My dear General:

Before receiving your kind answer to my message of April 28th, I met Admiral Smith, an old friend of mine. He kindly invited me with the boys to go on the excursion with him. I accepted it.

I ought to have written you before and thanked you for your kindness in the matter. Please accept my sincere thanks now.
You would be pleased to know of the good work going on quietly here now.
the religious feeling in the corps is good, healthy and strong. Prayer meetings
will attended and full of interest. The網路 class have voted unanimously
to have no wine at their supper in New York.

With kind regards to
Mrs. Howard, Dismain,

Yours very truly,

Dear Miss Howard,

I went to the Battery just to see how far from the 10th Ave Road I went to the warehouse building. When I saw my friend's building I came by the 12th Ave. There was a thud of the explosion and totally unexpected death in the 5th Ave Hotel, of my friend Mr. The Rius, who had engaged a pension in the City of Paris. For yesterday, he came to St. Petersburg as Minister to Russia. I have

granted the fact to you — I brought to Paris Romania when I signed the

My dear James

In the brief paragraph only
the news was given to the bare
fact of the death of Lieutenant Geble.
His succumbed.After the news shocked me
beyond expression and we are all
shaken by what we can possibly
bring ourselves yet believe. My
brother-in-law, Edwin Geble, at Santa
Barbara, heard of it in the mail
starting my note was for the
moment, completely efect.

Mr. Volkman immediately wrote
Sydney and I ask a line to
accept my
Sorrowful sympathy in your great personal loss which you must know I deeply share.

If it will be quite convenient, I will be greatly obliged to you if you will ask some friend at Governor's Island to kindly write me those particulars you can understand should like occur.

Please present my respects to Mrs. Adams and convey my tenderest greetings to Mrs. Gibbs if still with you.

Please me, dear General,

Sincerely, and Respectfully Yours,

Wm. H. Folsom

Sir,

Several months ago I called on you asking you to come to Paterson and address the young men of the Y.M.C.A. at their anniversary. You could not come, which greatly disappointed me. Now, if it is possible thing and if the divine Captain does not otherwise order, I wish you would name a date between June 1st and June 16th on which you could come to my church and deliver an address adapted to young
men & young women.

The enclosed postal speaks for itself.

P.S. I know if no place in this part of the 'footstool' where your presence is needed do more good than in this city. It has been said 'that there is no tougher city this side the Mississippi than Paterson.'
To Sir,

You will consider yourself guaranteed against the "Boston standard of criticism" for the evening of June 2d of course a limited organization like ours could not keep such an awful monster at bay for a longer period. We are not hungering especially for "college-clasemate-picked-up" statistics but we are eager for whatever Mr. Howard has to say.

Will write you again in due time, meantime we are

with great respect,

My Dear Sir,

I wrote you in latter part of Feb. last reading copy of a petition to account of the city judge fallen for his appointment. I have had no reply, through I asked that said copy be remailed to me when you had looked it over. If officially correct, think of the said copy is at hand, please return it some day.

My purpose now in writing is to ask if you can mail some member of the Overseers of Bowdoin a transcript, and ask that...
The degree of D.D. be conferred on Rev. W. S. Southgate, of Norwich, N.Y., class of 1851. He has for many years been esteemed and held in high repute in the Episcopal Church. I have endeavored to be present at his Communion, much come very choice testimonial from clergy and officials in this behalf. Suppose you will hear Dr. J. O. Ferre, Bache, or Dr. Webb, a John Jewell, the letter at Bangor. Me - do not refer once in any such letter.

A few weeks ago Balloch called to tell me that had become here, had a fine time with officials, &c.
Since I left my
ministerial friend
of the 1st Cong. Church
and their broad gos-
pel and no hell, I
found myself cut off
in a considerable
degree from meeting
old time friends also
since this way.

I am very glad to
note that you went
with Perley's appoint-
ment in Arizona - but
the "home rule" plan
of your bill or laws can
him out. Truly yours,

the trip, I trust he will return to his safe and well in good time. We drove over to his house the evening of the 10th. I say good by, and the rest of his entire family had gone on board ship, as the steamer was to sail early the next morning. We were sorry to miss seeing him.

I received the "Memorial" to your dear mother and wish most heartily in the testimonies to her heroic and Christian character, I loved and honored her always, and she is my ideal type of Wife and Mother, these few attain the standard.

Give much love to your dear Wife and Jasmine and M. and the children who I have never seen, but hope to some time. Whenever you, or you come to Boston it will give me great pleasure.

Your very kind and cordial letter of the 6th was received with much pleasure for I felt assured that "It was all a mistake," and wrote to Sartie at once to that effect. I ought perhaps to apply is for troubling you about this, for I felt assured in my own heart there was some mistake, and could see no other way than to inform you, and most sincerely thank you for your kind expression of love and hospitality for myself and children, and regret that they were so sensibles on such
on occasion, of crops, and expenses. Our lives are too short, and too full of disappointments to allow imaginary ills to cause unhappiness or estrangements.

