Green Camp, O., May 11, 1891.
Major General C. O. Howard,
Roosevelt Island, N. Y.

Sir,-
My application for appointment to an Army Chaplaincy is now before the Secretary of War. It is supported by the highest authorities of my Church, and by men of influence in public affairs—Gov. T. P. Hoyt of Indiana, Senator John Sherman of Ohio, Gen. W. H. P. Latham, and others. I shall be honored and encouraged by having your great influence in favor of my petition. If I am honored with the appointment, I shall try to do good work as Chaplain.

Your obedient servant,

John E. Cox
Dear General:

The Bible says you are going to open a kindergarten at your mission. Is it so? And if so, will you want a good teacher?

Faithfully yours,

To

My dear Gen. Howard,

I received your kind letter Saturday. I am sorry that I made the mistake in my letter to Thomas Bost, but I understood from you that such was your intention. I had not seen your note to the public when I wrote; though I had heard of it and misunderstood its contents. It really makes no difference however.

I enjoyed the Memorial Meeting very much indeed. I was sorry to see how your speech was ended.

Major General O. O. Howard, U.S.A.,

Headquarters Division of the Atlantic,

Governors Island, New York City.

General:

Your favor of the 6th inst. was duly received.

I thank you for the information you give, and will do what I can to circulate the facts concerning your connection with the Life of General Sherman, referred to.

Yours respectfully,

My Dear Sir,

Mrs. Lowenardi sends compliments to Mr. and Miss Howard and wishes me to extend an invitation from her to them to accompany you on your visit here this month. I tell her that I have already done so, but gladly repeat it in her behalf.

I recently received a note from the Vice President of the Central Vermont R.R. saying that if I would let him know what points on their lines of road you would like to visit or write here, that he would —
furnish me transportation. If you will kindly inform me so soon as your plans are matured, of the number of your party, and by what route you will come and would like to go, I will obtain and forward at once a pass as suggested.

We shall be pleased to have you spend several days here. Come Thursday, or Friday, and of course you will remain over Sunday, and as much longer as you can be content to remain. — I hope that you will consider my invitation as extended to any members of your family or any friends that you desire
Our plans so far as matured are for Decoration Day are a carriage drive to Covington in the morning for yourself & party (the Post going by rail) a short service there, as the people there are anxious to see you and take you by the hand.

Returning to Day to dinner unless our Guest Governor, Governor Hackett, should detain you, On which case the carriage would return here in time for the service at 2 p.m. followed by exercises at the Cemetery.

And I think that our clergymen are planning to get the Sunday schools together Sunday to invite you to tell them something of the great cities children. Any suggestion regarding this from you will be gladly noticed.
Dear [Name],

I was thrilled to hear from you and to learn that you plan to work for a company in Canada. I am very proud of you and I am sure you will do great things. I am confident that you will be a valuable asset to the company and that they will appreciate your hard work and dedication.

I hope you have a safe and comfortable journey. Please let me know if you need any assistance or if there is anything I can do to support you.

Best regards,

My dear Gentleman,

I am very sorry you had so hot a walk today for nothing yesterday in your effort to see friends who are now in Rockford, Illinois.

Mr. Ellinwood this family here say that he is not for a few weeks and I guess you'll find them just as they are. The only person here was decided in deshabille at least she was beautifully dressing not being even in position to ask you into dinner. I have a Friday off suppose myself to go into enjoy my family more. I shall be gone about ten days. With my sincere regards

Dear Sir: I beg to say that we propose having at our Church (St. Paul's W. E.) a great Sabbath School service on the 7th Sunday in June, and would be very grateful if you would kindly consent to deliver an address on that occasion. I have no doubt the Christian people of Jersey City would receive your address heartily, not only for your services at the Cemetery, but for your sympathy to the Christian Church at large. I hope sincerely to leave a favorable impression. Our Church is reached in ten minutes by Horse Car from You.

Very Truly Yours,

D. Halloran, Pastor of St. Paul's E. Church.

Dear General,

Perhaps you might recollect my speaking to you in reference to the position of Civil Engineers Assistant down on the Panama Canal Work. If possibly that you would kindly trouble yourself to that extent as to see whether I get a position in that capacity or one similar to that. If it is possible that arrangements could be made within a week or two, it would suit me first rate. The sooner the better. Hoping you will pardon any intrusion I beg to remain

Very Sincerely,

My dear General,

I received herewith a report made to me by my assistant in regard to the damage done by your shots on my premises. Of course this was entirely accidental, as I have never decided that the repairs be made at once - but I can not refrain from...
saying that the 2. m. 
has much magnified
the case, and has
been inward in his
remarks as to the
criminality of my
subordinates.
I try always to gain
as little trouble as
possible to others in
the execution of my
tasks, but accidents

which in no case fore-
see or prevent.

Very Sincerely,

Sir:—

In compliance with your verbal orders I have the honor to submit the following report on the damage reported to have been done to the passenger dock at Governor's Island this morning by the stone scow used in connection with the operations of the U.S. Steam Drill Scow "Genl. John Newton."

The letter of Gen. Howard errs in stating that the damage was done this morning. On Monday (11th instant) the scows were taken from the U.S. Steam Drill Scow by the "Genl. A. A. Humphreys" and landed alongside of the passenger dock at Governor's Island. The regular pilot of the "A. A. H." being sick, the boat was in charge of a substitute, who, being unfamiliar with the currents at the dock, misjudged the effect of the current and in approaching the dock ran one end of the scow into the side of the dock about ten feet from the corner, breaking off about six sheathing planks. These sheathing planks are about five feet long and project down to about high water, being fastened only to the string piece, which is not in very good condition. The main structure of the dock was not injured. The loose sheathing plank was picked up and will be

Dear Sir:

I understand that the following report on the present status of the project has been prepared by the same firm that prepared the preliminary reports on the steam power of the U.S. Armature and the steam power of the Armature. The purpose of the report is to provide information on the progress of the project, which is being carried out in conjunction with the operation of the U.S. Armature. The report states that the firm has made a preliminary study of the steam power of the Armature, and has prepared a set of preliminary plans. The report states that the project is progressing well and is expected to be completed within the next few months. The report also states that the project is expected to be completed within the next few months. The report also states that the project is expected to be completed within the next few months.

I have received a letter, dated the 26th inst. from Maj. Gen. C.O. Howard, enclosing an extract from your letter to him respecting the appeal case of heirs of Franklin Bunch vs. Heirs of Seward C. Bunch involving lands in the North Yakima district, Washington.

In accordance with the request of Gen.
