15 or 20.
I should like to know your
own thought in this matter.

Faithfully Yours,

L. S. Temple

And briefly of Ford -

your great kindness. Your letter of introduction to Mrs
Harrison was promptly received and presented and last Saturday
week I received an official order by a special messenger

thing it is to have a good friend like you at court.
Previous to leaving Washington last week I with Mrs

expressed herself as delighted with the piano. Again thanking you

Genl O. O. Harrison,

Dear Friend:

Harrison is President now. Have you done anything for me? I want one of the Federal Judgeships here very much. I have sent your letter to me and a strong recommendation from Frye and Cullum and others and that of my old benchman and the bar and others here to Jewett to be sent or taken by him to the Pres. or to some one he thinks best to put in the hands of to present to him. I wrote to him I wanted him to go to Washington and see C. J. Fuller and Payson and Henderson U.C's and take you along. Could you go there for me? Now, old Cham, I feel that I can fill the place and I wouldn't want it if I thought I couldn't - and you have influence with the Presh and with many whom you can get to influence him and won't you use it in my behalf.

Could you go to Washington - make it in your way - find a way or make one - and get me appointed? I have written to Cullum to see you and Charablain and Jack and others and make any straight wires for me.

You know me clear through - you know I would make an honest and worthy Judge and your standing and your knowledge of me, I feel, would go a great way with Genl Harrison. Won't you go and see him for me?

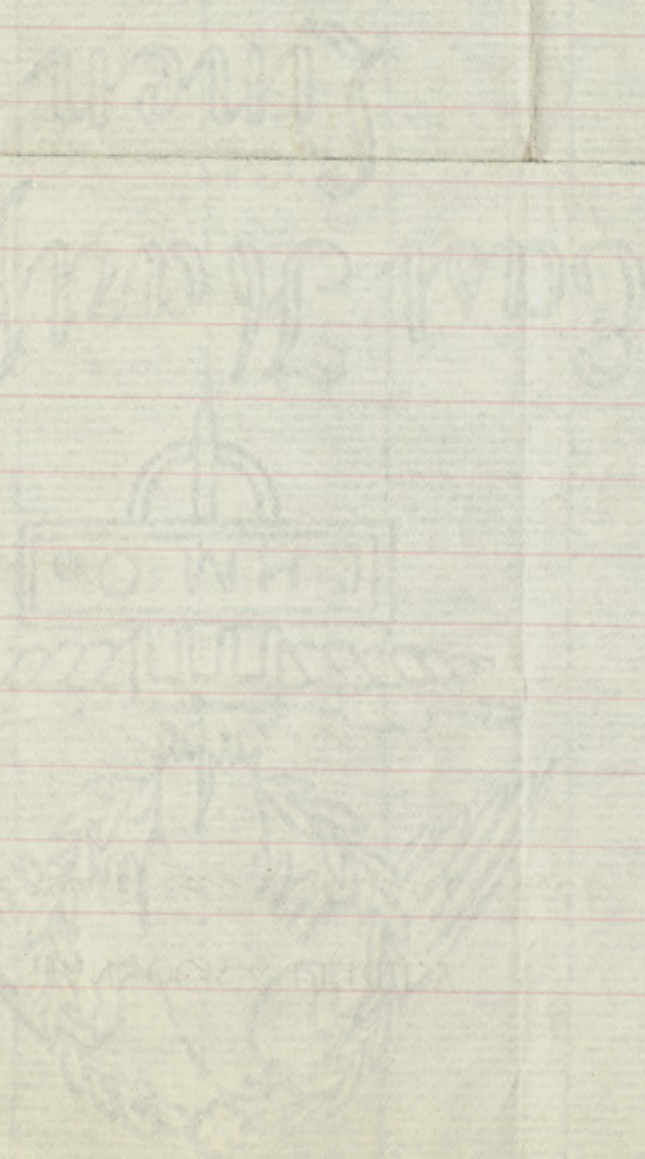

will pay expenses and you know I will be obliged to you in my heart
as ever.

Gen. O. O. Howard.

My Dear General:

Our excellent friend
Capt Sladen has recently advised
me that he had kindly written you of
my purpose to apply for an appointment
as Assistant Adjutant General. I have
so applied to the Adjutant General,
aiming at the vacancy coming from
the retirement of Gen. Drum, and
consequent promotions in that corps.
General Gibbon has forwarded the
application with a very strong
commendatory endorsement.

The present Administration
has brought personal friends
into power under whose

auspices my application will have
at least judicious and careful
consideration, I am sure, from the
President

After 28 years of service I
have D. V. yet 11 left, which it
is pardonable perhaps, that I should
desire to pass in a wider sphere of
usefulness. My main motive and
excuse for intruding upon you
comes from the anxiety I have to be
placed where I can do more for the
education of my children, to which
end I must not lose opportunities

I take the liberty of inclosing
an epitome of my history as it went
to the A. G. O. Please excuse its
misfitting sheets as I am a 100 miles
from a type-writer.

I realize that the standpoint

of ever so old a Captain is not
that of a General, and many things
not in my parview might be a
barrier to your sympathies. Should
you however find it meet to write
the President in my behalf, or in any
way aid me I should be grateful.

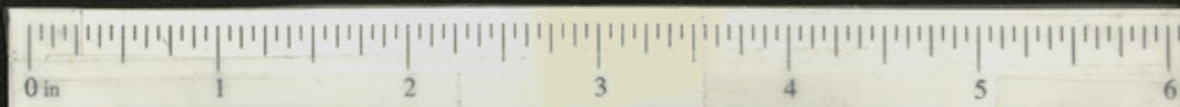

Permit to add that I have the
friendship of Gen. Wager Swayne,
though it is some years since I have
seen him.

With respect-

Sincerely Yours

G. S. Carpenter
