Cliffwood, N. J., Nov. 15th, 1871,

Maj. Gen. Howard

Will you please inform me if any method has been devised by which electricity may be employed in the discharge of small firearms? If not, could I have an interview with you in the course of ten days? An answer as early as may be convenient will greatly oblige.

Yours very sincerely,

Wm. H. R. Roy

My dear General:

You are a born newspaper man; nobody who is not could have written an article so promptly and withal so effectively as you have written your "Christmas at Pilot Point". I hope that you will not consider this compliment acrimonious. I know some who wield the sword disdainfully and wield the pen, but you can do both. Perhaps your military experience, your capacity for "getting there" at
the right time, have something to do with this virtue of promptness. Well, if everyone whom I ask to write for the Register would respond as promptly, how early an editor's life might be.

The article is just what I wanted, and to match your promptness I send at once a government receipt, but I feel a little guilty, as if I were getting five times as much as I paid for; so please make up the full measure of compensation in the thanks and fraternal appreciation of,

Yours cordially,

Dear General Howard,

Agreeably with Captain Darling's request I write to say that the only edition of "Select Songs" was all distributed to military post libraries and individual officers in 1866, and I have not a copy which I could send you.

With that small edition
my copyright privileges expired and while I have the plates it would be impossible to get the consent again of the numerous owners of the songs to publish them, even for a small sum.

I offered the plates to Messrs. Pitman & Co. of Boston, from whom 38 songs were obtained, but they declined to have anything to do with the matter. I suppose for the reason that they knew they could not get the other song owners to consent to their publication by their house.

Very truly yours,

My dear Gen. Howard:

Rev. Dr. E. Mcilhenny, pastor of the Madison Ave. Methodist Episcopal Church in Deseret, held in his church a meeting in the interest of the Relief Observance, Nov. 22nd, of last year. Knowing or not of your absence, I wrote you thereafter as soon as possible. He invites you to come now and assist at the meeting with myself.

The congregation is a very wealthy & influential one - and need to be awakened to their Christian duty on this subject. This is the church that Mrs. Grant attends.

I am sure my dear. Gen. Howard, this is a grand opportunity - which I hope you will be able to embrace. If you can come I...
will meet you at any hour and place you may name on that day. The fact is, the wealthy classes are more and more drifting away from the true American Sabbath to a free Continental observance of the day. Hoping to hear from you to return work, I enclose an envelope.

It is possible that I may be able to attend your afternoon Sunday School on the Sunday for the Madison for people of Swans.

Dear General:

I shall be very sorry to lose Lieutenant Macdonald but will not throw an obstacle in the way of his good fortune. He is invaluable in his present position and it will be hard to replace him. I have not yet heard from him but will take into consideration his successor. Thank you very much for your courtesy in notifying me of the contemplated application.

I am with great respect,

Dear General:

I trust this letter finds you in good health and high spirits. I am writing to inform you of the current status of the project we discussed last week. As you know, the construction of the new facility is progressing smoothly, with all necessary permits and approvals in place. We are on schedule to complete the construction within the agreed timeframe.

The team working on the project has been diligent and dedicated, ensuring that all work is of the highest quality. I would like to commend the efforts of Mr. Johnson, who has been instrumental in coordinating the various departments involved in the project.

I have a few concerns that I would like to address with you. Firstly, the budget for the project has increased slightly due to unforeseen circumstances. However, I assure you that I will make every effort to keep the project within the revised budget.

Secondly, I understand that there might be some issues with the delivery of certain materials. I have taken steps to ensure that these issues are resolved as soon as possible. I will keep you updated on the progress of these matters.

I appreciate your support and look forward to continuing our collaboration on this important project.

Thank you for your patience and understanding. I am confident that we will complete this project successfully.

Yours sincerely,

Dear Father,

You have received a letter from Daniel Rockwood, a little boy about ten years old, who will a have written you he is in Germany, about an officer in the marine corps. I have it is attested to.

This is the little boy in question.

I know the family, where he is. He is his daughter, Hedwig's, sister. Hedwig writes so much in Babzis. I took his older brother (now dead) to Germany with me. I presume the little boy, who will write you, will return to the money - but he hopes to get a letter from you. Please write soon. With love from James.
I've been thinking a lot about our plans for the next few weeks. It seems like everything is falling into place. We've got a few ideas for activities and we're excited to share them with you.

I think it would be great to plan a day trip to the mountains. We could rent a cabin and spend a few days hiking and relaxing. What do you think?

Also, I've been wanting to try out a new restaurant that just opened in town. It's supposed to be really good. Would you like to join us? I think it would be a fun way to spend the evening.

Let me know what you think and we can start making plans.

Best,
