General C. B. Howard
Governor, Island N.Y.

Ogden, Utah. Mar 26, 1891

Dear Sir:

I voted all proxies together with my Stock, amounting to 1902 Shares against amending Articles of Incorporation of the W. M. B. T. L. Co., at the Special Meeting March 23rd, for the reason that this was the wish of Mr. Decker and Mr. Konsky and others; we feel that with judicious management that a part of the net earnings can be used for the natural growth of the business, and the balance paid to the stockholders in dividends. I figure in this year the net earnings should reach $50,000, half of this amount might be paid in dividends and pay $20,000 used for construction.
and if it was found really necessary to provide Treasurer Stock, then increase the Capital Stock from $800,000 to $1,000,000, the Treasurer stock could be sold at par just as easily on this Capitalization as if it was only $500,000. This is my own as well as the opinion of other Western stockholders, that the owner of 181 shares and will not turn it in for calling process.

Yours Respectfully,

My Dear General:

Yesterday evening I had intended to be at the Tompkins Avenue church to hear your address on our friend General Sherman. I was called suddenly to Albany on professional business that admitted of no delay, and was denied the pleasure of being present.

Very truly yours,

Dear Mr. Herrard,

When in New York I was feeling too ill to come over to see you personally, as I wanted to do, concerning the matter of the Jubilee Tramps & to let you know I found upon consulting my book that our appointments would suit no one in the time of the Brooklyn meeting, & that we could not come. From the company down a week for less than $8/00. I am sorry that we are not to be nearer as it would give me much pleasure to offer their services as well as to be present myself. Regarding the unfavorable circumstances I hope

My dear General:

You know that I have been amply, for many years, for you to visit this Academy and address our Cadets, and also note the progress we are making in our effort to establish a model college preparatory school for boys. Will it not be possible for you to come this year and make the address to our graduating Class from 4? Would not that be a good time for you to inspect from Wayne, Macomb, and Washtenaw?

We are very prosperous, corps now number 160 I shall graduate about sixteen.

I hope that you will consent to come. I shall gladly pay all expenses.

Very respectfully,

Dear Sir:—

A correspondent of our paper writes to inquire how many stars were borne on the Union flag during the first three years of the civil war. We presume the full number; but not being certain on the point, would be greatly obliged if you could favor us with information regarding the matter.

Friend Howard,

Last summer you spoke as if you did not know but they would like to buy the Carolina Farm Place. It is now for sale. Price Eighty Hundred Dollars. I don't think the money out of the way for it. If you are ready to buy try to buy the Carolina Place for myself. All well.

Yours as Ever,

We continue to receive very favorable correspondence of Dr. Hagen as the man with qualifications for the pastorate of the church. I hope it may be convenient for you to hear him preach and give me your impressions. The clergyman of whom I wrote in connection with the Dr. Storr Church in the British Church. Perhaps you may be able to learn something of him. He is for a man very strongly endorsed.

We are fortunate in having a very good temporary supply in Rev. Mr. Florence family of Detroit.

He is not candidate for any of the churches. He is ready for any pastoral work.

Moreover, you have greatly a letter I wrote. Dr. Barrows has loaned to us again—his brain greatly in shrove and the family been together on the occasion of the Lent and Easter. I am certain you cannot. If you can at all.

My dear General,  

From what acquaintance you have had with me, you are undoubtedly aware that the Indian or anything pertaining to him, or Indian associations, are the pet themes of my life; and it has occurred to me that at this time of my life, nothing would be more gratifying to me than to be in some manner identified with the World's Fair Exhibition in 1893, with some of my Indians here, with some of the articles of their own production, and exhibition characteristics of them, in connection with some historical reminiscences of the
Remarks during our campaign with you in pursuit of the U.S. Forces, much of which they yet remember, and often refer to with pleasure.

With this object in view, would you kindly write me a letter, which I could forward, with others, to the men in charge of the World's Fair exhibit, by which I hope to accomplish this much desired object.

I take pleasure in enclosing you copy of one written by our Idaho delegation in Congress, and am pleased to state that none to whom I have yet applied, have declined the favor. I would also deem it an additional favor if, when the time arrives for me to act, you would kindly use your influence with the Indian Office, in getting permission from them, for me to take the Indians. Of course the time being so far distant, I have not yet got down to details, but am only trying to pave my way by endeavoring to secure the cooperation...
in time, of those of my friends upon whom I can rely, whose influence would be greatest in the matter.

Trusting to hear from you soon, and favorably,

I am as ever,

Most respectfully,

Dear General,

The 7th Annual Gobineau Fine of Alexander Hamilton Post No. 182, I. O. O. F. will be "Lighted" on Thursday evening, April 2nd, at First Headquarters.

It is the custom rich and dear of the Post that yourself and staff be with them on that evening. May I say to the Commanders that you will attend?

If you cannot be present we shall miss it an honor if you will order the Bishop and Past to represent you. Bishop will find some well-favored among the Commanders.

Hoping Major General that you can comply with our wish and be with us on evening.

Believe me Your truly,

General Howard,

Dear Sir,

By the post of this morning I addressed your a line reminding you of your promise to dine here on Tuesday next, expressing the wish that you would give us the whole evening.

I then had not a doubt that they would at the Park know where to send any letter to one so well known, but, as I now am told that it should have been addressed to you at Governor Island, I send you this by way perhaps of needless caution.

Please accept it as evidence of my wish to meet with one whom I have so much reason, in common with all patriots, to esteem.

Yours most truly, 

W. Upham
Major Genl O. O. Howard.

This invitation also includes Your entire staff if you desire them to be present.
