My. Genl O. O. Howard.

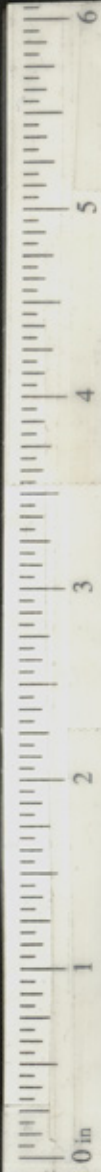

Dear General,

Thanks for yours of 22^o

You take the only ground on which your side of the question is at all defensible - "that it might be to the injury of the army itself."

In that I willingly grant - that you are correct - though not to the extent you fear. Please note the 5th & 8th counts of my plan. & you will see that I propose to make cities of all Indians within States & Territories as soon as county organization shall have been effected. Probably 75 or 80 of

which were caused for at great
expense by the cumbersome machinery
of the Indian Bureau. would be
absorbed into the great-bury of Citizens-
leaving not more than 30 of the wild
tribe to be cared for by the Army.

The Bill transferring Officers over 64 yrs
from limited to unlimited list (if it
becomes a Law) will immediately eliminate
all the sick & disabled who now handicap
our Regt. The recent orders practically
abolishing 2 camps of each Regt. of Infy
& Cav'y. will give us for outdoor work over
200 Off. About 50 are needed for our
own schools & University - another 50
for staff & recruiting duties - leaving
about 100 of whom in any opinion
no possible better use can be made

Of my own personal knowledge I believe
I can select a sufficient number of

My dear General:

It was only after four attempts that I at last succeeded in catching Mr Griswold and then by accident on the walk in front of the Chronicle Building.

He desired me to say to you that he had found a man who was willing to assume your obligation on the ten lots, but declined to return any of the money you had already paid up. In other

words you can get released from your contract, but must sacrifice all of your five hundred dollars. He also stated that you would in time, in all probability, recover something, but just now he could offer nothing better.

He wishes to have your answer to the proposition as soon as possible. I was dreadfully sorry to learn of the losses of Harry and yourself in Kern Co. I feel

my own, but it was nothing compared with yours. As the present Oregon General is not fully disposed towards me I very much fear I will not be permitted to return to the State's land when my leave is up.

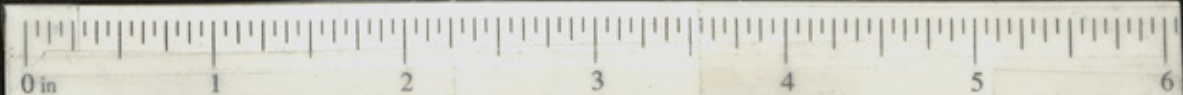

With kindest regards to all,
Mrs. Haysland joins me in our affectionate

My Dear Genl Howard

When a change of troops is made at Ft. Meyer, I believe you have it in your power to do a good service to the "Colored Troops," by asking for their detail. These four troops were sent to Ft I & K, 9th Cavalry, have during this campaign, done good service - a march of 102 miles in 30 hours, relief of a wagon train, and saving the 7th Cavalry from heavy losses - of not more one man of record - and have given the colored troops of this battalion, with other regiments - a high standard

for efficiency -

It would be a most
gracious way of ad-
justing their deserts -
and I trust you will act
in the matter as you
think best

Please to be here all
winter -

General:

In view of the kindness you have shown me, I thought it might be proper for me to tell you of what I came here to do, from Washington.

Upon my arrival, at my own request I was assigned to duty with Scouts. During all the campaign I have had an independent command and have been called upon to do a great deal of hard scouting and forced marching. I participated in the Battle of Wounded Knee, being one of the officers engaged in receiving arms. Also in the battle near the Mission, on the day following.

