My Dear General:-

I find that the West Shore time tables take us from Jersey City at 11.20; that we reach Kingston at 2:20 where we change cars to the Wallkill Valley R.R. at 2:40 and reach New Paltz at 3:15. *on arrival at New Paltz* The Lake Mohonk stages will leave immediately which will place us on the mountain in one of the most delightful spots in America or any other country at about 5:30. It will be very easy for you to reach the Jersey City Pennsylvania Depot by steamer Atlantic, where Mrs. Fisk and myself will meet yourself and Mrs. Howard in time for the 11.20 train out of that station on Tuesday Oct. 1st..

We find all our people well on our return from that delightful excursion to Cincinnati. I shall ever rejoice that our Army Reunion in 1889 gave you such a splendid opportunity, and that you more than met the occasion, and that the world so recognizes it. With very great respect I am

Faithfully your friend,

Dear General,

On behalf of the Committee on Trusts and the Society of the Army of the Tennessee I write to thank you for coming to our reunion and for making the speech that you did at the Banquet. The close attention of your audience at two in the morning ~~had~~ told, better than words of mine can, how important they were with it.

Please send me your type written copy for publication in our annual report

STATEN ISLAND RAPID TRANSIT RAILROAD COMPANY,

SUBJECT:

NEW YORK, Sept. 30th., 1889.

IN REPLY TO YOURS OF

Major-General O. O. Howard, U.S.A.,

Commanding Division of the Atlantic,

Governors Island, New York.

Dear Sir:-

I am informed that the Collector of the Port of New York has granted to a man named C. F. Kline the right to put up a small building at the north-east corner of the Government property at the foot of Whitehall Street, immediately adjoining the property occupied by the Staten Island Rapid Transit Railroad Company, and directly in front of the dock used as a landing place by the boats running between the Battery and Governors Island.

Mr Kline pretends that his intention is to use this building only for the purpose of selling food of various kinds, and beer; but in my opinion there is very little doubt that he will not confine himself to beer, but will sell liquor.

However this may be, such a building would be an unmitigated nuisance for obvious reasons, both to the Railroad Company and to persons using the ferry between Governors Island and the Battery. It would be a constant temptation to our employes and to your soldiers to drink, and it would be most objectionable to the ladies who would be compelled to pass it. It would undoubtedly be a lounging place for loafers.

The Railroad Company intends to make an earnest protest against the construction of any such building; and I beg that, if you agree with me and can consistently do so, you will add your influence against the construction of such a building.

Respectfully yours,

J. F. Emmons President.

Dear Sir:-

I am informed that the Collector of the Port of New York has granted to a man named G. F. Kline the right to put up a small building at the north-east corner of the Government property at the foot of Whittell Street, immediately adjoining the property owned by the Staten Island Rapid Transit Railroad Company, and directly in front of the dock used as a landing place by the boats leaving between Battery and Governors Island. The Kline protests that his intention is to use this building only for the purpose of selling food of various kinds, and beer; but in my opinion there is very little doubt that he will not confine himself to beer, but will sell liquor.

Dear Sir:-

Permit us to call your attention
to the Youth's Companion which is
now in the Sixty-second year of its
issue and which has among its
contributors many of the most dis-
tinguished authors of Great Britain
and the United States, including Mr.
Gladstone, Mr. Blaine, Lord Jernyngham,
Lord Salisbury, Prof. Lyndall, Prof.
Huxley and Mr. Whittier. Among the

officers of the army and navy who write
for us are Admiral Porter, Admiral
Lucas, Gen. Merritt, Gen. Miles and
Gen. Crook.

Our object in bringing the paper
to your notice leads us to inquire
whether you will write a brief article
for us. It seems to us that your
long and varied experience in the
army must have embraced many
incidents which our readers would
relish. Have you not, for instance,
something — either an anecdote or

an adventure, to recall when a boy or
a girl asks you for a story? It
might be a chapter of your own
youthful experience or an episode of
your later life. This is the sort of

thing we are after. We do not want
a labored literary effort but a pleasant
little narrative which both young people
and adults would read with interest.

The length of the paper should be
from 2000 to 3000 or 3500
words in length, and in return
for it we would gladly place at
