The Appeal Indorsed.

Phil Sheridan Post last night unanimously adopted the following resolution:

Resolved, That we heartily indorse the appeal of our comrade, General Alvin P. Hovey, president of the Service Pension Association of the United States, demanding of Congress the passage of a service-pension law for all surviving Union soldiers of the late war. Our country is in an era of unparalleled prosperity; the national treasury is overflowing; we are at peace with ourselves and the whole world; our form of government is made secure in the affections of the people, and the Union has been cemented by the blood of our comrades. All this is due to the patriotism of the boys in blue. After the lapse of so many years since peace was declared between the States the remaining defenders of the Union are broken in health, many ruined in fortune, and more are invalids from wounds, disease and exposure. A service pension is due them, and not as a pittance to paupers. Such a pension was given to the survivors of the revolutionary war, the war of 1812 and of the Mexican

war, and by all that is right and just nothing less should be given those who preserved our glorious Union; therefore,

Resolved, That we join our comrade, General Alvin P. Hovey, in his appeal to Congress, and demand of our Congressmen legislation without delay for these rights, which are due every surviving veteran by all rules of justice and national honor.

yours of 9th ult. In answer to mine of that hand. I enclose you printed copy of the action of 7th. Post of Indianapolis as cut from Indianapolis Journal of this date you will see if it endorses the views of the Hon. P. Hovey now of 2nd. Gen. Jass set forth in pamphlet sent you. These views are mine all over thousands of Ex. Soldiers in this "Domain" Who I dont want to wait until 1918 for their just due they do not want to swear they are a Pacifer to obtain Right & Justice or in other words die first. Yes this Nation
To poor and cannot afford to reward those who made it possible for you to command a department at a good salary and also to draw a good pension which is a righteous act on their part. But God lend us a helping hand & that while we are alive that we of 1861 & 1862 who Reenlisted for 2 years more & have no pension may have one on a common basis. Many of us served under you in the 4th Corps Army of the Cumberland and hope for your influence. Hoping for the best & remain yours

My dear Sir, Commander

This post has resolved to present an American flag each to four Sunday schools, one of which is the Third Ave Presbyterian: in consulting with the Superintendent, he mentioned that you had been invited and accepted the invitation to be present at their festivities on the evening of Thursday the 26th inst.

The Committee immediately ordered me to confer with you and tender the request that you present the flag for us and in our name also, if possible, get you to present to either or all of the others if your engagements will permit.

If you will allow me, I will be glad to call upon you and consult, if you will name an early a date as is convenient to you, also name time and place.

I propose this remit with the greatest freedom as I have been told that C. H. Strong, for whom this post was named, was a former college mate and intimate friend of yours. Permitting your reply, I am, my dear General,

Yours sincerely,

D. W. Wilson

Chairman of Committee

Dear General:
A friend of mine, a Chaplain in the Army, has advised me to send him a copy of your recent address on the subject of "Sanctions." He wishes to quote from it in an address of a similar character to be delivered before a V.F. Post.

Very respectfully yours,

Dear John,

I can get no tutor in Calculus who can make me get up with the class. Prof. Crockett says he wants his own vacation. So I must take another year. Beginning February I study with my class. Astronomy, Rational Mechanics, Machine Construction. These are regular class recitations. But the Rational Mechanics I simply attend recitations. I shall take the course with the next class in Feb. 1891. Therefore my second junior year I shall have very little besides Calculus, Chemistry, and Rational Mechanics.

I wonder these have gone on with my class. I believe that I shall gain much more by this method than working day after day trying to catch up. I shall clean up what I can now and be ready to go on in February in good condition. I have consulted with Prof. Crockett with love.

Dear Sir:

I have been requested by the officers of the association to extend to you an earnest invitation to be present and deliver the address at the 39th Anniversary of the Boston Association, to be held during January next.
The exact date for the Anniversary can be fixed to suit your convenience and the Association will gladly compensate you for all expenses involved in complying with this request.

The Boston Association has a membership of 5000 young men and a building and equipment which cost over $50,000. We are in shape to
extend the influence of the Association to other parts of the city by the development of Branch organizations and believe that at this time your presence would be of great value and assistance to the Association. Hoping for a favorable response, I am

General Howard—

Dear Sir:

I am a little girl that has lived in the city for about nine months.

Papa and mamma took me to Mr. Campbell’s church the other Sunday night. I knew that it was the Twenty-first Anniversary of the church but I didn’t know you were going to speak.

I liked your address the best of all.

I used to live in Cleveland, Ohio where we went to a Presbyterian church.

I love history and like the Civil War very well. I was glad the Southerners rode now for I think that it was
cruel to keep slaves like they did in the South.

I am in the fifth grade in the Public Schools and study Arithmetic, Reading, Writing, Drawing, Geography, History and Grammar.

I write this letter because papa said you lost your arm at the battle of Gettysburg. I would have been sorry for you having lost it but I know you did as much good.

I am glad you have such a beautiful home at Governor's Island and have often wondered at it while crossing in the ferry-boat.

Your little friend,

Sorrie Kennedy

My dear General,

I enclose to you a letter received last night from the Superintendent of our Sunday School which will explain itself. Will you please signify by mail to Mr. Plenderleith the place and time for the carriage to meet you. Our Church could easily be reached in 40 minutes from South Ferry by carriage. So that
you can calculate the
time necessary.

My dear Sir,

A few days ago I was informed that Geo. L. Strong, Post of G. A. R., desired to present our Sunday School with a flag and asked me when would be the best time to do so.

I met with the Committee of the Post yesterday & suggested that the Christian Festival would be the best time, especially as Gen. Howard would be present. The Com. agreed to this & after 11 o'clock I will probably request Gen. Howard to present the Flag for them, which would be a very pleasant conclusion to the address he makes to the School.

PSS: Owing to this new feature of our Festival I presume Gen. Howard will come in Uniform & if you will kindly ask him where to send a carriage I will have sure meet him that evening.

Our Festival will be Thursday, Dec. 24th, 7 30 P.M.

Yours sincerely, Robl. Henderson

My dear Friend,

The 13th Regiment will parade at its camp on Monday Dec 20, 1887 at 8 A.M. for review and presentation of new uniforms. I should be greatly pleased if you would accept the review and on being asked will be pleased to send carriages to such point as you may indicate to convey you and such of your officers as you may desire to constitute a staff on the morning of the review. Early reply will greatly assist.

Yours very truly,
