REAL ESTATE, MORTGAGE LOANS,
AND INVESTORS OF CAPITAL.

Has Your Property been Sold for Delinquent Taxes?

The undersigned makes a business of attending to the interests of non-resident property owners, especially to the proper return and assessment of their property and the prompt and correct payment of all City, State and County taxes. Complications, trouble and great loss are occasioned non-resident property holders from incorrect tax receipts, delinquent tax sales, and the adverse claims of tax title speculators, by reason of which many are forced to sell out their property for a mere trifle. Do not part with your title whatever complications are connected therewith until you have had the matter thoroughly examined by a competent and responsible agent on the ground. Prompt and correct returns of your real estate should be made to the City Assessor, also to the State and County Assessors, otherwise the property will be assessed to unknown owners, and may very likely be sold for delinquent taxes without your knowledge, although the Tax Collectors may write you, as has happened time and again that your property is not assessed, when you have applied to pay the same.

My charge for paying State and County taxes is \$2.50, and the same for City taxes. My reference is the Consolidated National Bank of this city.

I respectfully request you to employ me to look after your interest in these very important matters.

Very truly yours,

A. L. HITCHCOCK.

New York, April, 1890.

Dear Sir:

Referring to the reply you were kind enough to send me with regard to comrades of the Army of the Potomac and their acquaintance with the French Princes, which I have not heretofore had time to acknowledge. At the time I wrote you it was my expectation that the French Princes would visit us in New York and it was intended to invite all those to whom they had formerly been known to meet them. This, however, became impossible by reason of their departure to Spain direct from Havana.

I enclose you extracts from letters received from the Comte de Paris which may prove of interest to you in connection with the previous services of the French Princes and their desire to meet their old comrades.

Pardon my delay in acknowledging your courteous response, I am,

Very Truly Yours,

DANIEL BUTTERFIELD.

EXTRACTS.

HABANA, 24, 2, 90.

MY DEAR GENERAL—I thank you most cordially for your telegram, which I received a few days ago, and for your two letters which both reached me to-day. I trust that nothing will prevent my brother and myself from visiting the United States before returning to Europe. Our intention is to embark in New York about Easter. We should, of course, arrive some days before so as to have some good opportunities of meeting our old comrades of the war. As we are in deep mourning and as we wish to give to this visit not a political but a military character, I think that it will be well that we should talk the matter over before any arrangement is made. We thank you very much for your kind invitation to be your guests and live in your house. * * * * *

I would like very much before reaching New York to stop one day at Gettysburg in order to visit the field of the battle. As you were then the Chief of Staff of the Army of the Potomac you would be an invaluable guide on this field. Could we arrange to meet there? In that case could we secure as companions any commanders on our side, and can one be found of our present friends, the late Confederate officers, who fought on that ground?

We shall remain here till the 8th of March and then make our first call at the Ponce de Leon Hotel, Tampa, Florida.

Pray offer my respects to Mrs. Butterfield, and, believe me,

Yours truly,

PHILIPPE, COMTE DE PARIS.

My brother sends his best messages to you and all our former companions of the Army of the Potomac.

BANOS DE S. DIEGO, CUBA, 27, 2, 90.

MY DEAR GENERAL—I need hardly tell you how sorry we are, my brother and myself, to have to leave America without paying a visit to our friends and old comrades in the United States. It is indeed a very great sacrifice for us and nothing but a most imperative duty could impose upon us this decision. But the situation of my son, who has been sent to the Penitentiary of Clairvaux, to be kept there for two years causes me such anxiety that I must return at once to Europe to see what can be done for him.

I go straight to Spain to see my wife, who, after the sudden death of her father, has now received this new blow and who is much in want of aid and comfort. We have therefore determined, my brother and myself, to sail so early as to-morrow by the Spanish mail steamer back to Cadiz.

I hope to be able to resume in better circumstances my proposed visit to the United States.

Believe me, Yours truly,

PHILIPPE, COMTE DE PARIS.

Do you expect to do any Assembly work this summer? Do you expect to attend the National Encampment of the G. A. R. at Boston, August 12th? In that case I had just as well not write this letter. We are to observe the same day as Grand Army day at the Mountain Lake Park Assembly, at Maryland, and I some-how had my heart set on having you make one of the addresses on that occasion. I remember, with so much pleasure, meeting you at Waseca and Island Park and should like to hear you again. As stated above, August the 12th is the date. Mountain Lake Park is on the B. & O. road, at the summit of the Alleghany Mountains, a delightful spot. We can furnish you transportation to and from your home and possibly give you some compensation although we are very limited as to means, Would it be a possible thing for you to be with us and what would you want in the way of compensation?

Kindly let me hear from you at an early date.

EMPLOYMENT FOR THE WAR VETERAN.

Memorial Executive Committee G. A. R.
OF KINGS COUNTY.

City Hall, Brooklyn, N. Y., 1890.

Fellow-Citizens:

Within this County and City there are living many deserving and capable Soldiers and Sailors, veterans of the late war, who are out of employment; and we know we but express the sentiments of the loyal patriotic people of this Community, that no class of our citizens are more deserving of consideration than those who made a wall of their bodies in defence of our Country in its time of peril.

Reverence for the memory of our heroes dead, and remembrance of the achievements of those who survive, should make each one of heroic mind. There we see an everlasting pledge of victory to all the brave. The gallant defenders of our flag are embalmed in the affection of a grateful people.

SECTION 1755 of the U. S. Revised Statutes reads:

In grateful recognition of the services, sacrifices and sufferings of persons honorably discharged from the military and naval service of the country, by reason of wounds, disease, or expiration of terms of enlistment, it is respectfully recommended to bankers, merchants, manufacturers, mechanics, farmers, and persons engaged in industrial pursuits, to give them the preference for appointments to remunerative situations and employments.

