My dear Sir,

I venture to address you as a Trustee of our University. By reason of ill-health I am constrained to offer my resignation at the next Annual Meeting of the Board. When I announced this purpose to Dr. Rankin, he surprised me by the statement that the Chair of English, of which I have been the incumbent for nine years, would be dropped and its duties imposed upon some
The following words from a worthy and talented graduate of this Institution will show the evil of such a Change. The writer thus: I should be grieved beyond expression if there should be any necessity for any reason whatever either to abolish or leave vacant the Chair; for I can well remember how very inadequate and ill-equipped the College De.
partment was before the coming of Dr. Buckley”. In another letter the same student says this— “The general criticism now against Colleges is not so much that men come out of them ignorant of Greek and Latin..."
That they come out woefully deficient in the tongue in which they were born, ignorant of the richness, the power and the possible uses of their own tongue with heads crammed with Greek and Latin roots, which to the majority of men are of subordinate value, but unable to speak and write their own tongue with perspicacity and exactness. — No one instructs here is able to carry the burden of the English branches added to what he is now doing. Naturally you will ask "Why the change?" Dr. P. says because the appropriation of Congress is so small. But it is nearly twice the amount that was appropriated when

Dear Sir Howard,

After an week in Rondonia, you in Santa Teresita were by common consent put in charge of the administration of affairs. There were times when we were threatened with serious trouble from the crew, but by his tact, excellent judgement, and untiring energy all this was avoided and we were rescued after several days with scarcely an unpleasant incident to remember.

I know you are proud of him, and I desire by this to express the admiration I feel for one who forgets self in the service of others, I am

Dear Sir:—

Regarding the matters mentioned in your letter of April 10th, our singing &c., will occupy but a short time, and if your lecture takes about an hour, I think that will be just about what is wanted, so if you can cut it down about twenty minutes, please do so.

The Grand Army Post will attend in uniform and be on the stage during the lecture, so that I don't think you will feel conspicuous in uniform dress, and we trust you will not fail to arrange for it, as we have so stated to the Grand Army men.

Yours truly,

G. A. N. Noyes

P.S.— I note the time of your boat leaving and will be on hand to attend you to Orange on the day set.

Dear Sir:—

Regarding the welfare mentioned in your letter of April 10th, can anything be said about a short time trial for the Terre Haute staff, so that I can make their work better next year? It seems to me that you will find a short time trial to the advantage of the Terre Haute staff, please do so.

The great thing next will be to arrange to meet you and our friends at the various points of the Terre Haute line the first week of October, as usual, and we hope you will find us all well.

I write you to know how you feel in reference to the proposed Reunion of the Blue and the Gray at Chicago Ills., during the World's Fair. I have many letters from the old soldiers both North and South and they are all in favor of the reunion, and desire to meet together once more before they pass over the river, and talk over the days gone by.

Dear General Howard:

Lieutenant General Sir John Ross, Commanding the British forces in Canada, has been spending a few days here on a visit at the British Legation. He will stop in New York a few days on his return to Halifax -- probably next week -- and will be at the Brunswick Hotel. No doubt he would be glad to meet you, and perhaps to visit some of the military posts in New York Harbor. You will find the General a very agreeable gentleman.
