General C. C. Howard
Governor Idaho
Dear Sir

I voted all proxies together with my stock, amounting to 1902 shares against amending Articles of Incorporation of the R. M. B. Tel. Co. at the Special meeting March 23rd, for the reason that this was the wishes of Mr Dickey and Mr Konty and others, we feel that with judicious management that a part of the net earnings, can be used for the natural growth of the business, and the balance paid to the stockholders in dividends. I figure in this year the net earnings should reach \$50.000.00 half of this amount might be paid in dividends and say \$20.000.00 used for Construction

and if it was found really necessary to provide Treasury Stock then increase the Capital Stock from \$800,000⁰⁰ to \$900,000⁰⁰, the Treasury Stock could be sold at par just as readily on this Capitalization as if it was only \$500,000⁰⁰. This is my own as well as the Opinion of other Western Stockholders, I am the owner of 181 shares and will not turn it in for scaling purposes

When in New York I was
feeling too ill to come over to see you,
personally, as I wanted to do, concerning
the matter of the Jubilee Singers & so tele-

pleasure to offer their services as well
as to be present myself. Regretting the
unfavorable circumstances I have,

My dear General:

You know that I have been anxious, for many years, for you to visit this Academy, and address our Cadets, and also note the progress we are making in our effort to establish a model college preparatory school for boys.

Will it not be possible for you to come this year, and make the address to our graduating Class June 4? Would not that be a good time for you to inspect Fort Wayne, Mackinac and Brady?

We are very prosperous. Corps now numbers 160. Shall graduate about fifteen. I hope that you will consent to come. Shall gladly pay all expenses.

Your very kind note

of Feb 27th - I found waiting

in Los Angeles - I thank you very
much for your prompt reply
to mine concerning Dr Virgin

We continue to receive very
favorable endorsements of Dr Virgin as
the man well qualified for the
Pastorate of our Church. I hope
it may be convenient for you
to hear him preach - and give us
your impressions. The young man
of whom I wrote as connection with
Dr Storrs Chapel - is ^{Rev} John Britton Clark.
Perhaps you may be able to learn
something of him. He is - for a young
man - very strongly endorsed.

We are fortunate in having a

very good temporary supply in
Rev Mr Freeland formerly of Detroit.
He is not considating. Consequently
it makes it very agreeable for all.
He is ready for any Pastoral work
and therefore we are very comfortable.
Nevertheless we miss greatly a settled
Pastor - Dr Parsons we learn is
worse again - his brain greatly congested,
and his firmly under hopeless and
disengaged - Our hearts bleed - and
our lives are saddened. It seems much
very cruel - It seems to snatch

My dear General.

From what acquaintance you have had with me, you are undoubtedly aware that the Indian or anything pertaining to him, or Indian associations, are the pet themes of my life; and it has occurred to me that at this time of my life, nothing would be more gratifying to me than to be in some manner identified with the Worlds Fair exhibition in 1893, with some of my Indians here, with some of the articles of their own production, and exhibition characteristics of them, in connection with some historical reminiscences of the

Bannocks during our campaign with you in pursuit of the Nez Percés, much of which they yet remember, and often refer to with pleasure.

With this object in view, would you kindly write me a letter, which I could forward, with others, to the men in charge of the Worlds fair exhibit, by which I hope to accomplish this much desired object.

I take pleasure in enclosing you copy of one written by our Idaho delegation in Congress, and am pleased to state that none to whom I have yet applied, have declined the favor. I would also deem it an additional favor if, when the time arrives, for me to act, you would kindly use your influence with the Indian office, in getting permission from them, for me to take the Indians. Of course the time being so far distant, I have not yet got down to details; but am only trying to pave my way by endeavoring to secure the cooperation

in time, of
whom I
be greatest-

in time, of those of my friends upon whom I can rely, whose influence would be greatest in the matter.

Trusting to hear from you soon, and favorably.

General Howard,

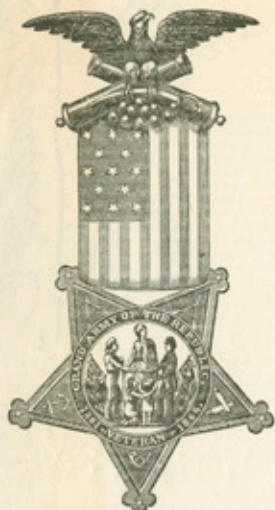

Dear Sir,

By the post of this morning I addressed you a line reminding you of your promise ^{to visit G;} to dine here on Tuesday next, at ¹² expressing the wish that you would give us the whole evening. I then had not a doubt that they would at the Post know where to send any letter to one so well known; but, as I now am told that it should have been addressed to you at Governor's Island, I send you this by way perhaps of needless caution. Please, accept it, as evidence of my wish to meet with one whom I have so much reason, in common with all patriots, to esteem.
