Dear General, you must excuse me for writing to you but my grandpa who was one of your dear brave soldiers, has spoken of you so often and I have read the history of your battles and marches so often that I feel I must write to you and tell you how glad we all are that God has not taken from us all of our brave Union generals and we are glad that even during that awful war your love for our dear Jesus never failed, grandpa is dead now and I have only my books to tell me of

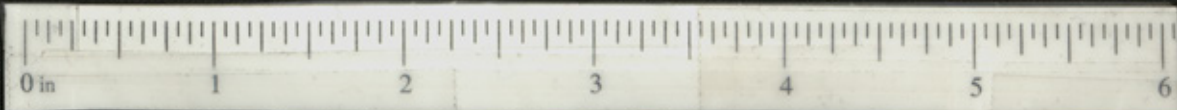

our brave boys in blue, this makes only
the fourth letter I have ever written
and they all to grandpas generals
General Sherman sent me his picture
I ask our Father every night to spare
you to our country and to bless you
and all who were in the Union Army

Dear Gen Howard-

The order has just come for the Major to go to Madison Barracks. He will be promoted in May & will go to the Infantry Second in Dakota. With our large family and a move of that kind

Major General C. C. Howard,
Headquarters Division of the Atlantic,
Governors Island, N. Y.

My dear General-

When I had the pleasure of seeing you last winter you kindly said that if any thing came up in which you could be of service to the people of Plattsburgh or to me you would be happy to do what you could; and as we are all so interested in the Post bill, and as Lieut. Hoyt has been so very kind and efficient in giving us all the aid he could consistent with his position and as I just learn on my return home that he has been or is likely to be ordered away from here I take the liberty of writing to you in reference to it.

I have strong hopes that the bill to establish a military post here will pass during this session of Congress and, of course, we are all working to that end.

I personall feel very much interested in having Mr. Hoyt retained as commander here. He has been of great service to us in our efforts to have the post enlarged and, in fact in all the matters between our Village and the post which necessarily at times arise, Mr. Hoyt has proved himself a liberal, broad minded man and showing great interest in our place and at the same time preserving the right of the Government.

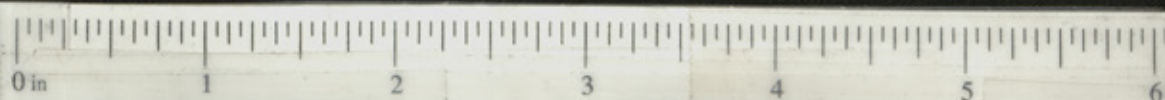

I also understand that if Lieut. Hoyt and his company are transferred to Madison Barracks it will make a total of six companies at that place; and that there are not sufficient officer's quarters for that number; as a consequence, more quarters may be erected and it might operate against an increase here.

I trust therefore that if it can be done consistently with the interests of the service that Company E can be left here and that Mr. Hoyt can be retained in command

I hope also, that you will appreciate the motives which actuate me in writing you as I do, and I can assure you that if what I take the liberty to suggest can be carried out I will feel under the deepest obligation to you.

Very truly yours,

Madam:

With reference to your communications of August 8th, and one from Major General O.O. Howard, you are respectfully informed that Lieutenant Colonel Wm. B. Hughes, Chief Quartermaster Department of the Platte, Omaha, Nebraska, has been this day instructed to arrange for the shipment from Fort Bridger to New York City, of the change of station allowance of baggage and professional books of your late husband, -also to do what may lie in his power to facilitate your wishes in the matter of any quantity of personal effects in excess of his regulation allowance.

My dear Sir,

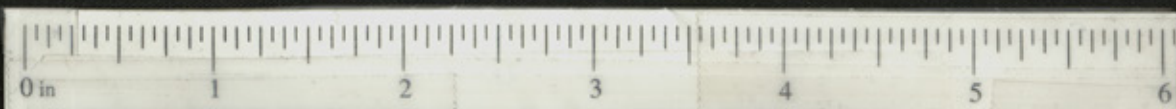

Unfortunately for us last year, at the last moment, circumstances prevented us from securing you for a lecture.

This year we had hoped to do so, and had asked Mr Eaton of Boston who does our business, to approach you on the subject.

He writes us that you probably cannot come to St. Johnsbury. But for the sake of our Association, I make bold to approach you once more.

We earnestly hope that as you sometimes lecture before Schools, Associations, and G.A.R. Posts that you may consider favorably our proposition.

We have here a large Academy (one of the very largest in New England) where one comes in direct contact with two hundred young men each year. These young men would almost to a man attend your lecture, and we feel that you

could thus be a help to them and us as an Association. Now there are many G.A.B. men here whom we feel would be led to a closer relation with the Y.M.C.A. They would all attend your lecture, and we might be better able to reach them, thereafter.

In short your presence here would help us much. Can't you come and give us a lecture? Our audience would be 1000 strong, containing the best people of the town.

If you will consider the proposition and will write me what time after Nov 1, you could best come, I will send you several dates to select from. Please state your terms if you are led to think favorably of the invitation.

Yours most sincerely,
Edward N. Folsom
Secretary.

My Dear General Howard,

If you can conveniently visit our office, with your son, this evening - say about half after seven or eight - Mr. Munnick and myself will be particularly glad to see you, explain fully what we have to interest you concerning, and arrange if we can to give agreeable employment to the person of whom you spoke to us last Saturday. If he or other whom you invite come with you so much the better. Should you ^{not} be able to be with us this evening, perhaps you can call in the morning. We will be at the office until ten or half after - or, indeed, at any other hour you may name to-morrow. I must
