Major General Oliver O. Howard, U. S. A.

Commanding Division of the Atlantic

Governor's Island, N. Y.

Sir,

With due respect I have the honor to submit for your consideration the matter shown below, and hope that same will obtain your kind attention.

I have been a soldier in France, and came to America where I enlisted in the U. S. Cavalry. For some reason Col. Brackett of the 3rd U. S. Cavalry, then commanding the Post of Jefferson Bks, Mo., assigned me for duty in Adjutant's and Quartermasters offices. By request of the late Brig. General W. B. Hazen, I was discharged and re-enlisted in the U. S. Signal Corps, where the duties assigned to me were more scientific (on account of my knowledge of foreign languages) than military. I was honorably discharged on Sept 30th 1886, with excellent character and a number of letter testimonials from officers under whom I have served.

In my civil life, as a good accountant, I was offered a position in the Auditing Dept of the Santa Fe R.R. in Southern California and New Mexico. A better offer was made to me by the officials of the N. Y. C. & Hud. Riv. R.R. and I came here. To tell the truth, the lack of order and discipline in corporate offices, makes me to dislike the work, and therefore, I would like, if there is

"Those who do not treasure up the memory of their ancestors do not deserve to be remembered by posterity."—EDMUND BURKE.

New York Genealogical and Biographical Society.

This Society, which was organized and incorporated nearly a score of years ago, has for its chief objects :

FIRST—To collect and print, in an enduring form, the scattered records of the early inhabitants of the Colony of New Netherland and the Province and State of New York, and to preserve the pedigrees of their families; also, as far as practicable, those of other American families. This the Society is successfully accomplishing, through the medium of a periodical known as the "NEW YORK GENEALOGICAL AND BIOGRAPHICAL RECORD, devoted to the interests of American Genealogy and Biography," edited by several competent members of the Society, and now in the nineteenth year of its publication. The eighteen octavo bound volumes of the RECORD contain many of the ancient records of the Dutch and other New York Churches, which are invaluable to those interested in their family history.

SECOND—To add to its large and valuable library of several thousand volumes, which already contains many works that are rare and difficult to obtain—American biography, family genealogies, town, county, and other local histories; and various volumes relating to the above and kindred subjects. The Library may be consulted on every week day excepting in July, August, and September, when the rooms are open on Tuesday and Friday afternoons.

THIRD—With a view to increase the usefulness of the Society, and for the purpose of enabling it to add to its fund for the erection of a fire-proof building to contain the Society's archives and library, the undersigned cordially request that, should the aims and objects of the Society commend themselves to your judgment, you will become a member of the same. For admission the candidate must be nominated by a member, and be approved and elected at a regular meeting. The initiation fee is \$5.00 and an annual payment of the like

sum. The payment of \$50.00 constitutes a Life Member. Terms of subscription for the RECORD, \$2.00 per annum in advance. Subscriptions, which are solicited, may be sent to Dr. GEORGE H. BUTLER, Treasurer, Berkeley Lyceum, No. 19 West 44th Street, New York. Meetings are held on the second Friday evening of each month (excepting July, August, and September), at the Society's Hall, No. 19 West 44th Street, when papers are read and addresses delivered on subjects for the most part, but not exclusively, relating to the State of New York. Meetings are also held on the fourth Friday evening of each month, of a business and conversational character, with occasional addresses.

My dear Genl. Howard:

I beg your earnest
and prompt attention to the
enclosed copy of a
Confidential letter from
Miss Marian E. Stevens,
now teaching Apache
Indians at Mt. Vernon
Parish, Alabama.

It is Confidential, &
not, therefore an official one.
But I take the liberty of
asking you to ^{read} use it
and to believe the

Substance of the statement.

I know Miss Stevens
well. She was here for
a year: she has strong
friends in New York who will
surely for her, & will
probably, before long, take
the matter up, unless
something is done promptly.

She taught with
excellent success last year
at St. John's Seminary.

She is a pious capable
woman of the highest
character.

The state of things

seem to be that there is no
complaint of the commanding
officer.

