My Dear Friend;

Your very kind favor of the 2<sup>nd</sup> came to hand a few days since.

In case of hostilities with Chili, the Oregon Alpine Club will offer one thousand mountaineers for service in that country. They will be picked men, and thoroughly qualified to do exactly what they agree. The club's membership will be increased, and they will go as members.

Sincerely Your Friend,

My dear General:

In yesterday's Tribune I find a brief reference to a lecture you delivered to the young peoples Assn. of the Scotch Presbyterian Church at 53 W. 14 St., having for your subject "General Sherman".

If any other newspaper has printed the matter in full I should like to know it for I would want several copies of it for my friends (Mrs Fitch of the number) and one for preservation amongst the letters and papers concerning the General in my possession.

I learned of your brief stay in this City only after you had departed else would have taken the honor of paying my respects to you.

San Francisco, Cal., Jan 20<sup>th</sup> 1892.

Maj. Gen. O. O. Howard;

My Dear General;

A mass of work has prevented me from answering your letter of the 5<sup>th</sup> sooner. I was glad to hear that your sons were in health and doing well.

Your letter was a great disappointment to us here. We had looked upon your selection as a direct leading of Providence. In no work it has been my privilege to undertake has it seemed so easy to trace God's hand as in this Boys' Brigade. From its very beginning this has been manifest. Its growth in the future is assured.

440

And its work for the boys will be  
 second to that of no organization in  
 importance. This is the opinion of  
 every one who comes in contact  
 with it. We are very anxious  
 to keep it true to its Supreme Object  
 as stated in the Constitution. Then  
 we naturally desire to see the  
 unity of the movement preserved.

Our Eastern friends feel that we  
 are a long way off, and we  
 desired some leading men to rep-  
 resent us there. By common  
 consent, and unanimous first  
 choice we all felt that you were  
 just the man for Honorary  
 President; that you could do for  
 us here what the Earl of Aberdeen  
 has done for the Brigade in Great

Britain. In view of all this may  
 I not urge you to reconsider your  
 decision, and to accept of this place?  
 It seems to us here, representing the  
 different denominations, as though

it was a God-given opportunity, and would mean much for this grand movement.

With fraternal regards, I am

Yours truly,

John L. Adams.

Honored and dear Sir:-

In Prohibition circles several times lately your name has been mentioned in connection with the nomination for the Presidency of the United States for the next election. As soon as the suggestion was made I felt that you were the man we wanted. Your name will help us very much. You are known over the whole country, east & west; north & south. People also know you to be a man of character and a leader. As pastor of a large city church, seeing continually the evil wrought by drink upon the young men and young women; many of them from christian homes, I feel that there is no holier work than to strive with all the power that in me lies to banish the saloon from the face of the earth. Knowing you to be what you are, I do not think your conscience will permit you to refuse our nomination; someone must lead us against the rum forces, and who better than you! Both old parties when put to the test, treat the liquor issue as of no importance. They can not be depended upon to close one saloon, if the bosses think it not politic to do so. If the Christian men of our land see this clearly, as <sup>they</sup> should, the Prohibition ticket will sweep the field.

Trusting that you will allow your name to head our ticket in the struggle for the right, I am dear General,

Yours very truly,

Enclosed please find The  
 Portrait of Columbus purchased by my friend  
 Guntter of Chicago for the Exhibition (Columbian)  
 He is a great antiquarian and has no doubt  
 valuable old works on the Discovery of America  
 in his private Museum (at St. Chicago  
 (Mr. Miller could hint him and his old books  
 up for you) and possibly some additional  
 in the Libby War Museum where the Original  
 of the enclosed is Guntter paid \$1200 for  
 the Portrait, and believes it the true one; this  
 would knock out all the traditional portraits  
 of Columbus. The Harbor north of Iquique ~~is~~  
 I could not name the other day, is Arica, it is  
 considered important as a base against  
 the Nitrate Territory of Chile, the importance of  
 which is imperfectly understood. If you  
 happen to be over way would like to have  
 you sign the last resolution about the sale
