Dear Sir and Comrade:

It has been decided to inaugurate a proper observance of the birthday of General Grant, April 27th, 1822, by having a Subscription Dinner.

It is designed to make this the most notable gathering of the year.

The Committee appointed on "Speakers and Place" report that they have already secured

Rear Admiral D. L. BRAINE,

General HORACE PORTER,

General H. W. SLOCUM,

General WAGER SWAYNE,

His Honor MAYOR CHAPIN,

HON. ST. CLAIR MCKELWAY,

I forwarded application, through you, to be transferred to your Dept. to be assigned to duty at Mt Vernon Bks Ala, for duty with the Indians. I see by this morning's paper that there has been a general reassignment of Chaplains, and that I am ordered to Ft Shaw Montana, I am to go by my new station by June 1<sup>st</sup>. I trust you may be able to arrange it so that I may yet go to Mt Vernon Bks. I think some one should be assigned to the Indians, and I am anxious to labor among them. Hoping for the best I am

Dear Brother

A telegram from Mr. Dewar says "We all want General Howard on Chicago" - It was sent Mar 23 but I was at Cousin Mary's & did not get it till today -

I wonder whether you would not like to come. I hope so -

And if so I am sure our people can dream your being transferred easily - as - Citizens' movement - asking our Senators Furness & Cullum to write the President - I suppose the

fact that Jamie & Harry have  
employment in N.Y. may make  
a difference in your mind. But  
we can give a Harry a better  
place in Mr. Dewar's bank  
I am sure. - a much larger  
bank - Charney could have  
had a place there - and Harry  
has had more bank training -

I suppose Jamie may not be  
a permanent fixture in N.Y.  
& then Charney is to be in Chi-  
cago - my wife prefers Chi-  
cago - will he not? I think Jamie  
will like to be near Omaha -

Perhaps you will not like  
to take Bessie from her school.  
& that is much nearer N.Y.  
Perhaps she will not be there  
very long -

Now as to the position grounds  
in favor of Chicago - 1<sup>st</sup> a much more

not - more troops & more doing in the field  
is there not? 2<sup>nd</sup> Fort Sheridan to be built

My dear General Howard

I thank you most  
heartily for your friendly letter  
of the 22<sup>nd</sup> inst. - I did not  
ask you to especially support  
me in the coming struggle  
for the Quartermastership by any  
direct recommendation from my  
Department to that position - I  
only asked some such general  
letter as you might be willing  
to write regarding my past military  
services - In 1885 at  
the time I was an applicant

for a Cadet-Ship for my son,  
You were kind enough to write  
to the Secretary of War a  
very strong & complimentary letter  
as to my services during the  
War, & since - that letter was  
filed with my application, and  
I presume I can now refer  
to it, and shew (no doubt still  
on file in the War Dept) in  
evidence of the value of my work  
as Quartermaster.

My first object in this  
matter is to prevent the selection

Again thanking <sup>you</sup> for the cordial

Gen. O.O. Howard,  
Sir:-

I write you concerning a matter which you will doubtless be glad to encourage. Shortly after the close of the war, I published J.T. Headley's book of Biographies, entitled "Grant and Sherman and their Generals." The book was very popular at the time, and has long since been out of print. We occasionally have inquiries for the book, and I have been corresponding with J.T. Headley, the author, who seems quite willing to extend the biographies of said work, bringing them up to date. Most of the participants in that struggle whose sketches are contained in the volume have passed away, and are "answering roll call" on the other shore. Yourself, General Sherman, Gen. Rosecranz, Gen. Slocum, and possibly one or two others, are still on the scene.

With this, I send you a copy of the book in question, and I trust it may be your pleasure to look over the sketch of yourself, and correct any data, or kindly make any statements that you may find it necessary to make, and if you will refer me to any published accounts or volumes where the additional facts of your biography may be obtained, you will render not only the author, but the general public a service that will be highly appreciated.
