Gen. O. O. Howard
Governor Island
New York

Dear Uncle Otto,

I send you by mail today a copy of my Views of Denver 1890 which may interest you soon. All will bee except that Belen has a lame ankle from a training steed. How is Aunt Lizzy, Deseo and the rest. Tell Deseo that Belen is sympathizing with the aunt in the loss of their "Old Toby" by name "Baby" who we brought up from a fine sailor old puppy and who at times weighed over 100 lbs. is missing, and great is the grief of the household.

Hi, note - But I must add to the length of it to thank you for the very kind and courteous note you sent to me.

Very sincerely & respectfully,

Yours,

My Dear General Howard,

Last night an officer was over here from Alcatraz, where Major Darling is stationed. He said that Major Darling had told him that he (Darling) had had a letter from Governor's Island in which it was stated that Battery B (Merrill's) of the Guard was not wanted at Governor's Island and would not be allowed to go there.
Destinately, I never pay the slightest attention to rumors, but in this case I have thought it better to avail myself of your kindness and write frankly to you expressing my views.

The recommendations I sent for assignments were made after long and careful consideration. The assignments had, indeed, been made in my own mind months before the orders were issued by the War Dept. for the movement. I had excellent reasons for sending Battery B. to Governor's Island and personally would prefer to have that assignment stand. But at the same time, it will instantly and gladly yield my preferences to yours.

Only I would respectfully ask, if there is not to go there that when Battery B. (Merrill) be sent to Watertown, one Battery C. (Robbins) be sent to me at Hamilton, the 11th Regt. of my regiment.

I look forward with so many anticipations of pleasure in your East and particularly to serving under you. Mr. Langton writes with me in kind remembrances to your and Mrs. Howard.

Excuse the length of

Dear Col.:

I am writing you this note for a few days, I went to that Island yesterday to pray my friends to your General. I neglected not being able to do so. Will you kindly inform me when it will be convenient for you to have me do so, after your return. The Company is under orders to report on 1st April 18th, to Fort Unison, Ala. 1st May or 2nd, to Fort Unison P.F. Alabama. I dehre to think your a letter from my Col. on that.
Subject, and my own circumstances, to delay, in that connection, and to request your advice as to any action under the circumstances.

Sincerely yours,

My Dear Friend,

We are rejoiced to learn that
Gent. Green B. R. warn, is reconsidering his
resignation, in granting another examination
of my afflicted Br. J. W. Smith. We were con-
vinced his case was not understood at the pen-
sion office, as he would have decided to grant
a larger raise than $4, addition to the $3, already
granted. He never has been a well man since
leaving the service. He was not able to perform
manual labor, the first year after he resigned.
The chronic diarrhea and liver trouble was
so great that the army surgeon advised him to
resign 3 months before he did, and told him
if he did not leave his bones would be left on
the Banks of Yagoo, Kickshinig, Mass. Twice he has
new death's door, and I fear he is now nearing the last time. But he is hopeful, settled weather will enable him to rally again. If so, he and his noble wife will come to Michigan to my brother Samuel B. Smith's, where we shall be able to aid in caring for him as long as he remains in this dissolving tabernacle.

Genl Ramn sent me a list of printed queries to answer; I took it at once to my circle, but found he had been absent a few days, to my disappointment. But rather than delay 4 or 5 days, by sending to Genl C. H. Howard, I did the best I could in filling out the blanks, and returned by first mail to Genl Ramn. For haste is very important, as he will soon have to be removed on a bed (as couch on the east) to cooler part of the state, as the heat of summer will be very severe upon him. Indeed it is doubtful whether he survives through the summer, though they go to the cooler mountains air. Sincerely thine,

Laura J. Haviland

Dear General,

After much hesitation I have at length broken away from Mr. K and am trying to come alone. I started my work made about $700.00 per week. My expense are very heavy about $250.00 per month. I have formed or entered into a partnership with Mr. J. W. I foresee an investment broker of Kansas City and come over to Portland. This one conversation will cost me $500.00 which is very cheap if one does a small portion of the business offered which at the present time amounts to about $2,000,000 of securities to sell. I seem to very fortunate in getting the handling of these securities. We have determined that our rule shall be rigidly adhered to that we handle only securities which we can safely recommend. This is a splendid field for investment as it is while Northwest is awakening to a realization of her resources which needs development for men to have a man of service.

...ing. We can make investments in municipalities, county, building, electric, state bonds which are perfectly safe and which range in amount from $10,000 up, and at rates of interest from 3.5% to 6% interest and almost any length of time from 5 to 30 yrs. I have taken the liberty of informing certain parties to you for information regarding my character and trust you will feel disposed to make your recommendation as strong as possible. The First National of Portland and Vancouver, the Merchant National of Portland and Mr. Good, Manager of the Bank of British Columbia will respect favorably if called upon for reference. I would like to earn my end and will if we succeed in placing me or two things soon for the purpose of making the acquaintance of moneymen men. I think there are many people in New England who would invest out there if they could be assured of its safety if so doing, for I know that the funds mentioned above are all right and we have a way of...
our statements about other investments.

