My dear Genl. Howard

I commenced
the skirmish this week,
and, although I have
not met with brilliant
success, a little
has been done, of
which I will tell
you when I see
you, which will

probably be at the
close of the Sunday
School tomorrow
afternoon.

With the able
cooperation of Mr. Knevals
I have confidence
of success within the
next two weeks.

Faithfully yours

numbering nearly 600 Veterans are very anxious to have Genl Howard give them his experience at the Battle of Gettysburg on some topic selected by himself - They wish to have it in open part & have their wives & children present.

This is not to make money but purely to have Genl Howard address them.

It will do good - They consider you the next great leader after Sherman. It is proposed to invite Peters of the Times to preside and introduce you.

They will send carriage to meet you at South Ferry and make everything as comfortable as possible.

I hope General you will be inclined to give me a favorable reply - I will then call on you & arrange details & dates as you may wish. - Yours Very Trly B.R. Corwin

Dear General

I have been waiting for further particulars relative to the land at Pablo Beach, but they have not come to hand.

The enclosed statement and map contain sufficient detail as to the general scope of Captain Irsch's plan, but if there should be any particular point upon which you wish to be enlightened, I hold myself entirely at your service.

Very truly yours

Sorry she has to work so hard.

up town in a carriage ^{when they} got all
around they wanted \$200. of me
as a go between in a horse trade +
I'd make \$65. "Gentlemen I've not the
money" I said + walked off. I'm
going to work on my little place now.
I'll write you occasionally you needn't

Dear George,

Both your
letters reached me to day.
Billie is going home after
the chores are done and
come back in the morning.
We are getting along very
well but we have had tough
weather. Lots of snow. The
roads are drifted badly
so there is little travel
to day. Baby looks out of
the bed room window
towards the wood pile
and says "papa, papa".
When your card came
I told her it was from papa

she played with it a long time and kept saying "papa" and kissing it. She certainly associates you and kisses a good deal. She is well and can get right up from the floor without anything to take hold of and stand up.

She will walk in a few days. Mrs Redfield is dead. There is much sickness in Concord. If you stay there I want to live where you do. I have been very homesick with you away. Chustead's folks have been gone most of the time since you were. I came home yesterday. I hope you will succeed there.

if it is for the best.

It has been dismal weather and I have a severe cold in my throat and head. Things do about as when you were here. Well, Will is nearly ready. Baby is cuter every day. I don't want her to forget you. Life is too short to be lived as we have this last year, but it seems hard to escape much work here. Hope you will enjoy your church privileges.

Lovingly

Fannie

Much love to the Richards. Am so glad you could room there. Be careful and not make work and don't visit them to death.

My dear General,

I have the lower left hand box at my control at the Monday Evening Performance at the Berkely Lyceum, West 44th St. between 5th & 6th Avenues. I send various enclosures to show you what it is all for. I am interested because my life has been spent among boys and some young friends of mine led by a brilliant girl whom I prepared last year for the Harvard Examinations, are doing this work for those of their own age who else would go in vicious ways and become a burden to the community.

I want you to give us the favor of your presence, with members of your staff ~~and~~ or other officers, and ladies. Full evening dress will not be required for

the ladies; but you know of course how to represent U.S. on such occasions.

If you can not come yourself (I shall be very sorry), please send him whom I named as the little boy Guy, 30 yrs. ago, and return. He especially desires the ladies' presence. He can receive six of you: perhaps more: will report that latter later. He can provide a dressing room, if ladies wish to remove bonnets.

Your friend Col. Shepard is much interested. He may be in box.

Telegraph me at home today, and to-morrow. On Monday at Berkeley School, 20 West 44th St.

Come, even if you can not stay through the evening.

Yours in great haste,
Charles's old friend

Dear Sir

Your letter addressed to Mr. R. H. Payne has reached me. The check has not yet been sent you - as the vote of the School needs to be confirmed by a "Contributions Committee" - which I will call together tomorrow so that the check can be sent you the first of the next. Sickness has prevented this being done before.

We thank you very much for your Christmas visit - & I am sure you will not be forgotten - or prove barren of result.
