Mr. Herbert Welsh,

Cor. Soc. Indian Rights Asso.

Dear Sir:-

I have this day received your circular letter, enclosing one printed in the New York Tribune, urging the confirmation of Gen. Thomas J. Morgan as Commissioner of Indian Affairs.

When the first scurrilous attack on him was made, I wrote to different papers, east and west, telling what I knew of his career during the rebellion. Some of my letters were published, others were so long reaching those to whom they were addressed that the first furor of attack had died away, but they are still held to be in readiness should further attacks be made upon him. By request, I wrote also to the President, giving him a full statement of the case, and to Senator Dawes. I have known Gen. Morgan since 1863 was an officer of his regiment in "the colored service", and knew all "the ins and outs" of his trial by Court-martial, and am, therefore, a competent witness if any should be required.

Being near Washington than I am, you can tell sooner than I could what phase any opposition to him would assume; but from what I know of those whom I am positive started the opposition to him, I believe that the attack, if made, will come from that quarter, and that those who lead it, though themselves not appearing, will try to add to their forces by insinuating sectarian or denominational prejudice with them.

I am very anxious to see him confirmed, and have been able to procure considerable evidence in his favor from officers who served with us, in 65-4-5, and have been in quite close corre-
Dear Sir,

I trust this draft reaching your attention finds you in good health and spirits.

As per my previous letter to the Indian High Commission, I wish to express my concern regarding the recent events in the region. I have been informed of the incident that occurred in the area and I feel compelled to voice my outrage.

I have heard that the Indian authorities have taken immediate steps to address the situation. However, I believe that it is essential to pursue a more comprehensive approach to ensure the safety and well-being of the affected population. I would be grateful if you could provide me with more detailed information regarding the measures being taken.

I remain convinced that only through swift and decisive action can we hope to restore peace and stability in the region. I am confident that the Indian government, under your leadership, will take the necessary steps to address this critical issue.

Please accept my heartfelt gratitude for your attention to this matter. I look forward to your prompt response.

Yours sincerely,
[Walter Scott]
wondence with him since he assumed the duties of his office, and
have offered to appear and testify in his behalf if required.

My acquaintance with members of the Senate is, at present,
very limited, and I doubt if any letters I might write would re-
ceive much attention. Personal interviews and intercession would
do much more than all which could be written, and if the opposition
developes along the line on which I expect it, one good witness
who could tell what he knows and stand such cross-examination as
the opposing party would give, would avail more than reams of
papers signed by persons whom they could never see.

As a friend of the Indians as well as of Gen. Morgan, I want to
see him confirmed. He is a true, honest, Christian man, and if
allowed, will do more for the Indian than has been done by any of
his predecessors.

Very truly yours,

Henry Romeyn,
Capt. 5th U. S. Inf.

Dear Sir:

I was unable to see you at the Presbyterian Union annual dinner, and did not know you were to be there, or I should have had Col. Ketchum introduce me.

My father was Col. James Miller of the 81st Pa. Vol. who was killed at Fair Oaks, June 1st 1862, where I believe you lost your arm. My object in writing...
is twofold. First, I should like very much to meet you as my Judge Brigade commander, and because of the distinguished service you have rendered our country—and second—because I should like to meet you to add up our Sunday School at my house at its next Anniversary. I am Chairman of the Committee, and would like very much to have you add up as, and it would afford me very great pleasure to entertain you at my home.

Although we are suburban towns, it is very acceptable, and we, Mr. Ralph Well... D. Schaeffer, D. Taylor, and D. Calvert, add up our people at different times, and I would like very much to have you add up as this coming year.

My addup is at the Cotton Exchange (of which I was late President).

Dear Sir:

A meeting of those who have consented to act as incorporators of "The Union Prisoners of War National Memorial Association," will be held Monday, January 27, 1890, 7:30 P.M., at the Fifth Avenue Hotel, New York City, for the purpose of signing the Certificate of Incorporation and transacting such other business as may be necessary. On the following day (Tuesday, January 28), at the same place and hour, a general business meeting of the incorporators will be held for the adoption of a Constitution and Laws, Election of Officers, and the consideration of other matters of importance.

