GENERAL O. O. HOWARD has written an article for the young folks who read WIDE AWAKE, which will also interest and enlighten their elders; we refer to the little paper in the October number entitled "How many Indians in the United States?" In the same number Miss Kingsley, Charles Kingsley's daughter, has a valuable contribution about "The Boy who Invented the Telegraph"—Claude Chappe, a little French lad. Mrs. Goddard Orpen in her "Famous Stones" series gives a very different page of French history in telling the story of "The Diamond Necklace." After excepting Mrs. White's Public School Cooking paper about dainty preparations for invalids, and the kindred one by Mrs. Cavazza about "Sleep Slippers," and Prof. Starr's "Geological Talk," and Mrs. Claflin's "behavior" letter, the remainder of the number is given up to stories, poems, and pictures, all of a most entertaining character.

Colored children are apportioned an equal share of the school funds, unless in the State of Delaware, and their schools are kept open as long and under as well paid teachers as those of the white children. The funds for the support of these schools are furnished mainly by the white inhabitants; and after making due allowance for all the sums that have been furnished for the education of the negroes through private sources of benevolence and through taxes among themselves, it may still be said that the children of those once held in servitude in the South are being educated by the sons of their former masters.

In discussing the conditions affecting public education in our country, he continues, the necessity that the Southern States of maintaining two separate systems should

General

I beg the honor to introduce to your acquaintance
Mr. Stanley A. Richards of Guilford Conn, who desires to
present for your consideration & advise the case of his brother
George B. Richards a young man of only twenty five years
of age now who deserted from the service about a year ago after
a short term at Fort Sumner. Mr. Stanley wishes to know
if there is no honorable way open for his brother to wipe out
the stain of desertion which rests upon him, other than by
voluntary surrender to the military authorities & endurance of
any penalty that might be imposed by a Court Martial. He
has an aged mother living in this city, another brother who is
clerk in the Crocker House & I am informed that he is doing
a good business for himself, having changed for the better his
bad habits which caused his desertion.

Very respectfully

Dear General;

I can get no satisfaction from Griswold. He told me yesterday that he was "under the impression" he had written you about the Los Guillicos property. Said he would certainly do so that very afternoon. Told him you would like very much to have him deed you 5 lots and keep the remaining 5. He said that perhaps that would be the best thing to do; that he had been hoping to sell the 5 at a good advance and after deducting the \$100 you subscribed towards the church to send you something handsome besides.

I told him you were anxious to make some kind of a settlement at once. The taxes on the lots will be light. I told Griswold to send you the amount.

Genl. Perry has assigned to me the R.R. Contracts on $W\frac{1}{2}$ of Sec. 5, Tp. 31 South, 30 East, M. D. M. and if you or any of your friends there care to buy the same at $\$6\frac{1}{2}$ per acre I would sell at that figure. You can't buy any land near Mina short of $\$10$ per acre. This $\frac{1}{2}$ sec. is just South of the one you sold to Dr. White. You will remember that we drove over them on that trip we made to Paterfield in '87. The land is level land of good quality and lies in the thermal belt. Only 4 miles from R.R. and 5 miles from Pampa Station. Paterfield is 12 miles away. Did I not need a little more money to put into my business I should not sell at so low a figure.

Very sincerely, John W. Northrup.

I presume you never saw them.
When he called on me for the last
time there, he spoke of "the great
noble work" I had done in Wash-
ington.

Now, frankly, I regard his adminis-
tration of H. K. as deficient in two
important particulars: 1. There never has
been a revival there, since he has
been there. 2. He has utterly failed
to convince the colored man, that
he is in downright sympathy with him
in his effort to rise.

Best enough. Aff. Yours,
J. Rankin.

My Dear Genl:

I will look
over the North American & send
you some notes.

