Dear Sir,

Pardon my liberty in addressing you. Have you had your 35 cents claim on Mr. Head's Bank paid? I received a letter from my sister informing me that all the claims are been paid, and as I have not heard anything of mine, I would like to know, Sir, just where I stand if you would be so kind as to let me know. I would be ever so thankful to you.

Yours obediently,

Dear General,

I am in receipt of your remittance endorsed in Mr.'s Record of Baltimore. Ellis and I received similar notice long ago at Jacksonville and here and took no further notice as we thought they were mere auxiliary to sell us machinery than publish disclaimers of our mines. It will do us no harm however to inform them simply that The Colonization Mining and Commercial Company has been incorporated and if we need machinery will bear them in mind later in the May send them photographs twice etc. We have engaged a Hall & Carter to open the Company's Books which we will and the samples from our mine are now coming in so that we can slow at the next meeting there twice next in following with hopes of Company in a successful way. A Sunday School Association within the County has been formed to entice

Dear Brother:—

I have not heard whether you are going to the Lake Mohonk Indian Conference, which begins on the 7th. of October next Wednesday. My wife and I propose to leave here Monday noon next, reaching Poughkeepsie at 1-55, taking the train across the Poughkeepsie Bridge to Loyd that evening at 5, hoping to meet father and mother Foster on that train, and taking the Stage from Loyd to Lake Mohonk that evening. We should be delighted to meet you and Lizzie at the Conference, which will close on Friday night. We are to call to see Judge Toursey on business at Mayville, and so will return by the Erie Road. If you are not at Mohonk, it is possible we might plan to go to New York City on Saturday, leaving the Mountain House in the morning, if agreeable to you, spending Saturday night and Sunday with you at your home.

Mr. Scott asked me whether you were not coming out to the meeting of the Society of the Army of the Tenn., and to attend the unveiling of the Grant Monument. I told him you had not so written me. If this reaches you in time to telegraph me Monday morning, or before, and you feel so disposed, I should be glad to know your plans.

Affectionately yours,

C. H. Howard
I have not heard whether you are going to the Lake Michigan Indian Conference which begins on the 1st of October. I wrote to you last March, I believe, to tell you that I would try to have the report made which I believe was promised to be sent to you. I hope to have the report sent early next week and sending the same to you.

You say that all of the conferences will be on Monday night. We are to sail to get the reports of the various conferences and to have them ready by the time you want them. I am not sure if it is advisable to move to New York City on Saturday, sending the reports by mail to you at home. Do you want me to do this or would you like the reports to be sent by mail to you at your hotel? If you prefer me to do this, I will be glad to have it done.

I hope to get the reports to you at your hotel, if you would like me to do this.

With best wishes,

Dear Father,

Your letter with copies of the letter sent to Washington came today. They were very good indeed. I think they will mean the approval unless there is some very unfortunate circumstance which interferes. Mr. Root's letter was particularly good. I found the children...
just coming down with a severe attack of the stomach. I was relieved when I was able to get home. The last two weeks have been very trying and fatiguing. I expect to return on the 14th or 15th. I think I shall go away on the 15th.

The new house is being finished, and Mrs. Howard is expected to move in soon. I have been working hard all winter. Mrs. Howard is not well and Mrs. is always on the lookout.

My Dear General:

In our Volumes of Society Army of the Cumberland & Annual Reports, we have each year a portrait of one of our Commanders. We are now publishing portraits of the Corps Commanders. We desire to have as good a portrait of you as the Commanding-General of the old Fourth Corps as we can get.

Have you any portrait that you can send me a copy of, or can you advise me where I can secure a satisfactory portrait of you that would meet your wishes, and please the members of the Society Army of the Cumberland.

Please let me hear from you as early as possible, as we are not at work preparing for our next Annual Report.

Very Truly Yours,

Dictated.

Dear General:

In our efforts to support the military, we have received reports from our commanders on the significant progress being made. We are pleased to see the enthusiastic support from our members and the dedication of our officers.

Enclosed are copies of the reports from our commanders. We hope these will provide you with the necessary information to make informed decisions.

Please let us know if there is any additional information you require.

Very truly yours,

Dear General Howard:

I am very glad to have your letter of October 1st, expressing your favorable opinion of Captain H. C. Cushing as a Light Battery Commander. These views agree with those I have received from all other sources.

I return to you Captain Cushing's letter of September 3rd.

Yours very truly,

Dear General Howard,

You have been so kind to me several times, that I am going to ask of you a great favor. As you see by the enclosed card we are just about to publish a magazine devoted to the interests of the National Guard & C.F.A.R. of the northwest.

If you would be kind enough to send me something you have written relative to anything connected with that has not been generally published, or written about, just a few lines for me to use in our new enterprise, you would not only confer a great favor but would help me very...

Dear Sir; -

My son, Aden S. Gould, enlisted in the regular army at the City of Auburn on the 29th day of April, 1891, without my knowledge and against my wishes. He being at the time of his enlistment but seventeen years of age. His father gave his consent thinking that the boy would not go. I am very anxious to have him return home. He has been of very great assistance to me in support of our family. His father is in delicate health and unable to work and the only means we have of earning our bread is my own labor. I am now advanced in years, being sixty years of age, and not able to earn as much as formerly. The boy has always been a help and comfort to me and would be a great assistance to me now.

I therefore beg of you to permit the boy to return home as I understand that no person under the age of eighteen is allowed to enlist. If you want any proof of his age I will be pleased to send certified copies of the records of his birth and baptism.

Trusting that you will grant my prayer, I remain,

Your humble servant

Gentlemen,

Governor Island, N.Y.

Dear Sirs,

I am instructed by President Hawkins to say that the presence of a company of white troops from Fort Barracks during the Fair, Oct. 20-31, will be an attractive feature to add to the Fair, that it will also afford an opportunity, if it is desired, to recruit from a large floating population. In view of these facts, I have been authorized to request permission for one of the Companies stationed at that point to visit Birmingham to go into camp on our grounds during the Fair.

Very Respectfully,

F. Hardy, Secy.
Dear Colonel,

Please read the within and see if you wish to take advantage of the situation for Regimental
recruiting. Postcard back the letter and oblige.
