Dear Gene Howard -

I have concluded arrangements to go to West Point for the Graduating exercises. whereby we can go up and back the same day viz Thursday, June 12 inst.

I go up by the Hudson River R. R. at 8:30 am - go straight to the "Stand" - after to the meeting of Graduates, the "last Parade" and Banquet when by arrangement the West Shore R.R. gives me a special return train to carry

us back to the city - at the
42nd St Ferry, or Lay Street
Ferry. When you can have
you back to meet you
about 12 or 1 at night.

The hotel & persons houses
are crowded, and I can
at the Mangum announce
the fact that this Special
train will return to the
City at an exact hour -
probably 11 at night.

I take Rachel & Miss Lay
with me, and will wear civil
dress unless Col Wilson specially
requests military "dress" -

Yours truly,

W. L. Sherman

This will apply to all
officers & ladies but I hope
you & Mrs Howard will be
of the number -

Dear Sir

The Associated Press would like an
abstract of your address at the graduating
exercises at Mount Vernon School, the 17th.
Is it asking too great a favor to cause it to
be sent to me sufficiently early to forward
to the Boston papers by mail, to be used

The above Church will hold a Fair and Festival, at the People's Theatre, on November 27th, 28th, and 29th, 1890; the proceeds to be devoted towards paying the debt on the Church. All donations and subscriptions will be thankfully received and acknowledged.

The following testimony of the Rev. T. W. JONES, Superintendent of the AMERICAN HOME MISSIONARY SOCIETY, eloquently pleads our cause, and hope it will be the means of enlisting your christian sympathy and support.

Mr. RHYS T. WILLIAMS,

PHILADELPHIA, MAY 26th, 1890.

My Dear Brother:—My recent visit to the Pilgrim Church convinced me that the church is not only needful to your growing community, but that it has a prosperous and influential future before it. Such a large audience of young people I preached to, averaging, I should think, not over 30 years of age, and so earnest and devotional, shows that the young church, now being only little over five years, is doing a great work for Jesus Christ. Knowing your small financial ability, I regret the debt, which must weigh heavily on you these hard times. I cannot say you were unwise in contracting the debt; for your large audience of young people, many of whom might go astray, without the Pilgrim Church, I think justifies the venture. Considering your circumstances, you made noble sacrifices, yourself, and the debt I regard as expression of your faith, and not a rash presumption. I believe God will touch some christian hearts to help you bear your burden, for you are worthy of sympathy and help. Keep good courage, and keep doing as you have been doing, trusting in the Lord, and you will come out in the end all right.

Fraternally yours,

T. W. JONES.

We beg to Certify that we have known Mr. Rhys T. Williams for many years, and have great pleasure in testifying that he is a good neighbor. We have always found him honest, obliging, and energetic in carrying out all duties devolving upon him, and no small share of the success which the Pilgrim Church has met is due to his indefatigable exertions as Secretary. We heartily recommend him as a christian brother worthy of our highest confidence.

General O. O. Howard.

Dear Sir.

Will you kindly allow me a moment of your valuable time to read the enclosed circular.

The success we meet here among our young people encouraged us to build a more commodious place to worship our God. The lot and Building have cost us about \$11000, and as you will perceive in the report enclosed, nearly one half of this amount has been paid during the past five years, leaving us at present under a burden of little over \$5600.

This amount we feel it our duty to clear as soon as we can. But owing to the works so slow, and most of our Members depending on their day's work in the Coal Mines, we have decided to appeal to the generosity of the friends of the cause of Jesus Christ for a little help.

Wherefore, I beg your kind permission to ask your aid in a small donation. All cheques to be made payable to the Treasurer. In behalf of the Church,
I have the honor to be, dear Sir,

Yours Respectfully,

Dear friends
I have just received your letter of the 7th inst.

and am glad to hear from you. I am well and hope this letter finds you the same.

I am sure that I should have been able to do so much for you if I had only had the opportunity.

I am sure that I should have been able to do so much for you if I had only had the opportunity.

I am sure that I should have been able to do so much for you if I had only had the opportunity.

Military Channels. When I arrived here on Saturday last I received a kind welcome from the Commanding Officer of this Post Major Theater as well as from all the other officers here. So I began at once to feel at home. My first impression on looking over the ground was why a Chaplain should not have been here before for I heard there was nothing in the way of Religious instruction except the Roman Catholic Church and a little school house where a young lady had for a short time been trying to give some instruction to the Indians. But no Building within the

Post
of

[Faint, illegible handwriting on lined paper]

Post set apart for the worship of God. I thought it would not do to let my first Sunday at the Post go by without a least giving the men a chance to attend one service. So I asked the Commanding officer if I might not have seats taken in the Canteen and hold a service there. This request he granted cheerfully and we had our service having nearly all the officers and a good number of the men a few indians as well as outsiders present. While preaching the thought came into my mind Why could we not have a Building where we could

worship always. So before I
closed the service. I said to
the congregation present. We
must try to see if we cannot
have a Building that can be
set apart for worship here
and I am going to ask for
help in this matter. But in
order to show those upon whom
we may call that we mean
what we say we must make
the start ourselves. So if any
here among the officers or mem-
bers inclined to take part-
in this work I will ask Mr
Reed to pass the plate round
and also to act as Treas in
the matter - he passed the
plate and to day I am glad

to day we have the small start
of nearly \$5⁰⁰ small but yet
a beginning. All the officers
seemed pleased with the idea.
Now General I hope you too
will approve of the matter
and take an interest and I
hope ere long to be in a way
to see our Building in the course
of erection I do not see why
the Government could not
turn in & help too. I went
down also and visited the
Indians & their school as well
as the Hospital there is plenty
of work here for a chaplain
who I think should be here.
There are many other things
which I shall write you about

Dear Sir:

The subscription of ^{50.00} made by you at the Union Service held at the Methodist Church, Sunday, June 16th, 1889, for the purpose of completing the new building for the Young Men's Christian Association, was divided into ~~five~~ separate payments covering two years. Dear General:-

I am exceedingly grateful for your kind note, -
thankful for your preference. Whether I come to you or not,
I have had the pleasure of being close to you for three years, and
this will ever be an oasis, bright and green, in the memory of my ar-
my life.

Loving reference was made to you in the sermon at
Dr. McKenzie's last Sunday evening, and I tell you it does me good to
hear your name mentioned with the appreciation that belongs to it.

Mr. Deming, whom you will remember as a vendor of medicinal char-
coal, and crusader against Mormonism, was in my office this week. He
is selling books, is well dressed and claims to be making money. In
reply to my query - 'when are you going to pay General Howard?', he
replied, he was certainly going to pay the General, for he was the
only one 'who backed up his patriotism with cash'.

Again thanking you, I am, dear General,
