SHAWMUT CONGREGATIONAL CHURCH,

TREMONT AND BROOKLINE STREETS.

Boston, November 26, 1889.

You are cordially invited to attend a reception to be given in honor of MR. KEIZO KOYANO, in our social rooms, on Tuesday evening next, from 7.30 to 10 o'clock.

Mr. Koyano left his native land some fifteen years ago, and now, having completed full courses of study at Amherst and Andover, he purposes to give his life to religious work among the Japanese. While regaining fluency in the use of his own tongue, he wishes to spend a year in evangelistic work, perhaps among the students at Tokyo; after which he hopes to be ordained as a Congregational minister, and to assume a regular pastorate. Our church, of which Mr. Koyano is a member, is privileged to assume his expenses during this one

year, and in so doing we have the cordial sympathy and friendly advice of Rev. Dr. E. B. Webb, our pastor emeritus, and of friends at the Missionary Rooms.

The occasion will be largely social, and quite informal, but brief remarks may be expected from Dr. Webb, Dr. Griffis, Dr. Phillips Brooks, and other invited guests, also from Mr. Koyano.

For the church.

Dear Sir

My father,
Isaac Fredenburgh, was in
the war of 1812. He served
in New York City.
He received a Certificate
for \$50, No 16329, dated July

My Dear Sir

I was very grateful for the opportunity of listening to your address on Monday evening, it was a privilege I have long desired.

I spoke to you concerning the Anniversary of our Young Men's Christian Association with the request that you should deliver the address on that occasion and at your suggestion write in relation to the matter

We have no fixed date for it and so far as we now know any Wednesday evening of January after the Week of Prayer would suit us, or if you could not come on Wednesday we might arrange for a Tuesday evening though that is the evening used by the Young People of one of the Churches for their Prayer Meetings.

We wish to have the date fixed early so we can prevent as far as possible other engagements for the same evening.

I regretted so much that the Bible Society should have been so unfortunate in selecting an evening when there were so many other engagements for church people to draw them from the Anniversary

Hoping we shall have the pleasure of your presence with us I am

Sincerely Yours

My dear friend

I have seen Senator Dolph several times and talked with him about Capt Gray. He said he had used his influence for his appointment and will be glad to do what he can for him. He says the new Senators from Washington will control the appointment and that Senator Elihu recommended the purchase of Capt Gray vessel to one of the places (I think a post) and he is appointed. He thinks for now Senator Spies is the man to recommend the place Capt Gray wants and the representative of the state. He thinks it would be no use for me to call

My dear General:-

Permit me to address you on the subject of Life Insurance.

The Company that I represent is the only Company in America that writes a Policy of Insurance permitting one to engage in the Military or Naval Service in a time of war. This the Commercial Union Life Insurance Company of New York does after two years, without extra premium.

The contract or policy of this Company is short, plain, and simple; devoid of all ambiguity or double meaning. Its rates are the lowest that have ever been put upon the market, and at the same time, are sufficient to produce the wished for result of permanent and absolute Insurance.

For instance: At 60 years of age the annual charge for Life Insurance in this Company is \$36.84. *Level Rate* In the old line Companies \$79.90.

The policies issued by this Company are incontestable, non-forfeitable, liberal as to dividends, and participate in whatever profits may accrue.

I know personally a large number of the Directors. They have been my personal or business friends for years. They have all of them attained an enviable position in commercial life, and have amassed fortunes more or less large.

The same energy and integrity, which has produced the above results in their own business should produce a similar one in the Company whose interest they are guarding.