As to what Pres. Patton said
at Lake Mohawk: do you not
think your knowledge to the contrary
of his representations about my
being infidelious, should be made
known to such a man, as Gen.
Eaton? I think, I can claim that
I have always shown a fearless-
ness in your defense, whatever
it has cost me: & it has some-
times cost me obloquy. I do
not quite understand how
you can be silent, now. I do not

want you to be a Jackson. But, you
show the wisdom & discretion with
which I stood 15 years as Pastor
of the 1st Church, in simplifications
& difficulties & discouragements
such as H. & never saw. And it
is true, today, that there is not
a Cong. Ch. in that city, nor an
institution such as Y. M. C. A.
or Ch. C. F. & which would not
have my return with joy. I should
have no part in any discussion
1st Cong. Ch. I had no agency in
creating them. Pres. Patton did
much to create the present
state of things here. He is largely
responsible for the kind of
preaching they have; for years,
he was Pres. of the Society, &
he was always an offense to
a great many, because of his
overbearing ways. I turned his
speech at Am. Board, yesterday.

He is like the wolf, that charged
the lamb with muddying water
that was above him. Of course,
he believes it all. But, when the
history of his relation to the 1st Ch.
in Washington, & its present con-
dition is given at the great wide
open, there are some things which
he is now saying, which he will
not care to repeat. And I make
my appeal to that tribunal.

When I was dismissed at Ch.,
Pres. Patton wrote the resolutions. If
those resolutions do not constitute
a defence against his present an-
imadversions, I could not have
one. Here they are!

Dear Brother:- I am much pleased to get your letter this morning and the photograph for Col. Bramhall. I will deliver the latter in person. We have not received a letter from Mac since he reached New York, so that your letter will be quite a gratification to his mother, as well as myself. It seems as though he must have written and that the letter has gone astray. Possibly, however, he was having such nice times that he did not find an opportunity to write. At what time did the City of New York sail? We thought possibly she might have been injured by getting aground and so delayed. But your letter was dated the 16th., the day originally appointed.

I wish I could have heard more from you about the various places you had visited, such as Lake Mohonk, the Army of the Tennessee etc. But we are thankful for what you did find time time to write about the meeting of the American Board and the Club. I note your question as to what we are to do to maintain the standard of our Lord and Master. All of my boys and Nina seem to be heartily enlisted and at work. I hope that the stay abroad will not diminish Mac's interest or zeal in the good work. But I have some fears as to the influence of the continental Sabbath, the drinking usages, and the general frivolity of life in Paris. But after all a character that

Dear General.

I do not know what excuse I can offer for the delay in not attending to your request contained on the enclosed letter of Mrs Getty. But at last I have attended to it. I saw Mrs Getty last evening. She seems to be a nice lady, and is quite an invalid, seems to be suffering from Rheumatism in the muscles of her legs but is able to get about the house. She seems to have two sons (Clarks) at least there are two names in City Directory whose occupation is given as Clarks that reside where she does. She says her husband deserted her about 25 years ago, and is living with another woman in Buffalo. Her acquaintance with you was in 1861 when she boarded with you, and kept Senell & Hillhouse at Mr Pools on 14. St. bet. 13 & 14. Sts. Her son has an Episcopal Prayer book that you gave

old orderly John T. Antish said he was
with you then. Her husband is a distant
relative of Gen Getty (as she says) - I don't see
what special claim she has on you. I shall
give you all the facts about her that I can
gather from her.

Myself & family are as well
as usual. I had a touch of malaria in Aug.
which made me feel pretty mean. I
am too busy all the time to get a chance
to be sick. Where is Harry. I thought pos-
sibly that he & Bessie would come over to the
Conclaves. It was a grand display and we
had grand weather. May's husband has
an appointment in the War Dept. the climate
at Mobile did not agree with him. They are
with us (grandson & all). Our old friend Genl
Hustratft seems to have passed away - a good
soldier and an honest man, and I hope
a Christian. Remember us kindly to Mrs
Howard, and the children.