 Gen. Armstrong,
 Dear Friend,
 of 22 Chestnut St. Philadelphia

I have a long list of grievances to pour into
 your ears, to begin with at the beginning. When I came to Mount
 Vernon Oct. 5th, Miss Shepard my co-worker had kindly invited me to
 come to her house which is quite near, and remain until our house
 was ready. As Major Withers had removed every article of furnit-
 ure from the cottage to his house and at the time had company and
 could not give up the furniture, made it impossible for Miss Shep-
 ard to get the house in readiness for me as she had expected to
 the day before my arrival. Miss Shepard went to Capt. Lufe who
 was in command during Major Withers's absence and asked him if he
 would have me met and sent to her house, he very kindly said he
 would attend to it, but in the mean time Major W. returned and
 took command and of course the matter was turned over to him, he
 saying he would attend to it, and Mrs. Lufe feeling a little anxi-
 ous about it as I arrived at 9 P.M. to make sure there should be
 no mistake reminded him again, and he assured her he would attend
 to the matter, which he did not do, and as a natural consequence
 no one did, and as there is no Hotel or boarding house in the place
 it was more or less forgotten, however a kind woman living near
 took me in, the next A.M. I walked up to Major Withers's house to
 see when I could take possession of the house, when his wife sus-
 ed me in the most shameful manner, even going so far as to call me

a fool, and abusing every one from General Howard down; she didn't even spare our mutual friend the Rev. Mr. Harding; as soon as the storm had sufficiently abated for me to breathe and collect my much scattered wits I made known my errand and left the house, I was told that I could take possession of the house Monday A.M. Oct. 7, and that every thing would be returned then, but it was two weeks before we got all our things and during that time we wrote three notes asking that we might at least have the things which were a necessity; he never replied to one of the notes, but after each one would, in a day or two, return two or three things, Among the things removed from the house was a trunk containing school utensils which we did not receive for two weeks and in consequence we could not begin school, Gen. Howard ordered the canvas tents put up until the school house should be ready, but he never did it, nor were we able to get the benches which we paid for last year, After we received all the furniture I one day went to the Post-traders on an errand and Maj. W. was there, he asked me about signing a paper he would send and, in his disagreeable way, said "I want you to do it and not Miss Shepard, I have no use for her." Of course if the commanding officer don't respect us we can't expect his soldiers to and we have had a good many annoying things to bear. Although some of them are more human than their leaders and have been kind, we hoped that we were going to see better days after Maj. Kelloggs arrival, and no doubt we should

I feel, and so does Miss Shepard that Major Withersal would not hesitate to do either of us a serious personal wrong, we have never in word or look treated him otherwise than respectfully, still he seems to want to make us wretched as possible. Think I shall have to get Geronimo to give Maj. Withers
a few lessons in etiquette, and humane actions.

HEADQUARTERS DIVISION OF THE ATLANTIC,

St. Louis, Missouri

Governor's Island, New York City,

Nov 9th 1885

Dear General:

I arrived here on
day before yesterday. In Chicago
it was quite cold and I caught
a severe cold which has made
me worse. Treated with care
I think I'll get over it without
serious consequences. I found
the enclosed order here on
my arrival. It surely must
be a mistake for you will
notice that it is not a sick-
leave but a regular leave.

By par. 61 A.R. you have authority
to grant a 2 months sick- leave

+ under the circumstances with
permission to go beyond the
limits of the Division - As here
I have good ^{expert} medical attendance
& am at my father's home - ^{more}
comfortable than I could be
almost any where else -

Mrs. Chase and the boy are
well and send kindest love -

I think that the 6 months will
be granted - but if it has not
yet been acted upon I hope
you will have this order
changed to a sick-leave - as in
my condition it is not just
that I should be forced to use
up my leave credit in order to
compensate for their slowness at

any steps - & I have my life I was forced
to go as soon as possible - Besides it
would greatly complicate matters in getting a sick
leave on its expiration - I cannot but think it
was an oversight. It cannot be certified unless
the one already made by Dr. Hays be necessary
Dr. Piesher who knows of my condition - or Dr.
Tilton at West Point, who examined me, would doubtless
furnish one - The weather is very here and warm
although we arrived here in a furious rain storm.

Mrs. Corn to see -

Sincerely yours

E. M. Hays

Yrs O Howard
I received your letter this morning
& you must imagine my feelings
when I read it contents Gen Howard
I did not know I was making a plea
of any kind but the sickness I refer
to was diseased mind not at all
right since he was fifteen years
of age he has more or less at times
troubled that way of course I did not
like to tell this any one talking with
him one hour would see for them
selves that all was not right with
him at times not being use to
writing letters of this kind I
did not know that it was
necessary to explain but that

is Several things I can write you
with proof if you desire it that
he is not a suitable Subject
for the U. S. Army I can send
you all proof if you like Oh to
think of that poor Unfortunate
by being sent to Leavenworth
cant you possibly send him
nearer home so if he was sick
I could go to him the Officer
that testified against him
at his trial never saw the
Boy in his life before the
he arrested him and he knew
nothing about him Oh Genl
Howard I beseech of you to
have compassion on me and
make his sentence lighter
I know him well enough to
know this sentence will kill
him it is dreadful to think
of he is only a normal Child