I now command a company of 105-

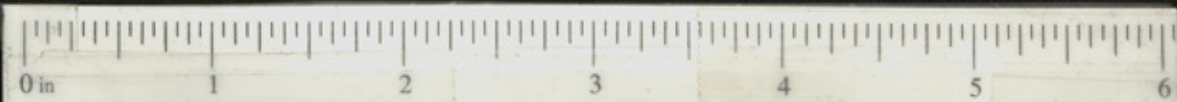

mounted scouts, fully armed
and equipped as cavalry, the same
company that had become famous
under Lieut. Taylor. I am very
proud of having had this trust
conferred upon me, remarkable,
I think for an officer so low in
rank.

I am glad to tell you that
my mother's life has been pro-
nounced, healed.

Thanking you for your kindness
I am glad that the necessity of my
being near home has been removed.

Sir:- I thank you for your kind letter and good advice. The letter I wrote you was not intended in any sense to be "official," but was written on an impulse with no special motive. The fact is, Sir, I have so often seen your name in connection with religious work, and I have been so long removed from military and official circles, that I almost lose sight of the Officer in the Christian worker. It was this that prompted the writing of the letter. I trust, Sir, that you will overlook the matter. As a Sergeant-Major in the service I learned the necessity of careful letter writing, when addressing the War Department. As to my future work, may the Lord direct. Again thanking you for your kindly words, I remain,

General Oliver O. Howard,

Dear Sir:

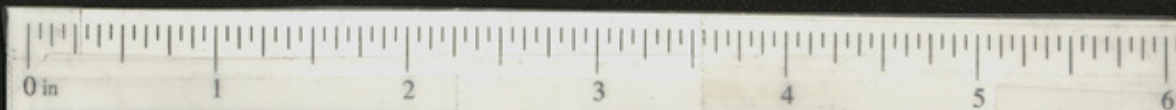

I saw the attorneys for Mr. Oscar Purdy, who holds the first mortgage on Chrystie Street Church, for \$5,500.00, today.

You will remember that six months' interest on this mortgage, which runs at six per cent., that is, \$165. will be due on the 1st of February. I suggested to the attorneys for Mr. Purdy that you will probably wish to have the rate of interest reduced to five per cent. They said their client would make such reduction but would like to have an agreement from the Camp Memorial Church extending the time for which the mortgage is to run, for three or five years.

Will you please communicate with me what you desire to do in this matter, with the understanding that the best time to arrange it is at the next interest day, the 1st of February?

answer a few questions

OFFICE OF
COLUMBIAN SUNDAY ASSOCIATION,
185 DEARBORN ST., ROOM 60.

CHICAGO,

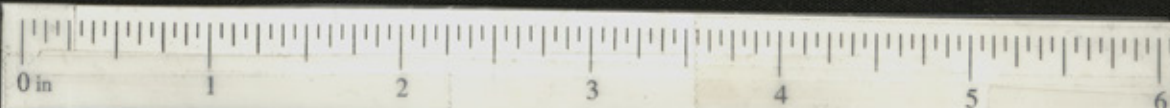

1/28/ '91 189

Major General O.O. Howard,
Governor's Island, New York City.

My Dear Sir:-

Yours of the 17th inst. came duly to hand. I appreciate your position as regards the Presidency of the Columbian Sunday Association, and can see that it is a similar one to that of Chief Justice Fuller. We have tendered the office to Senator J.B. Hawley, and may I respectfully ask that, if you are acquainted with him, you will be so kind as to write him asking that he accept the office?

As regards your other suggestion- whether it be not possible to secure ourselves from having the World's Fair unconditionally open during the Sabbath by some compromise; opening only those things that will be altogether proper for Sunday use and visitation-, and noticing also your remark that "the object of many good men is to secure privileges to poor working men which they cannot obtain on any other day," I would say that this demand for the poor working men does not come from them. In our Association we have a Committee composed of representative working men; they are as much interested as any of us in our movement; they take the position of the working men of England, who, when the matter was under discussion, of opening the British and other Museums on Sunday, almost unanimously petitioned Parliament against having them open, because they considered the opening of the Museums to

