Respectfully yours,

I beg leave to address you these few lines. It is my duty to account for my child, to state my condition to you, and to ask you to restore to me my husband, since he has been taken from me. I have had a very hard time to support myself and my child. I have worked very hard, so hard in fact that my health has failed me now, and I do not know what I will do unless he is restored to me very shortly.

My husband in his letters told me that he had one year of his sentence remitted, for which I am very thankful to you. I hope to see how I am to live until May, as I have no means of support.
My husband tells me that he will be discharged then. I have had a talk with a gentleman whose he worked for previous to his being confined, he told me that if it was possible for him to come home by or before the middle of April that he would give him steady employment, so I thought it would be best to write to you and ask if it was possible to remit the remainder of his sentence. He tells me that he will do better than he used to. And I feel sure he will, for he is a good man when he does not drink. He tells me he intends to lead a good christian life hereafter, and I think he will by the way he writes, and I pray God that he may.

Hoping that you will give due consideration to my case and see how badly I need him, and I pray that you will. If it is possible remit the remainder of his sentence and restore him to me.

my child. hoping that you will both restore my husband to me.

I have just received a registered letter from Mr. W. H. I have found a sister of the late Mrs. Elizabeth in this section who wishes to inform you that as ever in Christ.

My Dear Friend,

I duly received your telegram of the 15th inst. advising me of your inability to come to St. Augustine, but the intense pressure under which I have lived during the last forty eight hours, has prevented an earlier acknowledgment of same. I thank you most sincerely for your very kind wishes.

The subject is one about which I can scarcely write at this moment. The church is a beautiful one. I enclose some newspaper clippings, which will give you some idea of the house and the services yesterday.

May we not hope to see you and Mrs. Howard here at a later day this winter?

With kindest regards, I am, Dear General,

Very truly yours,

Oliver O. Howard,
