Dr. Madeleine Marquette
& Dr. Josepha Williams
beg to announce that they have opened a
Sanitarium at 1542-4 Pearl St. Denver. The
house is located on Capitol Hill, the finest
residence part of the city.

The dry, pure atmosphere of Denver, with
its large percentage of sunshiny days is most
favorable to the recovery of invalids.

Trained nurses, and a competent masseuse
are constantly in attendance, and no pains
will be spared in providing tempting food
for the patients.

The doctors reside in the building and make
daily visits to those under their care.

Patients will not be received without suit-
able introduction.

Terms \$25.00 to \$60.00 weekly, according to rooms
and attendance necessary. These charges in-
clude board and nursing, wines, medicines,
and massage when required. Surgical treat-
ment and operations extra.

Bills payable weekly in advance.

June 1st 1891

Dear Father:

We have just arrived. Mr. J. A. Graham and myself. Mr. Drisk is expected at this time tomorrow. I am as yet doing nothing but as you suggested will try not to let that worry Mr. Drisk. Mr. J. A. Graham & I went right to the house of Mr. Harry E. Graham who is Mr. J. A.'s younger brother though married & the owner of a nice little home half a mile from their office on the same street and at the terminus of "the" street car line. Mr. J. A. has a room there and his little boy (nearly 3 yrs. old) is left there with his colored nurse in the care of his uncle Harry & his aunt. For the present I have been allotted a room there. The legislature has three more days of session after today in which to pass our bill. It has passed its first & second reading

and seems to meet with general favor so
the prospects are good for its final passage,
though the usual rush attending the last few
days session is already on.

The weather is very warm & my bad cold
seems to be cured. I wish you would
send Alice a line now & then or get Mother
to do so. As there is nothing yet to say
in regard to business I will close for the
present.

Yours truly
Chauncy.

Dear General:

I take this opportunity of requesting a photograph of yourself to place among my collection of photographs of friends and comrades whom I have had the pleasure of knowing and serving with in the defence of our common country during the late Rebellion.

Thanking you, General, in anticipation, for your kindness, I remain,

Sincerely yours,

General O. O. Howard,
New York,
N.Y.

Dear General:

I beg that you will pardon the liberty I take in writing to you; but I feel assured that when a young man is striving to better his condition and rise in life, when it is in your power to encourage his object you will do so.

I am earnestly endeavoring to obtain a Naval Cadetship from the Secretary of the Navy, September 1891. In awarding the appointments the Secretary is guided by the greatest number of honorable endorsements an applicant presents. Letters recommending and endorsing my appointment are at present in Washington from Gen. W. T. Sherman, Gen. Jos. M. Schofield, Hon. Levi P. Morton, Hon. John W. Wadsworth, Hon. Henry Blair, Hon. Geo.

J. Noan and Hon. W. M. Evarts.

My father, Thos. H. Palmer, (decd) of Mass., was a Quartermaster in the Union Army under General Sherman during the late war, and at the conclusion of same was stationed with Captain Cook at Fort Pulaski, Savannah, Ga. My grandfather was Francis Dana of Mass., and Rev. Ray Palmer of New York was my Uncle.

I beg, General, that you will lend your kind influence in my behalf by giving my enclosed application a favorable endorsement.

I am nineteen years of age. I have been obliged during the greater part of my years to work, while at night I have industriously applied myself to studies.

Hoping to receive your kind attention,
I am, with great respect,

Yours most truly, Richard Addison Palmer.

Dear Brother:--

A member of the old Hundred and Six Pennsylvania sends two copies of the enclosed and wishes me to forward you one. His calling is not evidently Literary. It is of some interest to read over the list of the battles in which the Regiment was engaged. We had celebration of Decoration Day morning and evening yesterday; an appropriate sermon in the morning by Dr. Smith, who emphasized the duty of laying aside animosity and cultivating a cordial spirit with our old opponents. We had a programme in the evening with recitations from the young people, young men and young women, an address from one of our ladies as to the part of woman in the War, and a brief talk from me. I wish that you could have been there to give us one of your stirring addresses.

When are Harry and Bessie going to start? A letter from Chancey's wife speaks of his having gone East, but we did not see him. What does he propose to do? We are very sorry they did not relocate again in Glencoe; they would have had a very warm welcome from us all, and I have no doubt Chancey would have got employment in Chicago; but perhaps he has fixed upon something better elsewhere.

Dear Genl Howard

I owe you an apology for not writing or calling before. I wanted to see you and arrange for you to visit the small R.R. equipped with my system at Coney Island. and then if it meets with your approval I want an opinion on something in the line of M. B. P. Pond in my catalogue. I saw Mr. Steinway of the N.Y. Rapid Transit Com. today and they will go down & try my R.R. in about a week he thought. Said that the com.

had heard a very able and
fine opinion lately
of its adaptability to