We desire to secure employment for our Comrades, that they too may educate their children to lives of useful, intelligent citizenship.

The honest, faithful and meritorious services of the soldier is the best guarantee that his children may become the most useful citizens.

A BUREAU OF EMPLOYMENT is in operation, the expenses of which are borne by the Grand Army of the Republic of Kings County, said Bureau being under the immediate charge of the Memorial Committee of the G. A. R. composed of the Commander of and delegates from each Post.

There are at present 31 Posts, with a total membership of 4,100 comrades, all honorably discharged soldiers and sailors of the late war.

Our method of conducting the business of the Bureau of Employment is as follows:

A Register is kept where the wants of persons desiring employés are registered; also, a Register which contains the names of comrades of the G. A. R. of Kings County who require employment, together with their age, address, duties they are able to perform, name and number of Post to which they belong, the indorsement of the Commander of the same, certifying that they are sober, industrious, and trustworthy, and such other information as would permit an employer to engage their services with confidence.

Each comrade, duly registered, is provided with a certificate to that effect, to be held by his employer until the comrade is discharged, when the reason for such discharge is indorsed on the certificate, which is returned to the Bureau of Employment; and no comrade will be permitted to register a second time who has proved himself to be unworthy for any cause.

Great care will be taken that none but those entirely trustworthy are recommended by this Bureau.

We know that we have the sympathy of our fellow-citizens, but that much that could have been accomplished in the past, in behalf of the defenders of the National Flag, has failed of accomplishment because of the lack of a thorough system, which would alone insure a proper appreciation of your efforts in their behalf, as well as secure your confidence and prevent imposition.

We earnestly request your coöperation, advice, and assistance, all of which will be gratefully appreciated.

Persons desiring employés, and who may not find it convenient to call at the office, are requested to make their wants known by mail, and address the Bureau of Employment of the G. A. R. of Kings County, City Hall, Brooklyn, N. Y.

We can furnish carpenters, coopers, engineers, firemen, salesmen, clerks, watchmen, janitors, collectors, car drivers, etc., etc.; also boys for store help or any trade, and girls for saleswomen, cashiers, copyists, typewriters, etc.

SPECIAL.—BEAR THIS IN MIND.

If in need of temporary help for a few weeks or days even—and the occasions are frequent among our merchants—give the soldier a chance. Please communicate with us at once, and this Bureau will respond and acknowledge with thanks your kind consideration for their comrades.

Very respectfully yours,

The Memorial and Executive Committee of the G. A. R.
of Kings County.

We refer to the following members of the G. A. R., well and favorably known, and also have great pleasure in inviting your attention to the names of other distinguished citizens who commend our good work to your favorable consideration,

General:-

My friend Dr. H.

L. Wayland having written you today in my behalf; will you kindly permit me to request your perusal of the enclosed extract from a letter from Col. W. B. Lane, U. S. A. now retired: bearing, as it does, upon the question of my qualifications for the duties of a Pot Chaplain.

During the war I served under Col. (then Captain) Lane for quite a period; and since then we have been frequently thrown together, and in correspondence with each other.

That which he kindly says, therefore,
is based upon this personal and
continued acquaintanceship. He
has assented to such use of his
letter. It was in deference to
his urgent solicitation that I con-
sidered ^{the matter,} and afterwards decided to make
application for appointment to one of
the then approaching vacancies. My
Application with more than 50 tes-
timonials of a very high order of merit,
as to the writer, was duly filed in the
War Department on the 14th of February.

Dear Ritner:-

. . . So you have found out the unpopularity of that branch of the Service (the chaplaincy) in the U. S. Army, both in and out of the Army,- which has been brought about by the lazy and worthless character of some of the chaplains; and that will also help explain why I wanted you to have one of these positions.

I knew you were made of different stuff, and I also knew if you got the position you would at once, from a sense of duty and because you loved your work, teach these lazy brother chaplains what it means to earn a salary and at the same time point out the road to morality and usefulness to those who had undertaken to serve the Government as soldiers.

. I would not say it to your face but I don't mind writing it:- If I was in command of an unruly garrison, I had rather have your influence with the men than to have the assistance of a half a dozen Martinetts. . . . I know you are eminently fitted for the place and the Government will lose much if they don't get you: but that won't secure the appointment.

Kind regards to you and yours,

So you have found out the responsibility of that branch of the service (the chaplaincy) in the U. S. Dear Friend

You ordered me not to write
until I sent some money,
not being under Martial Law
and believing information
I now furnish you is worth
more than money I must
respectfully decline to obey
your reasonable order.
I did not succeed in the
business I was in the for-
winter. The storm interfered.
I enclose Erickson's Vision
which I believe is from God
I beg of you to keep our

of Chicago until after the
14th of April 1890. I am
acquainted with about 30
Righteous Men & Women
whom while under the Power
of the Holy Spirit the Lord
has shown the destruction
of the Cities. I am willing
to be called a fool until
after the 14th of April 1890.
From April 8 to 14th great
winds hail stones and
earthquakes will do the
business.

Sincerely

My Dear Gen. Howard;-

I am very much gratified to know that you will grant my request for an article on Gen. Crook. You are good enough to say that you will do it immediately. I think in my letter, I gave you as the date for the copy, May 1st, if I could have the copy by April 18th, I could use it in the June issue of The Chautauquan, which I should be very glad to do.

Can you arrange it to give me the article as early as that?

Faithfully Yours,
