Dear General Howard

Will it be agreeable to you

to unite with John Jay, Bishop Potter, and other prominent gentlemen, in contributing one or more chapters to a "Memorial History of the City of New York from its first settlement to the year 1892," which I have now in hand? Gen Sherman was to have written of New York in the Revolutionary war.

Will you take that subject, unless you prefer the war of 1812, the Mexican war, or the Civil struggle of 1861-5? If necessary, my secretary could gather the necessary data for you, so that you need be send any labor. Of course, you will receive a suitable remuneration. The work I may add will be in four large octavo volumes.

Very faithfully yours

Jas Grant Wilson

P.S. I trust that you are coming over with the ladies on Friday evening, and that you will say a few words at the close of the address.

Dear Sir: -

On behalf of the bureau of this Syndicate that furnishes religious matter of general interest to the press of America, I beg most respectfully to ask of you such information as you may be pleased to communicate respecting the International Congregational Council to which you are a delegate, to be held in London, July, 12th to 21st. While welcoming you to the utmost liberty in the expression of your views, I would ask if agreeable, to be informed, specifically, as follows:

1. Has the council an exigent origin?
2. Upon its aims and purposes generally.
3. What overtures, if any, are likely to be made by its members to other Christian bodies with a view to closer union and coöperation of all the churches?
4. [Cursorily]. Upon the religious conditions in this country likely to be considered by the Council.

In addition, may I trouble you briefly to hint the positions you are likely to advance in such address as may be delivered by you?

The great interest in the Council, already existing, and which will increase as we near the event, must be my apology for so large a demand upon your courtesy.

To this interest is also attributable the desire of the public to look upon the pictures of the more representative men who shall compose this great gathering. May I therefore ask you to intrust this Syndicate with a photograph of yourself, and to accept our undertaking to return it and use it strictly and solely for the purpose intimated?

Maj. Gen. O.O. Howard.

Dear Sir -

On behalf of the Bureau of this Synagogue and its sister
bodies of general interest to the Jews of America, I am most respectfully
ask of you such information as you may be pleased to communicate respecting
the International Congressional Council to which you are a delegate, to be held
in London, July, 1931 to 1932. While welcoming you to the utmost liberty in the
expression of your views, I would ask if possible, to be informed, specifically,
as follows:

1. Has the Council an original origin?
2. Upon its aims and purposes generally.
3. What objectives, if any, are likely to be made by its members to other bodies
than bodies with a view to closer union and cooperation of all the churches?
4. [Carroll]. Upon the relations conditions in this country likely to be
considered by the Council.

In addition, may I trouble you briefly to state the positions
you are likely to advance in such address as may be delivered by you?

The great interest in the Council, already existing, and which
will increase as we hear and learn, may be very largely for no larger a reason
than your country.

To this interest is also attributable the desire on the part
of the Jews upon the pictures of the more representative men and women
this great gathering. I therefore ask you to inform this Synagogue
a photograph of yourself, and to accept our undertaking to return it and
specifically and solely for the Bureau's interest?

My Dear Sir:-

The Middlesex Club of Boston is a social and political organization, with Republican tendencies, and by its By-Laws commemorates the birth of Gen. Grant. We shall hold a meeting and dinner for that purpose at Young's Hotel in Boston, on Saturday, the 25th day of April (being the nearest Saturday to Gen. Grant's birthday) at 6 o'clock in the afternoon.

By a vote of the Executive Committee I am requested to extend to you a very cordial invitation to be present on that occasion as our guest.

The last time Gen. Grant visited Boston he was entertained by this Club, and we desire to make the meeting this year worthy of his name, and the younger members of the Club are specially desirous to meet you and other commanders of the

Union Army in the great war.

We have extended invitations to Gen. Lew Wallace and to Gen. Beaver of Penn., to Ex) Secretary Boutwell and Mr. Dephew of New York.

We shall take pleasure in paying the expenses of your trip and we trust that you will give us the great pleasure of attending that meeting.

he ought to do fairly well.

I am not certain that I have ever mentioned to you the astounding proposition that was made to me on my return from Florida- to be a candidate for the U.S. Senate. The fact is ~~that~~ my name was put before the Republicans of the Legislature, entirely without my knowledge, and they gave me the entire vote 100 and one of the Farmers' men also joined with them making 101 but the other two F.M.B.A. men refused to vote for me. Today they ^(the two farmers) voted for our old friend Gen. Palmer (Jn.M.) of the 14th corps and he was elected by 103 votes. The bottom fact is that those two men Cockrell and Moore were Democrats at heart and of course I could never satisfy them, neither by my past record nor present principles. I soon ascertained this to be the fact and dropped the whole matter.

Perhaps you have not been informed that my wife went to Bangor last week in consequence of a summons to the bed-side of her mother, who was very dangerously ill. She is better and we trust may yet in a measure be restored to her wonted health. Her recovery, however, will be very slow. Her trouble was of the heart and "organic," and very alarming in its manifestations.