The necessity for the two meetings in such close proximity, is due to certain legal requirements.

A full attendance is earnestly desired for each of these meetings, and particularly so for the one of January 27.

By order of the Committee.

Chairman Committee, &c.

Dear General,

Will you kindly give me the P. O. address of Maj. Thomas Ward, formerly on Governor's Island. The Army Register does not give the address. I would also be glad to know the address of Lieut. C. L. Best, also formerly connected with your department. Both were once details at Union College, hence my interest.

Yours Respectfully,

It gives me pleasure to introduce to you the beaver, Rev. Charles A. Blanchard, President of Wheaton College, Wheaton, Ill. He is the worthy son of his honored father, Rev. J. For his sake, I am sure you will give his son a hearty welcome, and aid him in whatever way he may suggest as far as it lies in your power.

Mon cher Oncle :

Je fus très heureux de recevoir votre lettre hier matin et de savoir que vous êtes toujours joyeux et en bonne santé chez vous.

Il ne semble que Harry aura de la difficulté à trouver le temps de jouer au soldat, n’est-ce pas ?

C’est dommage que vous ayez tant d’engagements en sus de vos devoirs ordinares. Mais il a été toujours le même avec vous, n’est-ce pas ?

Je suis très content ici et je fais quelque progrès je pense. Je n’ai pas encore donné votre lettre à Mr. l’Ambassadeur Reid, quoique je sois allé autrefois à la légation. Il était absent. Toutes sortes autres lettres ont fait à moi un bon accueil ; je devrais vous remercier encore.
d'écrire à Mr Chauvet pour moi. Il prépara un très agréable lieu pour nous trois. Nous ne parlons pas Anglais (dites à Jamie) de tout entier, nous mêlons et seulement occasionnellement un mot d'explication à Mr. Chauvet ou à une des demoiselles. C'est difficile mais nécessaire. Nos bicyclettes sont une grande addition à notre plaisir et aussi une aide à étudier le français. Donnez mes amitiés à toute de la famille.

Sir,

Pardon the liberty I take in addressing you, but as I have no friends from whom I might find assistance I turn to you in my misery. I received a letter from my husband last week, stating that his good time was stopped on account of some governors clothing being found in his private trunk, as it was to be expressed to me. He stated to me that he bought the clothing from Rinehart who was discharged from Castle Williams, so that they were their personal property, and therefore did not think there was anything wrong in buying the clothing, as they were going to dispose of them in the outside. My husband was very careful about not losing his good time, never thought that
this clothing could come against him, the
may be obtained there, especially I am the sec
fireman, as I want my husband's help for the
winter, I cannot work any longer my health
having failed me I had to work very hard since
my husband was confined, to support myself
my Child, I therefore respectfully ask you to con-
sider my husband's case, as he was ignorant, I beg
you let him home to me for the sake of me my
spite, to earn pennies without his help, so I pray
you will look my husband's case over & let him
come home.

Very Respectfully

My Dear Sir

Hoping to receive a testimonial from you for the Fowler product, I want to expel you a sample of the work of the embryo company. By an entirely new process the invention of Mr. Fowler, unleavened bread is made as palatable if not more so than any other, and the prepared food of "Fowler's" is really far superior to any other on the market, but now you will have to find this out and when proven worthy, will you write a few lines for a new publication.

I think this only be as well for me as the Patent Office Library is certainly free from the red tape process.

My Dear General:

Your communication to General Hawley received, and I have forwarded the same to him, and also a copy to General Cutcheon, Chairman of the House Committee.

I also received a communication from you several days since in regard to the appointment of your son to a second lieutenancy, but in the unfortunate fire on my desk, of which you doubtless saw a notice, your letter and inclosures were completely destroyed. Will you please forward duplicates, and they will be duly considered at the proper time. It is not likely that there will be any appointments from civil life for several months, if at all. So far as my action is concerned, I shall not recommend any appointments unless graduates of West Point who have been honorably discharged, (which are in the excepted class,) until there are vacancies enough existing or in sight to provide for the next class from the Academy. This seems to be the explicit requirement of the Regulations.