Marian was arrived safely at Boston No. 16, where she is to spend a few months with her sister, and we trust the change will be beneficial, as she has not been well since the death of her little girl, and we trust she may return with renewed strength. Thea's mother remains with Frank at 160 Dexter St. Asa is with them. My brother Perry and wife have been in Malden for the past few weeks. He is much better in health and habits, and is making a great effort to resist the terrible temptations.

This really become a disease with him. We see him every day, they spent last evening with us very pleasantly, and we hope, and pray most earnestly, that the dear family suffer will give him grace and strength to recover, and be a whole man once more. Pray for him, dear Cousin, for it is only by the grace of God he can be saved. There is no disease so terrible or so inurable as that of alcoholism. When will our ministers, our physicians, our lawmakers, see this evil in its true sense? May God open their eyes.

I suppose cousin Norland is well on his voyage, which I am sure will be a very pleasant one. He will have so much to enjoy throughout.

My dear Sir,

The Board of Trade at Plattsburgh, N.Y. have petitioned the Secretary of War praying that the Military force now stationed at the garrison of the United States post there be increased to two companies.

I am deeply interested in the future welfare of the Military Post at Plattsburgh, and was instrumental in securing an appropriation from Congress last winter of $10,000.00 to build a macadamized road through and along the Government Military

Reservation in said village. I sincerely trust that the request of the good people of Plattsburgh my fair will meet your approbation.

I would be pleased to have you visit Plattsburgh during the summer months and make a personal examination of the post there. At the same time I would be pleased to take you into the Adirondacks where the air is pure and the fishing fine. I am satisfied that a few days in the mountains would do you good.

Yours truly,

Sunday Observance Association
Of Kings County.
Room in Y. M. C. A. Building, 502 Fulton Street.

Brooklyn, N. Y., May 17, 1889.

Gen. C. O. Howard:

My dear Sir: If convenient and acceptable to you we should be glad to have you attend the Anniversary of this Association on next Sunday, as per enclosed invitation.

There are many influences constantly at work undermining the Sabbath. To keep the question alive one we desire to hold small meetings on Sunday evenings in the immediate future. Could you possibly arrange to be with us on some Sunday evening, say 4th June 2nd or 9th? Of course we know you are interested in the preservation of Sunday. If it be not acceptable to you should you accept the invitation instead of assisting in the President’s address we might simply announce that you would be present (with the understanding that you might be called on for a few remarks) all of which would serve to attract
public attention and increase public sentiment. As one thing in this community is so demoralizing as base ball games played every Sunday at Ridgewood Park—just over the Co. line in Green Co. where our Co. Car officers can't reach them and the officers of the Co. can't reach them. Young men the baseball fans are becoming sadly demoralized and religious influences are completely destroyed in that vicinity in both counties. By making public sentiment on this subject in the city it may be able to prevent a continuance of these games in after years out of sheer self respect—forcing the club managers to yield to public sentiment. Upon this subject our local opposition would express me should simply expect you to address yourself to the General Subject.

Hoping to hear from you by return mail.

Very Truly Your,

J. L. Mitchell

It is a Brooklyn custom to have all the Sunday School children with their teachers parade our streets and have gatherings in our churches. And parties for singing short choruses. etc. (Admissions limited to 15 or 18 minutes each. Plenty of cake, ice cream, and greens. Make many children happy and I am sorry to have to make some with thin extra father and mother. But...
The Children's Day in Boston is a great day for the children. They will enjoy a good time at St. Peter's and our Senior School is expected to be at the Church of the Pilgrims on Wednesday, P.M., the 2nd of June, P.M., at 2:30 P.M. The service is limited to 2500. The Children can get their places in the morning without delays.

The Manager will be obliged to have you occupy 15 to 18 minutes with your 7 coin, to the nearest quarter, or to the nearest dime, or to the nearest dollar. The 2nd of June, P.M., not with this number.

I have the pleasure to forward a letter kindly given me by Genl. Porter and added to by Prof. Mitchie.

These, with such recommendation as you may kindly give me, I propose to lay before the authorities in Washington where I can find an opportunity to do so in person.
When you last saw my son he was a little fellow at Omaha on route with his mother to meet me at Fort Douglas. Now he is nearly as tall as I am and will probably be taller.

Gen. O. O. Howard,

Dear Sir,

Being a member of the Pontiac Board upon the condition of the Apache Indians, I am desirous of having a little conversation with you on that subject.

I expect to arrive in N. Y. early Monday night & to be at "the Brunswick" Tuesday. I will also mail them until Wednesday at 2 P.M., if by doing so I can see you. I will not be necessary for you to come so far uptown. I will meet you at any downtown place you like to appoint.

Please telegraph to me if this interview is possible.

My kindest regards to Gen. Armstrong.

Respectfully yours,
