Dear O. D. Howard,

My dear General,

Agreeable to your request that you made to Mr. Barrows and myself in the Governor's Island boat a few days ago, I write you to request that you send a letter to Secretary Burns of Boston of the M. O. A. D. stating your views in the question of all First Class Companions wearing the red ribbon of the First Class no matter whether they are Original Companions of the First Class, First Class by Inheritance, or First Class in Succession. We young men...
desire to wear the color of a suit so as to make it become an duty to take their places as Constructors of the first class. We wish to inherit all that our fathers have in the order. We do not want to build up a new center with a new insignia but we do wish to perpetuate the same flag as it was founded by the men whose bravery and devotion to our country made the existence of this great nation a possibility.

You also promised to send me a copy of the letter.

Sincerely yours,

John V.B. Carlson

General O. P. Howard,
My esteemed friend:

You told me where I met you in
Brooklyn about a year ago, that you would send
something I could read. Please
ask Ed. from me Vol. 4 Great Controversy.
The book has been a great blessing and taught
to me. You cannot but rejoice in its wonderful
duties, so clearly and beautifully portrayed.
I shall be anxious to know how you like the
book. What are your plans and let me know.

I expect to attend an Institute for Bible study
at South Lancaster Mass. from Oct. 15 to Nov. 2.

There are about one half dozen leaflets
which in mind to send you when I return
to Washington, as I hope to do tomorrow.
Mrs. Bella Howard, our Fort is with one on the grounds, and gone one in grateful remembrance to you.

Mr. Daniel Thompson, the bearer of this note and book, is a devoted ship missionary in New York.

With great respect,

Adjutant General's Office,
Washington.

Dear General Howard,

By direction of the Secretary of War I enclose you a personal letter from Mrs. Tremath, which has been presented to the Secretary, and he desires the application therein made to be considered official, and if possible favorably considered.

The Secretary suggests
that I ask if under all the circumstances of the case you do not feel disposed to take Lieutenant Brant on your staff to fill the vacancy of aide de camp, at least temporarily. It would gratify him if you should consent to do so and apply for Lieutenant Brant.

Very truly yours,

Relative to the case of Field Musician Joseph A. Leonard, U.S. Military Academy, Detachment of Field Musicians, who is at present confined at Governors Island, N.Y., Harbor N.Y., convicted of theft. In the undersigned citizens of Highlands Falls N.Y. are of the firm belief that the said youth is not guilty of the grave offence of which he is convicted. Our reasons for entertaining such belief are based solely on our personal acquaintance with him for some years prior to his indictment, during which time he has repeatedly held positions of trust in which the handling of money and distribution of articles were included, and he has never to our knowledge violated the trust and confidence placed in him by his employers.

Dear Friend  
The ladies  

Turn of the  "Barlow Memorial  
Cong Church," occurs on Sunday  
The 18th one week from next Sunday. There is to be a series of services, no sermon. In the morning at half past ten - afternoon at 3 and 7 p.m. in the evening. In the morning the secretaries of the several societies are to make addresses. In the afternoon Dr. Innes, Dr. D. Abbott and I hope yourself. We have a beautiful day that will suit a hike, congregations good & evening. Fire Huns  
held in the Sunday School. There has not been less than 30 present.
during the summer, the largest attendance has been more than 400. But our stone was laid one year ago last May or more in our new building in October last as it has been. The font for the new building with all fixtures, furniture complete, cost in round numbers $26,000 of which $18,000 has been paid. The church numbers about one hundred members, and all laboring people earning little more than a comfortable support for their families, yet they pay the current expenses of the church practically. I of course, costing them self-denials. I have written so much that you might have some knowledge of our affairs. A Merecler to the ministers and churches generally are much interested in our affairs.

Will you kindly drop me a line that I may know if you are not engaged on the PM of the 1st. I will send you card of the services with directions. I was with Mr. Beecher for twenty years until his death. I took up the "Beecher Memorial," and originated it.

Very truly yours,

S. B. Bailey.

Dear Sir:

We beg leave to send you to-day a copy of Bishop Hurst's new book—"Indika—The People and Country of India and Ceylon".

The book will be sold by subscription, and it is hoped that this effort to popularize an account of that country and its people will meet with favor. While the book has been written by one of the Bishops of a great religious denomination, it contains nothing of a sectarian character.

Maps and charts have been included, so as to give the most complete information possible. The illustrations are numerous, and represent every class of objects interesting to the student of Indian life and history.

The author made an extended tour through the country, and since his return has expended much labor in the preparation of the work, and it is expected that all who read it will be able to form a very correct idea of the India of to-day, with its 231 million people in a country half the size of the United States.

To enable readers to understand these people, and their various industries, systems of education, home-life, modes of worship, habits and customs, England's relations to them, the progress of mission work in that land, and the advance of the country towards civilization, is one object of the book.

The author says that, "so far as is known this is the first attempt to give a general description of India and Ceylon."

After you have examined it carefully, we should be pleased if you would kindly give us your opinion of the work.

Very, truly yours,

Dear Sir:

We have been informed that a son of yours was a member of the party on board the "Aguan" at the time of her stranding on Roncador Reef, near Graytown, last spring, and that he made a special observation of all the circumstances connected with the disaster.

A salvage suit is now pending against some clients of ours for the rescue from the vessel of a quantity of silver specie, which was part of the "Aguan's" cargo, and in defending this suit against a claim which we consider very excessive, we desire to gain all the light as to the circumstances of the disaster that we possibly can.

Will your son -- whose full name we have not been fortunate enough to get -- be kind enough to inform us at what time he can conveniently call at this office to talk with us in regard to the matter, or have someone from this office come over to Governors Island, if it is not convenient for him to come here.

Yours respectfully,

Butler, Stillman & Hubbard