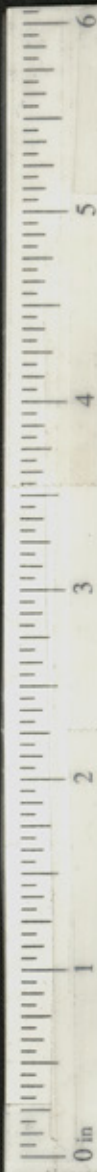

be the entering wedge to more work on Sundays. These Trade Unions of Great Britian are not composed of religious men mainly, but simply on the ground of saving the day to themselves for rest and not increasing the hours of labor during the week, they took this position. The working men in this country are clamoring for eight hours per day, and they realize that if work generally is permitted on Sunday they will lose all they would gain by having eight hours. They realize, furthermore, that Sunday work is rapidly on the increase, and while they are appealing to legislatures and other bodies to lessen the hours of labor and to prohibit Fairs and other business enterprises from being in operation on Sunday, it is certainly in bad taste for them to ask to have the World's Fair open on Sunday, and thus cause fifty thousand or more employes to work. I do not know any thing that would be altogether proper for Sunday use and visitation. Chicago is the only city, as far as we know, that opens its Art Galleries on Sunday. Washington, Philadelphia, New York, Boston, Cleveland, Detroit, we understand, all keep their Galleries closed. The great risk to run is that if it is opened in part it will still give an excuse for the Railroad Companies to run excursion trains Saturday night within a radius of 200 or 300 miles of Chicago, and flood the city on Sunday with the worst elements of the communities from which these excursions come. We think that the only position for the Columbian Sunday Association to take is to petition and urge that there be among the other exhibits a typical American Sunday. It will certainly inter-

January 28, 1891.

My Dear General,

I find it will be inconvenient for Dr.

Warner to change as we proposed, so we will use you twice instead of once as we agreed. At eleven o'clock Friday morning we present the needs of State work and the value of supervision by a State Committee with secretaries employed. Dr. Lucien Warner has charge of this hour as chairman of the Finance Committee, and following two or three brief statements, the subscriptions are received for the State work. I send you the report of the chairman of the State Committee for last year. The one to be read at Lockport the evening before you speak will not probably be in print so we could send to you, but the enclosed will give you the report for 1889 from which you can stir their hearts by a brief ten minute appeal, to pray and give.

Then Friday evening before Dr. DeVer Warner's address on the work among mechanics, etc., we want a presentation of the International work. Many of our delegates as well as the large audience assembled do not understand the work of the International Com-

mittee, and we want you to give them a resumé of it in a fifteen or twenty minute address. I enclose you a brief statement of their work the past year. This will not necessitate as much labor as by following the original plan of preparing an address on the set topic for Thursday evening.

I have gone over the time-tables and find there is no way you can get from Northampton and reach us Thursday evening, but you will be due there Friday morning 9:15. Either go back to New York and take the 7:30 sleeper from New York to Lockport, or else go north by Albany and take the day train there, probably reaching Lockport 10:30 that night, just as you prefer.

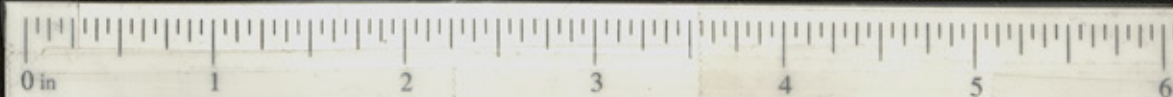

I also find that you can stay with us over Sunday and reach New York at 6:00 Monday evening.

As the delegates will remain over Monday to visit Niagara Falls you will not be annoyed by visitors all along the route down but in a quiet parlor car you can prepare your speech for Washington's Birthday dinner, so please plan to stay with us over Sunday if at all practicable.

