Maj. Genl. C. C. Howard U. S. A.;
Dear Sir; -

Our good people of
the First Reformed Church, seem de-
termined not to give you up. On
the ground of your not being able
to be with us next Sunday the 23rd,
inst., our service has been postponed
until the following Sabbath evening,
the 30th inst., on which occasion we
beg of you to add to the inspiration
of the service by your presence.

A word from you, dear sir,
would have the power of the bat-
teries which you command. You,

we and our dear can, are able
to send shot and shell of sound
advice and Christian teaching among
your warriors, and convince them
that it is a grand thing to be a
soldier of God, as well as a soldier
of the nation.

The invitation extended
in my father's letter, we still urge
you to accept, and now await a
favorable reply.

Sincerely yours,
Ferrer Hattys.

Gen. D. D. Howard

Dear Sir:

I have been here several days. As I am one of the delegates from my church, and we have had such intensely interesting meetings, and I do not know when you are at liberty. I have made no attempt to see you.

It has been twenty years since I have visited Brooklyn or New York. I have never visited Central Park, nor have I much leisure to visit any place of interest. but I do want to see you, if only for one half hour, or even less time.

I will be at liberty on Thursday and on Friday, from 1. to 3-30 p. m. Are you at liberty to see me then? Please tell

one how to reach you.

Our Conference is held in a hall on the
3^d. floor of Brooklyn Post office

Dr. E. G. White a woman of wonderful
spiritual gifts will speak in this hall
on Thursday, Saturday, and on Sunday
at 5 p.m. Oh how I wish you could
hear her.

We also have service
on Saturday and on Sunday at 11 A.M.
and at 7.30 P. M. Can you be present
at any of these services?

With great respects

Elizabeth W. Harris

My dear Howard

Dear Friend.

Thanks for your
of 17th - but I do most sincerely
hope you will reconsider
your determination - & send
us by next week Wednesday
about what I asked for -
If you can't do so by that
day, do it when your time
& inclination serve you -
I will hold my "Reminiscen-
ces on 25th Anniversary of
Congregationalism" till I
can get it - If I can't get
it, I shall not feel in-
clined to print. It seems
to me that Dr Rankin's & true
history can't be made unless

[Faint, illegible handwriting on lined paper]

2

We have ^{full &} authentic data -

I was wholly & totally ig-
nored at the First Church
^{anniversary meetings}
Through my wife I had a
printed notice of the meetings.

Yesterday I got clear to
what may be the cause: it
seems that at the last A. M. A
annual meeting you made
allusion to the First Church
as if it had slipped from
to original idea - that was
pointed quite extremely,
as I learned yesterday for
first time - The blame
of it all is put on me!!

I don't think you are
quite correct in your opin-
ion - for to my mind
the statement is too broad

particularly as to the
 color line - I don't know
 where your Whittaker
 may in fact be, but I
 should say that the body
 of the church were sound -
 Women too - But I
 am not very well posted
 as to their position in
 theology or color -

Hooper got the data
 he wanted - he had sought
 every every where else in
 vain, but would not ask
 me till he found by your
 letter it was his last chance.
 He was very effusive when
 I gave him the collection
 & solemnly promised me

Handwritten text, likely bleed-through from the reverse side of the page. The text is mirrored and difficult to decipher but appears to contain several lines of prose.

he would give me due credit for the help, &c

He had a long paper; it was pronounced a remarkable one as to fullness of facts &c, &c. but Dr Praborry says my name was not once mentioned & he is corroborated by several others - one friend says that it was remembered as one of a Com.

I really can't see how such conduct is decent morally, if no promise had been made - but in a christian standard point it is lying pure & simple.

Don't forget that we will wait for your reminiscences with longing & great desire

Sincerely
L. Deane

Gen. O. O. Howard.

My Dear Sir:--

The January meeting of the Congregational Club will come Monday evening, Jan. 19th. The subject suggested for the meeting is "Our National Defences" and the Committee for arranging the meeting consists of yourself, Rev. Mr. Scudder and the writer. The thought of the Committee was to have one paper upon our new navy upon which sixty million dollars is likely to be spent within the coming ten years, and another paper upon our coast defences. Should it be impossible to get suitable speakers upon this subject for this date and a later date would suit them better, we would then work up some other subject for January and carry this subject over to February or March. It would be a source of great gratification to the Club if General Sherman could be present. We should be glad to have him speak, but speaking sometimes frightens him away and we had much rather he would come without speaking than stay away. Your acquaintance and influence with men connected with navy and coast defence matters will enable you to select the proper men much better than the rest of the Com-

mittee and they would be much more likely to come on your invitation. Mr. Scudder and I would therefore be very glad if you would take the initiative in the matter and see whether proper speakers can be secured. We shall of course be ready to co-operate with you in anything which we can do. Should you think it best to try and secure Ex-Secretary Whitney I will make an effort in that direction, but it is very likely that you can get others who will treat the subject quite as well.

Please let me know of any help which I can render in the matter and call on me as you need me.

Very sincerely yours,

Now that there is some necessity as a precaution measure for sending troops out West,why do you not avail yourself of this opportunity,to send the 19th.Infantry where they can see some kind of service like unto other troops? Dear General Howard,

Your favor of the 13th inst. reaches me this morning, having followed me home from St. Augustine. I am very sorry to hear of the illness of your son Harry, and I sincerely hope that he is rapidly convalescing, and will soon be wholly recovered.

I am glad to know that Mr. MacRae has been of service to you, and I trust that his illness will prove no detriment to a consummation of the purchase, providing the title proves all right.

Dear General:

I have received your letter of yesterday, conveying the invitation of the Committee of the Congregational Club to read a paper before that Association on the subject of "Our National Defences".

It would of course be a pleasure to me to discuss so important a subject before so appreciative an audience, but the demands upon my time are so great that I have been compelled to decline all such invitations, even those to prepare like papers for publication in the standard magazines. I must leave it to those who have more leisure to devote to such purposes.

Thanking the Committee for the compliment conveyed in their invitation,

I am,

Sincerely yours,

Dear Brother:

We heard by Adelheide's letter that Harry was decidedly better. This relieved our minds greatly and we do hope that you and Lizzie will not be sick in consequence of taking care of him. We have feared greatly for Lizzie from what you wrote of her constant devotion to Harry and confinement in the sick-room. We are sorry to learn that you have had trouble with your ear and hope to hear by someone how you are getting on. An ulcer in the ear or in the head is sometimes not only very painful but a very serious affection. Please let some-one write.
