Dear and honored sir,

For some time I have desired to ask a favor of you, but not wishing to make myself a nuisance I have put it off from time to time. Now I am resolved at least to make an attempt, and beg that you will not refuse me. I ask for your Autograph, and enclose an envelope.

Dear Gen. Howard,

The order has just come for the Major to go to Machin Barracks. He will be promoted in May and will go to the infantry second in Dakota. With our large family and a move of that kind...
A non-family member of a church, like Dan Austin, plumed us on the face, and knowing what the expense will be, we hoped that he would be allowed to stay here, until there. It would be a great saving to us, if we could remain here. I hope that I am not asking too much, but for

My dear Sir

I presented your letter asking for a detail of Kingsbury as Inspector of Rifle Practice, to Gen. Schofield, and explained matters to him. He said "That is all right, I think it will be done"

I wish you would write me when the order is issued, as Mr. Kingsbury feels some anxiety.

My dear General—

When I had the pleasure of seeing you last winter you kindly said that if anything came up in which you could be of service to the people of Plattsburgh or to me you would be happy to do what you could, and as we are all so interested in the Post bill, and as Lt. Hoyt has been so very kind and efficient in giving us all the aid he could consistent with his position and as I just learn on my return home that he has been or is likely to be ordered away from here I take the liberty of writing to you in reference to it.

I have strong hopes that the bill to establish a military post here will pass during this session of Congress and, of course, we are all working to that end.

I personally feel very much interested in having Mr. Hoyt retained as commander here. He has been of great service to us in our efforts to have the post enlarged and, in fact, in all the matters between our village and the post which necessarily at times arise. Mr. Hoyt has proved himself a liberal, broad-minded man and showing great interest in our place and at the same time preserving the right of the Government.

I also understand that if Lt. Hoyt and his company are transferred to Madison Barracks it will make a total of six companies at that place; and that there are not sufficient officer's quarters for that number; as a consequence, more quarters may be erected and it might operate against an increase here.

I trust therefore that if it can be done consistently with the interests of the service that Company F can be left here and that Mr. Hoyt can be retained in command.

I hope also, that you will appreciate the motives which actuate me in writing you as I do, and I can assure you that if what I take the liberty to suggest can be carried out I will feel under the deepest obligation to you.

Very truly yours,

Gentlemen:

Yours in Chief of the N.Y. forces Commanding at Vernon...

Dear Sir;

I beg to be excused for the request I now make. As I am an American I naturally take a pride in such places as Gov. IDs. I would, therefore, request you to be kind enough and send me a pass for the East tug. It is for my father, mother, three sisters and a brother besides myself. As I would like to have my cousin come along please send us a pass for 10 persons. The said pass to be good for Sunday, August 17th and return.

The day's visit did me a world of good, and I was so grateful to find such good friends to help me — Mrs. Howard and Bessie, made the day

Madam:

With reference to your communications of August 8th, and one from Major General O.O. Howard, you are respectfully informed that Lieutenant Colonel Wm. B. Hughes, Chief Quartermaster Department of the Platte, Omaha, Nebraska, has been this day instructed to arrange for the shipment from Fort Bridger to New York City, of the change of station allowance of baggage and professional books of your late husband, also to do what may lie in his power to facilitate your wishes in the matter of any quantity of personal effects in excess of his regulation allowance.

The Quartermaster General regrets that there is no authority under the law by which he can have the remains of your husband brought at public expense to Wilmington, Delaware.

Very respectfully,

Quartermaster General U.S. Army.

General O. O. Howard,
Gov.'s Island, New York,

Sir:

I have the honor to state that the "Young Men's Christian Association" of this city will celebrate their Anniversary sometime in the month of September, and are desirous of having you deliver the Annual address.

Representing the Citizen soldiers of this District, which comprises some two hundred young men, I am of the opinion that an address from you, a Military man, would be received by these young men, who we wish to reach, kindly.

Trusting that you will favor the Association and the people of Chester with your presence,

I remain,

Very respectfully,

Your ob'dt., serv't.,

General O. O. Howard

My dear Sir,

Unfortunately for us last year at the last moment circumstances prevented us from securing your services for a lecture. This year we had hoped to do so, and had asked Mr. Easton of Boston who does our business to approach you on the subject. He wrote us that you probably cannot come to St. Johnsbury. But for the sake of our Association, I now feel it to be my duty to approach you once more.

We cordially hope that as you continue your lecture before Schools, Associations, and G.A.R. Posts that you may consider favorably our proposition. We have here a large Academy (one of the very largest in New England) where we take in direct contact with two hundred young men each year. These young men would almost to a man attend your lecture, and we feel that you
could thus be a help to them and us as an Association. Now there are many GRB men
here whom we feel would be led to a closer
relation with the GRBA. They would all attend
your lecture, and we might be better able to
reach them, thereafter.

In short, your presence here would help us
much. Can't you come and give us a lecture?
Our audience would be too strong, containing
the best people of the town.

If you will consider the proposition and
will write me what time after May 1st, you
could best come. I will send you several
dated to select from. Please state your terms
if you are led to think unfavorably of the
invitation.

Yours most sincerely,
Edward S. Tolson

My dear General Howard,

If you can conveniently visit our office with your son this evening, say about half after seven or eight. Mr. Brewick and myself will be particularly glad to see you. Explain fully what we have to interest you concerning, and arrange if we can to give agreeable employment to the person of whom you spoke to me last Saturday. If he or other whom you invite come with you so much the better. Should you be able to be with us this evening, perhaps you can call in the morning. We will be at the office until ten or half after ten, indeed, at any other hour you may choose to come tomorrow. I must