Mr. Alderman is organizing a bank with a large capital with which I shall be connected. It will be a very profitable concern if it does half as well as we anticipate.

All the banks are making wonderful profits and in a strictly legitimate way.

If Mr. Alderman gets as far East as New York, I shall ask him to call upon you. He has not had the advantage of a very good education, but you will find he has made very use of what business opportunities he has had since. I am satisfied he is pretty sensible or I should have nothing to do with him.

Tell Henry to keep his ears and eyes open and study finance. Make all the acquaintances he can among business men. We may be able to make a lucrative place for him on the Eastern end of our business after awhile.

Dear [Name],

I hope this letter finds you well. I wanted to take a moment to share some thoughts with you about our recent business meeting. As we discussed the potential for expanding our operations, I believe we have a unique opportunity to capitalize on the current market conditions. With the right strategy, we can increase our market share and further establish our brand in the industry.

In regards to the financial projections, I suggest we focus on the long-term sustainability of our investments. While short-term gains are tempting, it is essential to consider the implications for our overall financial health. Our team has already started working on developing a robust plan that balances short-term gains with strategic growth.

I am also encouraged by the recent developments in technology, which can significantly enhance our operations. We should explore partnerships with innovative companies in this field to enhance our offerings and improve customer satisfaction.

Finally, I would like to emphasize the importance of maintaining strong relationships with our clients. Their trust and loyalty are the foundation of our success. We should continue to invest in customer service and communication to ensure their needs are met.

Please let me know if you have any questions or concerns. I look forward to our next meeting and our continued success together.

Sincerely,

[Your Name]
PORTLAND, OREGON,

I am coming to Portland the house is old, and the same does not claim as much as it did in Vancouver. Janice article on Paracete was quoted quite extensively in The Oregonian and made a good impression. I would like to ask his opinion of a good artificial paving brick for heavy traffic. I am interested in a company for the manufacture of fire brick sewer pipe etc. We think we can make a very handsome durable paving brick by compounding the fire clay sewer pipe clay. I am in my office from 8-10 AM until 6 PM, and very frequently until 11 PM, as it is now. I must therefore close with love to all.

Dear General,
Rev. Dr. Barrone

has kindly given me a letter of introduction to you, which I enclose herewith, and which I hope may serve, together with what you may personally recollect of me, as a medium for my asking a few questions and also of interesting you in my behalf, should the opportunity occur. You may remember my having visited your house.
occasionally, during your stay in this city, to meet your son.

My desire, as stated by Dr. Barrow, is to obtain a commission in the army, and knowing that appointments are sometimes made from civil life to the rank of second lieutenant, I would like to learn what opportunities are likely to occur in the not-for-distant future. Can you inform me how many such appointments are likely to be made after exhausting the present West Point graduating class, and such men as may apply from the ranks, who, I understand, are given the preference over civilians?

I am also desirous of learning what probabilities are of the passage of any of the three bills now pending before Congress, which would affect this case, namely, for the increase of the Artillery; for the reorganization of the Infantry; and for the retirement of disabled officers. If there should seem to be a fair prospect for me, I hope shortly to make application for an appointment, duly accompanied with recommendations and endorsement that will have weight with
Guard of this State, together with several influential letters, and I hope to be able to include one from you, for which, be assured, I shall feel deeply indebted.

Thanking you in advance for these kindnesses.

My dear General:

Yesterday I noticed by the papers of a possibility of your train for to Chicago. Please write me that this report is not true. Really I should feel somewhat lost — would miss you. You are very dear to my heart and you know why. All are a/o of that prayer meeting in San Francisco. Evidently you have been quite ill. I now also am in need of work in a literary way or teaching.

We, at home, feel blue and it is only the grace of God which strengthens our spirit. — We have no funds and that makes it worse. To morrow is next day and may God help us. Want you pray for me? You did once! You will do so again. — Did you like the memorial
Essay which I left at your office. I thought you might be interested in that particular subject.

Mrs. Peck wishes to be remembered to you. Please remember me to your little lady.

That the good Lord may ever bless you is the sincere prayer of

Gen. O.O. Howard,
Governors Island,

Sir:

An announcement was made that you would address a Sunday School yesterday afternoon at 322 East 40th St., New York City.

On account of your...
am desirous that in justice to yourself you should not be placed in an false position. I write to inquire if parties giving such announcement that you or "Major Parker" (who he is I know not) were to speak as before mentioned were authorized by any one in any way to do so. An early reply will oblige. Very r. y. 331 820 Street New York.

General O.O. Howard

My Dear Sir:

According to your promise I write to remind you of your promise to speak at our
to meet on Sunday the 6th of April
at 8 P.M. at our young men's meeting.

In order that we may have sufficient time to advertise it, would you kindly reply by return mail and tell me what you subject will be.

Mr. Murray Williams, a member of 2nd St., suggested to me that if I would ask you to tell something of your experience in becoming a Christian it would be interesting.

Very truly yours,
