you speak first, because many will be attracted by your presence and desire to hear you when they can fresh to speak - and the Col. was spoken for us often and I am sure with magnificent results. He spoke last night and you will be interested in that, but more, short outline of some suggestions I made. No speech had always been effective. Now our man has spoken several times and has been reported several times. The papers therefore will await your speech to report more fully than the. He will be very glad to have you speak first and he will follow and fill in what I know. Kindly advise me if you will speak first.

O. O. Howard,

My Dear Friend, I went before a Notary Public and made affidavit in accordance with Circular instructions and sent with a letter to Geo. L. Sampson of Pension Office Interior Dept. about April 1st and have anxiously watched the mail during the past week particularly. But no word from Pension Office as yet. My Pugs suffering as this Smith is becoming discouraged of ever leaving this miserable climate, that he says he cannot endure. They are very
anxious to go to his wife's brother's home to get the cooler mountain breeze, and receive assistance in the day and night care required. He says if they do not yet believe his condition a very critical one they would not believe they one rose from the dead. As Genl. Ramsey remarked in one letter, that he had not found in that office sufficient evidence for raising the pension desired, or words to this effect. Consequently I think he would require another examination. In the necessity of haste, as there is strong indications of dislocation in the near future. As ever thy sincere friend, Laura T. Hawland.

General:—

The Managers of the House of Refuge desirous of establishing and maintaining a military drill for the inmates, are in quest of a proper officer for that purpose.

In the State Reformatory at Elmira, New York, the Managers there have been fortunate in securing the services of a young gentleman who was a cadet at West Point for three years when he was compelled to resign on account of his eyes.

Under his command the military drill at the Reformatory has been brought to a high state of efficiency, and it is believed to be an important factor in the reformation of the young men committed to its care.

The Managers here desire to establish a similar discipline for the boys in the Institution, and to that end have requested me to communicate with you in the hope that you may be able to suggest an army officer, or some other competent person, who will undertake the establishing of such a drill here.
who may be available for this purpose.

Dear General:

No doubt this note will surprise you coming as it does from one who has not seen you for years. I have a recommendation before me now that you gave me in 1874, the following is a correct copy:

Washington D.C.
August 5, 1878.

Mr. Peter Harvey has been long a messenger in my office. He lost his left arm in the service of his country. He has been always at his post of duty, always upright in his conduct, while with
me, and I presume from his appearance ever before. I commend him highly, and trust that he and his family may ever find favor and blessing among my friends and the friends of our country.

O. O. Howard,
Brig. General U.S.A.

Now I am going to ask you to do me a favor if you possibly can. My family consists of myself, wife and five children; the oldest twenty three and the youngest thirteen; the one I wish to speak of in particular is a son not yet twenty. He has stopped going to school and is desirous of learning a trade, and I hope he may secure a good one. I understand that a number of apprentices are to be taken shortly at the Bureau of Engraving and Printing to learn the Plate-Printing business, and the favor I ask is that you use your influence to secure him a place as an apprentice at the Bureau. Perhaps I am asking too much but trusting that you will assist me, I remain

Your Obedient Servant

Peter Harvey,

At present no member of my family is employed under the Government.
General,

Time Table in effect Feb. 10, 1890.
Maj. Genl. Howard

Dear Sir,

My interview with you yesterday was so brief that I am afraid I did not sufficiently state all about our Sabbath School. Our Anniversary is held the first Sabbath in June, this year - June 1st at 7½ P.M. I enclose a time-table on the Central R. R. of N. J. from foot of Liberty Street -

Sunday train. We will be delighted to have you spend the Sabbath with us, but if you desire to leave N. Y. on that day, you can leave on the 6:30 train and arrive at Elizabeth at 7:30. It is the greatest day in the year for our Church and School, every available work & corner are crowded & hundreds turned away. The
School is the Westminster Presbyterian. As the anniversary is held in the church, we have always had the best speakers obtainable. Mr. Garfield had promised to speak during his term. Gov. Beaver of Penn. also Secty of State. Kellogg spoke to us. Dr. Ormiston, Dr. Schaeffer, etc. You will be the only speaker, and say from 20 to 25 minutes in length. This year the school will sing the Hallelujah Chorus from the Oratorio of the Messiah. I think our school is the only one in the country that can do it. For the years our school gave more to foreign missions than any other S.S. in the United States. I send here with the Elizabeth Journal with an account of our last anniversary it will let you see what is reported of us. I also send you one of our last year programmes. I hope nothing
meet interfere to prevent you coming to us.
Of course you will be duly announced your name printed in our programme. I do not mean to flatter you, when I say that the simple announcement that General Howard will deliver the address will of itself be sufficient to crowd the church as it never has been packed before. I know you are like Paul wi' 'labors of love.' Your hands that are sore, but I do most earnestly hope, that nothing will prevent you being with us.
Will you remain over night? What train
will you come out on? If you have any
wish about any of these, thing, please inform one & we will be only too happy to follow your desire.

Your very truly,

John Davidson
