Dear Mr. [Name]

Your letter of 17th inst. has been received.

I hope you will not be too severe in your criticisms of my work; and that the case is not complex, it appears that I have made a serious misprint. I have looked and examined the paper and cannot find it. I have therefore the honor to forward a corrected copy.

Yours faithfully,

General,

Having seen a photograph of your book "The War Between the States" 1861-1865, I learned very much from it. I read it and enjoyed it, and I cannot help but express my admiration for it. I have been a member of Colonel R. P. Willett's Battery, 1st Artillery, and was attached to the Headquarters Battery, under Lieut. M.G. Cole, from its formation at Fort McHenry, Md. to the termination of the campaign.

Yours truly,

Your obedient servant,

Dear General,

Will you be kind enough to undertake the task of preparing a suitable obituary of the late Jefferson Davis for the next annual report of our Association?

I will not need the article before spring and you can have the proof for revision.

Yours Very Truly,

Dear Sir,

I am writing to request your assistance with a matter of considerable importance. I believe that it is essential that we address this issue urgently.

Dear O.O. Norwood,

Dear Sir,

In noting your engagement to meet me for Wednesday the 15th, I find that Thursday is the 16th. Therefore the 16 is a regular church night. I take it my engagement is intended for the 15th and will renew myself accordingly. I shall be thankful to hear from you again.

With great respect,

Yours very truly,

My Dear General: -

I remember you were kind enough to say that you would be glad to be of service to me in the matter of that now famous Court martial, if you could be, an offer of which I shall be proud to avail myself now.

The Catholics are straining every nerve to defeat my confirmation. Mr. Gorman, the Clerk dismissed from this Office, and who in revenge stirred up originally this Catholic opposition, now fearing that it may not accomplish all he wishes, has ransacked the files of the Cincinnati Commercial-Gazette and copied its garbled account of the court martial. This is being used against me among the Senators, and will be used to the utmost.

The nomination has been sent to the Senate, has been referred to the Committee on Indian Affairs, and is now under consideration. They have had one meeting, will have another next Thursday, and meantime will learn what they can.

I will be very greatly obliged if you will be kind enough to address a letter to the Committee, stating as strongly...
My Dear General:

I believe you were kind enough to say that you would be glad to be of service to me in the matter of your appointment to the Senate. I am very much obliged to you.

I believe this to be the best of all views and I hope you will be able to carry it out.

I am, as ever,

Yours truly,

As you think best your opinion of the groundlessness of the charges against me, the unjustness of the findings of the court, the opinion my superior officers had of me &c. I am sure that such a letter would be of very great help to me.

I recall your kind remark to Mr. Lambertson in Chicago, and heartily wish that the Senate Committee would ask you to appear before them. If you should receive a telegram to that effect, would you be able to come?

With great respect, and the old time regard, I am

I respect your kind efforts and the time you've spent on the matter. I hope that you can see the importance of this effort.

Dear Sir: Your favor of 16th inst. Containing clipping from Mail Express came to hand in time for me to notice in this week's Advocate. It threw quite a friendly light upon the paper read by you but leaves General King's remarks unmentioned. And they were the text of my severest criticism. Some one brought me a marked copy of Advocate of Nov. 28th. But I am glad it came under your eye and am glad I have been enabled if you to modify your first decree. I send marked copy of issue of today by this mail. And hope you will think my plan not entirely wild. I am very respectfully your obedient servant.

I would like to know your opinion on running the medical institutions of the States or Counties thereof as Bastile or political military prisons and that in time when Presid of U.S. and Gov of States say country in a state of profound peace I perceive it attempted and done in some cases without too much opposition. This being the Centennial year of fall of the Bastile in France I think the Bastile or companion good & clear that such racket would work in U.S. needs only an investigation by intelli- gente honest men to prove it

Dear Sir,

I am delighted to learn of your appointment as one of the officers of the American Sabbath Union organization.

In view of your well-known Christian principles, your hearty desire to honor Sunday observed as a day of rest and devotion, your opportunities to devote time and thought to the cause of the organization would be your proper place instead of second.

The country-wide workers are to be congratulated.
