My Dear Sir,

Would it be possible for you to come to Troy and address our Union on the occasion of our Annual Meeting October 8th, 1839? We have not time ahead yet, but I presume your time is so occupied that we must look ahead in order to get done before other. Our Union comprises twenty societies, nearly all large. You have a membership of over 1,000, many almost that and more. (Rev. Mr. Remick) near 2,000. We have a large number of young men who could be reached by such a speaker as yourself. If it is possible for you to come, you can be assured of a cordial welcome and a large opportunity for doing us good.

May our Heavenly Father sustain you in all your work!

Very sincerely,

Rev. T. Lemmon
Boston, May 11th, 1889

My dear C. O. Conant, Alk.

On behalf of the Union I am authorized to invite you to be the honored guest of the Union at its annual celebration on the evening of June 3rd next. On that occasion it is too custom to have with us leading and representative Sunday School men of the country. Mr. Ralph W. Niles has accepted our invitation to be present. Dr. John Bumstead gave us encouragement last March and hopes that he will come but today comes and that it would be impossible on account of department duties. We feel that your presence with us would be an advantage to all the Sunday Schools in this section what you might have to say. We would reach a large number would do a great deal of good. Our Union comprises two hundred Congregational Sunday School
Supervisors of Boston vicinity, with their thousand teachers and more than twenty thousand scholars.

Your brother Rev. R.B. Howard would certainly join me in urging you to come except that he had failed for Europe this morning.

It would be our desire to meet your expenses to come to us in Boston. We have requested a friend in N. Y. to see you today, extend our invitation of which this is confirmation.

Sincerely hoping that it may be our good fortune to have you with us and acceding you of the esteem of all our members I am with great respect,

Yours sincerely,

R. A. Pierce, Pres.

Dear Sir,

I am writing to express my deep concern regarding the recent developments in our society. The recent events have raised serious questions about the values and principles that we hold dear. It is crucial that we come together to address these issues and work towards creating a more just and equitable society.

In light of the current situation, I would like to propose a series of meetings to discuss potential solutions and strategies. I believe that through open dialogue and collaborative efforts, we can find ways to address the root causes of these problems and work towards a better future.

Please let me know if you are available to discuss this matter further. I look forward to your response.

Sincerely,
[Signature]

P.S. Enclosed is a copy of the statement I have prepared, outlining the key points I wish to raise in our discussions.

Dear Sir,

Will you pardon the liberty I take in asking where I can obtain a Register (Official) of the Forts in the United States, with names of Officers? I am engaged in the circulation of literature to the Military & Naval Services of our country, and since changes are so frequent, find myself in need of a new Manual. Yours respectfully,

My dear General

Your communication of the 25th ult. was answered the following day, but having heard nothing further from you I fear my letter has not been received.

In my reply I denied the allegations mentioned in your letter, and to show you (whose good opinion I value highly) that officers of high rank do not debase the opinions of those who have indulged us I enclose two documents for your perusal. I respectfully request that you will return them to me as soon as practicable and if you would send with these documents, one of similar tenor signed by yourself I should feel greatly pleased and grateful.

Very Respectfully

Eric Bingham