Sincerely yours in Christian bonds,

General O. O. Howard,

Gentlemen:

We are in receipt of your favor of the 24th. We would be pleased to act for General Howard in his matter against Kean and Co., if we can be of any service. We do not believe he would gain anything by proceeding, immediately, to have his claim allowed as a trust fund having been deposited within 30 days, immediately preceding the assignment. A great many petitions of this kind have been filled, and it is possible that the court may hold, that under our statute, all deposits made within 30 days shall be deemed trust funds, but as there was about \$20,000 in the hands of the bank on the day of the failure, and the deposits within 30 days amounted to twenty times these figures, probably, you can see that there is little or nothing to satisfy them, after the Court has so held. All the other assets of the bank, or nearly all, consist of stocks, bonds, &c., that were purchased previous to the 30 days, and in our judgment, the Court would not allow the proceeds from these assets to be used for the purpose of paying off the trust funds, in as much as it is apparent that the last 30 day deposits could not have been used for the purchase of these other assets.

Another reason why we would not advise a proceeding of that kind immediately, on behalf of your client is, that we assume

that you have taken proceedings in N. Y. by which you will realize something out of the assets there. If this is the fact, and you should now come into the court here with a petition, your client would place himself under the jurisdiction of this Court, so that the Court might, and probably would, enjoin him from proceeding out- side of its jurisdiction, on the ground that he is interfering with the assets that belong to the assignees. If you have not succeeded in tying up anything there, however, it might be well to be prepared to file a petition here. There is no particular hurry about it, and probably the Court will determine soon the question regarding such petitions, and if it holds favorable, certainly nothing could be lost by filing the pe- tition, and much might be gained.

Respectfully,

DEPARTMENT OF THE INTERIOR,

GENERAL LAND OFFICE,

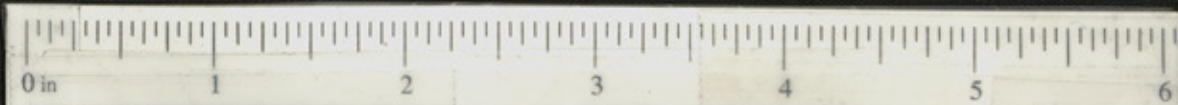

WASHINGTON, D. C., January 30, 1891.

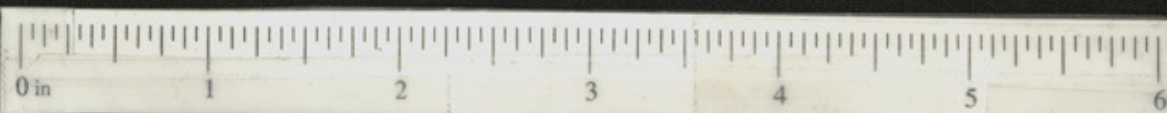

ADDRESS ONLY THE
COMMISSIONER OF THE GENERAL LAND OFFICE.

My Dear General:

Your favor of the 26th instant mailed from the "Fredonia", this city, to hand. In reply, allow me to say that the number of surveyed townships in the counties of Hernando, Pasco, Citrus, Hillsboro & Polk (named by you) is 164, and the charge which by law we should be required to make for them aggregates \$41. It would be impracticable to designate, in this office, those in which are located land subject to entry under Homestead or Pre-emption laws. This can only be done in the local land office at Gainesville. Would it not be well to write the Register and Receiver there, asking what sub-divisions are vacant and subject to entry in certain townships- perhaps one or two to begin with. Or, you might write and state your desire to locate on a certain kind of land within certain county or counties named, and ask for their charge for furnishing plats showing, as far as the officers are able, the location of vacant public lands therein of description named.

You will get thus, if not all you desire at first, at least a better basis for acquiring further information than I see possible otherwise.

With best wishes for yourself and other members of your family
interested, I remain,

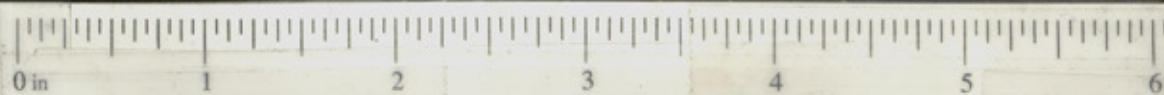

Very sincerely yours,

Geo. Redway;
Chief Clerk.

Maj. Gen. O. O. Howard,

Governor's Island,

N.Y. Harbor, New York.
